

Serious Threats.
SHENANDOAH, Pa., Sept. 24.—There was great excitement here last night and strikers made assertions that they may lead to trouble today, when attempts are made to open the mines in the Schuylkill region. Boats were made that any miners who should go to work this morning would not return to their homes alive.

The aim of the Reading company officials is to break the force of the strike in the anthracite coal region by getting a fair supply to market. The trouble as it now stands has cut off 85 per cent of the product of all the mines. The Reading company's allotment is 21 per cent, and this can be filled with the collieries only on part time. With the aid of the military it is intended to push work at every mine if possible, but this can hardly be accomplished.

At the beginning of the trouble the officials assumed that because their men had few grievances, excepting in the matter of wages, they could continue to operate their mines. The action of the strikers and a change of sentiment among some of the miners have proved to cast doubt on this point, but it is well known that many of the miners in the Schuylkill region want to continue at work. A majority who do not belong to union may be kept from going to their employment today by the dread of assault.

METHODS GIVEN AWAY.
 It is certainly gratifying to the public to know of one concern in the land who are not afraid to be generous to the needy and suffering. The proprietors of Dr. King's New Discovery for consumption, coughs and colds, have given away over ten million trial bottles of this great medicine; and have the satisfaction of knowing it has absolutely cured thousands of hopeless cases. Asthma, bronchitis, hoarseness and all diseases of the throat, chest and lungs are surely cured by it. Call on Blakeley, the Druggist, and get a free trial bottle. Regular size 50c, and \$1. Every bottle guaranteed, or price refunded.

Feeling is Good.
HAZLETON, Pa., Sept. 24.—Battalion F, Eighth regiment, arrived at McAdoo, the nearest point in Schuylkill county to Hazleton, early this morning. Lieutenant Colonel Hutchinson, in command, said he was ordered to make a demonstration by marching his men through McAdoo and the surrounding towns. Each man carried twenty rounds of ammunition. Troops were received by inhabitants with evidences of enmity. Many joined them. One woman, after the troops had passed, shouted to a group of men: "If you don't shoot some of those fellows you are no good."

Edward G. McGeehan, the Eugene of the town, declared the action of General Gobin in sending soldiers there was an outrage against the town was peaceable.
 "I shall not be responsible for any overt act committed in this town while the troops are here," he said.
 The entire Hazleton region was extremely quiet this morning.
 Today was expected to witness either a big break among the strikers or the going out of a large additional number of workers, but neither happened.

Brave Men Fall.
 Victims to stomach, liver and kidney troubles as well as women, and all feel the results in loss of appetite, poisons in the blood, headache, nervousness, headache and tired, listless, run-down feeling. But there's no need to feel like that. Listen to J. W. Gardner, Idaville, Ind. He says: "Electric Bitters are just the thing for a man when he is all run down, and don't care whether he lives or dies. It did more to give me new strength and good appetite than anything I could take. I can now eat anything and have a new lease on life." Only 50 cents, at Blakeley's drug store. Every bottle guaranteed.

"My baby was terribly sick with the diarrhea," says J. H. Doak, Williams, Oregon. "We were unable to cure him with the doctor's assistance, and as a last resort we tried Chamberlain's Colic, Cholera and Diarrhea Remedy. I am happy to say it gave immediate relief and a complete cure." For sale at Blakeley's drug store.

Drying preparations simply developed dry up the secretions, which adhere to the membrane and decompose, causing a far more serious trouble than the ordinary form of catarrh. Avoid all drying inhalants, fumes, smokes and snuffs and use that which cleanses, soothes and heals. Ely's Cream Balm is such a remedy and will cure catarrh or cold in the head easily and pleasantly. A trial size will be mailed for 10 cents. All druggists sell the 50c. size, Ely Brothers, 56 Warren St., N. Y.
 The Balm cures without pain, does not irritate or cause sneezing. It spreads itself over an irritated and angry surface, relieving immediately the painful inflammation. With Ely's Cream Balm you are armed against Nasal Catarrh and Hay Fever.

DRINK ONLY VODKI.
The Sales of the Liqueur in Russia Are Controlled by the Government.

The Russian peasant classes drink only vodka, which is distilled from rye and is sold at the average price of \$1.40 a gallon, whether in quantities of one or 10,000 gallons, says the New York Press. The government requires that the proof of vodka and brandy shall be 40 degrees and that of spirits of wine from 50 degrees to 55 degrees. In provinces where the sale of liquor is controlled by the government, temperance societies, supported in part by the government, have been organized, with Prince Goltzberg, a distinguished philanthropist of St. Petersburg, as president. They have opened reading rooms, with libraries and restaurants, near public gardens and squares, where large numbers of working people assemble, and they sell cheap and good food with such temperance drinks as tea, milk and kvass, made from cranberries and black bread. One of these societies has constructed two "floating restaurants," one of which will feed 600 people and the other 700. These boats are towed to points on the Neva where workmen are employed by contractors. An open theater has been established on Petrovsky Island, where a good class of plays is given at a nominal price. Some of the public parks are also supplied with apparatus to encourage open-air sports.
