BRYAN AIDING THE REBELLION

Letters Emanating From Philippine Junta at Hong Kong Assert that in Bryan Lies Rebels' Hope—McKinley's Election Will End War.

WASHINGTON, Oct. 3.—The war department has just received from General MacArthur by mail another batch of insurgent papers captured by the American troops. Among them are letters from Theodoric and E. R. Regio, agents for the Philippine junta at Hong Kong. In a letter addressed by Sandico to Lieutenant-Colonel Casimiro Tisino the letter says in part:

"The political campaign and some other circumstances have created in America a political situation that may produce the downfall of McKinley, which will signify the triumph of our ideals. For the same reason, the disastrous war with the Transvaal, and more especially the fierce revolution in China, have created a political atmosphere sufficiently critical to cause the birth of a disturbance of the armed peace of the great powers that may result favorably to our aspirations; because America may prefer to sacrifice some of her plans with respect to the Philippines, placing our independence under protectorate rather than sustain two wars and run the risk of losing the whole archipelago. I believe then, under the conditions so favorably colored by the present circumstances, it is necessary that we continue the struggle and only accept peace on a base of independence, although under an American protectorate.

"If the re-election of Mr. McKinley be accomplished and the revolution in China be wiped out and the war in the Transvaal take on no new complications, then will I be the first to accept the peace that I believe to be necessary, though it be at the cost of acknowledging the sovereignty of the United States, since I consider that our forces are now impotent to defend our sacred and legitimate rights."

Regio, writing from Hong Kong junta to Sandico, describes the anti-imperialist convention in Philadelphia and the Boston meeting to show that the Philippine

sympathizers are increasing in numbers, and victories obtained by the seasoned Filipino army exercise great influence on "the very impressionable minds of the American people." He concludes: "This impression is and will be one of the determined causes of our triumph, which triumph will come soon if we but resist a little more now, that but little is lacking to change the announced elections, as with the downfall of McKinley comes the ascendancy of the starred banner over our soil."

Brave Men Fall

Victims to stomach, liver and kidney troubles as well as women, and all feel the results in loss of appetite, poisons in the blood, backache, nervousness, headache and tired, listless, run-down feeling. But there's no need to feel like that. Listen to J. W. Gardner, Idaville, Ind. He says: "Electric Bitters are just the thing for a man when he is all run down, and don't care whether he lives or dies. It did more to give me new strength and good appetite than anything I could take. I can now eat anything and have a new lease on life." Only 50 cents, at Blakeley's drug store. Every bottle guaranteed. 3

May Be a Long Fight.

POTTSVILLE, Pa., Oct. 3.—All the news from the Schuylkill district indicates that both sides have settled down to a long struggle. The miners have absolutely refused to be drawn into a settlement for the trouble by the offer of 10 per cent increase in wages.

"Recognition of the Mineworkers' Union is their watchword at all meetings. The upper districts having been securely tied up by the strikers since the beginning of the strike, the battle has been waged in Schuylkill territory, with the result that the collieries have capitulated one after another, and it looks as if all will surrender to the strikers within the next few days. The offer made by the Reading company of an advance of 10 per cent in wages has not induced one of its 27,000 idle employees to return to work. The operators had expected a stampede among the men to get back.

The situation in the Panther creek valley is being watched with great interest the strikers asserting that if their fellow-workmen in that district would obey President Mitchell, the strike would end inside a week. When they continue at work, however, and supply coal to the market, no matter how small an amount, it will give the operators an opportunity to refuse to grant the demands of the men."

A Minister's Good Work.

"I had a severe attack of bilious colic, got a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, took two doses and was entirely cured," says Rev. A. A. Power, of Emporia, Kan. "My neighbor across the street was sick for over a week, had two or three bottles of medicine from the doctor. He used them three or four days without relief, then called in another doctor who treated him for some days and gave him no relief, so discharged him. I went over to see him the next morning. He said his bowels were in a terrible fix, that they had been running off so long that it was almost bloody flux. I asked him if he had tried Chamberlain's Colic, Cholera and Diarrhoea Remedy and he said, 'No.' I went home and brought him my bottle and gave him one dose; told him to take another dose in fifteen or twenty minutes if he did not find relief, but he took no more and was entirely cured." For sale at Blakeley's drug store.

Red Hot From the Gun

Was the ball that hit G. B. Steadman of Newark, Mich., in the Civil War. It caused horrible ulcers that no treatment helped for twenty years. Then Bucklen's Arnica Salve cured him. It cures cuts, bruises, burns, boils, felons, corns, skin eruptions. Best pile cure on earth. Twenty-five cents a box. Cure guaranteed. Sold by Blakeley, the Druggist. 3

A Further Concession.

PHILADELPHIA, Oct. 3.—There were no developments of special importance today in the miners strike. An interesting feature was the Reading company's notice to its employees that in addition to its offer of a 10 per cent increase, it was willing to enter into arbitration with them relative to any grievances they may have. None of the strikers, however, has yet indicated an intention to return to work. Affairs were extremely quiet today throughout the anthracite region.

General Gobin, in command of the state troops recently sent to Schuylkill county on request from the sheriff, today directed another of the regiments to return home tomorrow. One regiment left Monday. There remains but one regiment, a battery of artillery and a company of mounted troops.

A secret conference of the leading officials of the miners' organization was held at Hazleton. At its conclusion, President Mitchell said the question of calling a joint convention had not been considered. He added that out of 142,000 mineworkers, only about 5000 are at work, and these, he said, would be out in a short time. The time limit of the Lackawanna company's offer of increased wages will expire tomorrow, but strikers generally express their determination to pay no heed to the offer.

Anarchists Seek President's Life.

CHICAGO, Oct. 3.—A special to the Record from Canton, O., says: Information was made public last night that another plot had been discovered to assassinate President McKinley. Detectives connected with the safeguarding of the president say that there are three men either here or on their way to kill the president. Extra policemen have been detailed to enforce an order issued by Mayor Robertson, ex-officio chief of police, which notifies all policemen to keep close watch on all strangers in the city and to be particular to watch for two Italians who will probably be accompanied by an old man.

Mayor Robertson, in speaking about the matter, said:

"The word first came to the secret service department at Chicago. An anonymous letter was received by the United States Secret Service authorities there stating that the three men for whose apprehension we were on the lookout were expected to arrive in Canton during the day. Thus far they have not come, but we are keeping a close watch for them."

Through the months of June and July our baby was teething and took a running off of the bowels and sickness of the stomach," says O. P. M. Holliday, of Deming, Ind. "His bowels would move from five to eight times a day. I had a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy in the house and gave him four drops in a teaspoonful of water and he got better at once. Sold at Blakeley's drugstore.

Drying preparations simply develop dry catarrh; they dry up the secretions, which adhere to the membrane and decompose, causing a far more serious trouble than the ordinary form of catarrh. Avoid all drying inhalants, fumes, smokes and snuffs and use that which cleanses, soothes and heals. Ely's Cream Balm is such a remedy and will cure catarrh or cold in the head easily and pleasantly. A trial size will be mailed for 10 cents. All druggists sell the 50c. size, Ely Brothers, 56 Warren St., N. Y.

The Balm cures without pain, does not irritate or cause sneezing. It spreads itself over an irritated and angry surface, relieving immediately the painful inflammation.

With Ely's Cream Balm you are armed against Nasal Catarrh and Hay Fever.
