**Devastation in the Transvaal.**

WASHINGTON, Oct. 4.—An interesting picture of the transvaal and Free State in August, after the wave of war had passed over the country, is presented in a report to the state department from United States Consul-General Stowe, at Cape Town, dated August 17 last. He had just returned to the cape from a trip through the two republics. He says that for hundreds of miles all the wire fencing is down and cannot be used again. The posts have been burned for fuel and must be replaced with iron posts, owing to the scarcity of timber. The plowing in progress is limited, compared with former years, and there will be large market for American cereals. By March, 1901, agricultural machinery will be wanted.

Meat and livestock will continue to be imported. Johannesburg had only three days' supply of meat when Mr. Stowe left town. While the Boers who have returned are anxious to get to work, several months must elapse before things settle down to a normal basis. The government is building a new line of railway from Harrismith to connect with the Orange Colony system, so that the Netherlands railway, with its 200 per cent dividends, will no longer have a monopoly in the transvaal. There will be a big demand for bridge material and electrical machinery and supplies.

Lord Roberts has appointed an advisory committee to assist him in the reopening of Johannesburg, and to secure the return of the mining population, which the prosperity of the town depends upon. It is questionable whether and undesirable element common to all mining towns will be allowed to return to Johannesburg.

**Ministers Argue the Expansion Question**

CHICAGO, Oct. 4.—National questions promise to take a prominent place in the deliberations of the 61st annual conference of the Methodist Episcopal church (the Rock River conference), now being held here. Bishop J. M. Thoburn, of India, in a lecture last evening last evening on the situation in the Orient, called the attempt to shut his country in from the world a "semi-Chinese policy."

"China built a great wall about itself," he said, "and a similar attempt on the part of the United States would result in the same arrested development. The world was made for one people; the people of various nationalities are spreading over it; there must be open doors; no one part of the earth should be shut up for any race."

The Rev. Thomas B. Nesley, general secretary of the Sunday School Union, in an address, said:

"I believe we will keep the territory we have taken. But whether it remains a part of the United or not we have gone into those countries, and we intend to remain."

"It is not a matter of policy, but of providential duty that sent us there. If God ever did anything for our benefit it was when he gave us those islands in the Pacific. I hope our army and navy will stand in China until perfect order has been restored and the lives of Christians have been insured for all future time."

Through the months of June and July our baby was teething and took a running off of the bowels and sickness of the stomach," says O. P. M. Holliday, of Deming, Ind. "His bowels would move from five to eight times a day. I had a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy in the house and gave him four drops in a teaspoonful of water and he got better at once. Sold at Blakeley's drugstore.

**Protest Against Withdrawal of Troops.**

TIEN TSIN, Monday, Oct. 1.—At a meeting of American citizens at Tien Tsin the following resolutions were adopted:

"We, citizens of the United States deplore the contemplated withdrawal of a large part of the United States troops in North China. We feel the work of the allied armies is far from accomplished and that the refusal of the American government to take its part therein is sure to be regarded by the allies as an unworthy act, and by the Chinese as a sign of indifference. We urge our government to carry to an end the work it has so honorably and efficiently begun, and to maintain a sufficient force for the protection of American mercantile and military interests until a settlement of the trouble is accomplished."

**Disorder in Southern China.**

NEW YORK, Oct. 4.—A dispatch to the Herald from Hong Kong says: The whole delta land between the Canton and West Rivers is in a state of dangerous irritation in consequence of the circulation of bogus edicts, telling of the defeat of the allies and of the machinations of secret societies. Rioters are marauding and plundering the villages, especially the converts' houses.

British and French gunboats are patrolling the waterways. This has had a salutary effect in preventing attacks on steamers.

**Red Hot From the Gun**

**Drying preparations** simply develop dry catarrh; they dry up the secretions, which adhere to the membrane and decompose, causing far more serious trouble than the ordinary form of catarrh. Avoid all drying inhalants, fumes, smokes and snuffs and use that which cleanses, soothes and heals. Ely's Cream Balm is such a remedy and will cure catarrh or cold in the head easily and pleasantly. A trial size will be mailed for 10 cents. All druggists sell the 50c size. Ely Brothers, 56 Warren St., N.Y. The Balm cures without pain, does not irritate or cause sneezing.
