**M'VEAGH IS FOR MR. M'KINLEY**

His Reasons for Supporting the Republican Ticket.

PHILADELPHIA, Oct. 6.—In a letter to the Ledger, Wayne McVeagh, who was ambassador to Italy under President Cleveland's administration, gives his reasons for supporting McKinley. Speaking of the war with Spain he says: "If congress had left the matter a few days longer in President McKinley's hands, I believe he could have persuaded Spain to withdraw her flag from the American continent in peace, as the other European nations, with only one exception, have withdrawn theirs. Then followed the ignoble, hysterical condition into which we lashed ourselves over victories won from an enemy whom we outnumbered more than five to one in population and more than twenty to one in all the resources now needed in war. It was in that mood the treaty with Spain was negotiated and ratified." The amendment to the treaty placing the Philippines on the same footing as Cuba was defeated by Mr. Bryan, he says, and adds: "I do not question that his motives were patriotic, but extend the same charitable construction to President McKinley. When the treaty was ratified without that amendment and thus became a part of the supreme law of the land, the deplorable conditions which have followed would have followed just the same in my opinion, if Mr. Bryan had been president. "Nor can I believe anybody with ordinary common sense is in danger of regarding President McKinley's re-election as an endorsement of the war in the Philippines. It seems to me the present tendency of President McKinley's mind can be discerned in the true American policy he is now pursuing in China." Mr. McVeagh says he finds himself in harmony with the Republican platform on the gold standard. "But the controlling reason with me

for supporting McKinley and Roosevelt," he says, "is the unwillingness I feel to entrust the government of the country to the men who now represent and control the democratic organization, standing as they do upon the Chicago platform of 1896."

**Catarrh Cannot Be Cured.**  
 with local applications, as they cannot reach the seat of the disease. Catarrh is a blood or constitutional disease, and in order to cure it you must take internal remedies. Hall's Catarrh Cure is taken internally, and acts directly on the blood and mucous surfaces. Hall's Catarrh Cure is not a quack medicine. It was prescribed by one of the best physicians in this country for years, and is a regular prescription. It is composed of the best tonics known, combined with the best blood purifiers, acting directly on the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing Catarrh. Send for testimonials, free.

F. J. CHENEY & Co., Props., Toledo O. Sold by druggists, price 75c. Hall's Family Pills are the best. 12

Drying preparations simply develop dry catarrh; they dry up the secretions, which adhere to the membrane and decompose, causing a far more serious trouble than the ordinary form of catarrh. Avoid all drying inhalants, fumes, smokes and snuffs and use that which cleanses, soothes and heals. Ely's Cream Balm is such a remedy and will cure catarrh of cold in the head easily and pleasantly. A trial size will be mailed for 10 cents. All druggists sell the 50c. size. Ely Brothers, 66 Warren St., N. Y.

The Bala cures without pain, does not irritate or cause sneezing. It spreads itself over an irritated and angry surface, relieving immediately the painful inflammation. With Ely's Cream Balm you are armed against Nasal Catarrh and Hay Fever.

Hustling young man can make \$60 per month and expenses. Permanent position. Experiences unnecessary. Write quick for particulars. Clark & Co., Fourth and Leisist Streets, Philadelphia, Pa. 25-11

**Mount Baker Boundary Line.**  
 CHICAGO, Oct. 6.—A special to the Record from New Whatcom, Wash., says: In the present dispute of the international boundary line location near Mount Baker, it is stated on authority that a peculiar phenomenon transpired during the survey at that point. When the line was being run, along in the early days, the course of the needle was deflected, it was supposed afterward by the metal in Mount Baker, and the survey was inaccurate. This made the line several miles out of the way before the mistake was rectified and the advantage was given to the Canadian side of the line. When the mistake was found out, it was rectified, but may not have been sufficiently marked the second time.

The boundary is the 49th parallel and it is simply a problem of locating this parallel.
