The Dalles Daily Chronicle.

WEDNESDAY - - - OCT. 10, 1900

For President-WILLIAM M'KINLEY, Of Ohlo.

Por Vice-President-THEODORE ROOSEVELT, Of New York,

Bryan, in supporting the antiinjunction policy of the democracy, says that injunctions are unnecessary either illegal or legal, and, if they are illegal, the person doing an illegal party. Suppose a mob was destroying property. Suppose a railroad his house. The mob, if individual members could be found, and some persons connected with the railroad company, might be punished; but what good would that do to the man whose property was destroyed? An injunction saves property, and it is then determined whether the proalso a good thing for the people whom the injunction restrains, beby fine or imprisonment if it is found an illegal act. It is another case of where Bryan thinks the American people are fools.

We have been hearing a great deal from the anti-expansionists about imperialism. A man making some Ill. investigations recently dug up a speech of Allen G. Thurman's, deannexation of the territory acquired because the latter still criticised the conquest of the territory from Mexico. Thurman and Douglas were leading democrats of their time. They were expansionists-what the democrats of today try to call "imperialists."

"The administration should have ordered Dewey to leave Manila Bay immediately after the destruction of the Spanish fleet," is the assertion often made by democratic orators. The answer to this is plain. In one question, what would the United States have done in the Chinese crisis had it not been for Manila as a basis? The troops which landed at Taku, fought the battle of Tien Tsin, and marched on to Pekin, came from the Philippines. Manila Bay is needed by the United States in its business, and will be kept.

In 1895, under democratic administration, our favorable trade balance was \$75,568,200. During the last three years, under the republican policy of expansion in the world's markets, our valuable trade balance has averaged more than \$565,000,000 each year. This means more work for American labor.

The New York World charges that Boss Croker has made democratic success in New York impossible. The World is altogether too hard on the boss. Some of the responsibility should be assigned to the gentlemen who made the Kansas City platform.

"Is the young man, Bryan, safe?" inquires the Des Moines Capital. Not by a large majority.

Why pay \$1.75 per gallon for inferior paints when you can' buy James E. Patton's sun proof paints for \$1.50 per gallon, guaranteed for 5 years. Clark & Falk, agents. mI
