EXPERIENCE OF SHIELDS' PARTY

Were Ambushed by Rebels and Bolo Men and After Fighting Until All Their Ammunition Was Gone, Surrendered—Story of Release.

MANILA, Oct. 17.—Full details are now at hand as to the capture of Captain D. Shields and his party by the insurgents in the island of Marinduque, last month and their experiences before their rescue. After weeks of captivity, hard treatment, hunger and continual marching to avoid the rescuing force, which greatly aggravated the sufferings of the wounded, Captain Shields and his command were delivered by the rebels to General Hart, last Sunday, at Buena Vista, on the Marinduque coast.

Captain Shields and his party, while operating east of Torrijos, were taken in ambush in the steep hills. They attempted to cut their way to the coast, but became subjected to the enemy's four-sided fire, when Captain Shields was shot twice and badly wounded. After four had been killed and five wounded, being out of ammunition, the command surrendered through a misunderstanding among them to twenty-five insurgent riflemen and 125 bolo men. The rebels divided their prisoners into small parties and conveyed them heavily guarded, to impassable volcanic mountains.

On this news reaching Manila, two companies of the thirty-eighth infantry, under Colonel George S. Anderson, were immediately sent to Marinduque. This force was followed by eight companies of the eighth infantry, under General Hart. The combined force of 1300 men proceeded to occupy all the towns in the island. The wounded were unstintingly cared and services rendered them during their captivity by the hospital corps men who were with them.

comply with the provisions of the resolution adopted at the Scranton convention. In the absence of definite knowledge regarding the action of the other companies and the individual operators, Mr. Mitchell was cautious about talking further for publication.

The strike leaders, however, think that no fault can be found with the present attitude of the operators toward the strikers, and although nothing is said about meeting committees representing the men, they think this is a matter that can be easily adjusted.

The announcement of the action of the conferees at Philadelphia was received here with demonstrations of joy, as all believe it means a speedy return to work at better wages.

Cuts and Bruises Quickly Healed.

Chamberlain's Pain Balm applied to a cut, bruise, burn, scald or like injury will instantly allay the pain and will heal the parts in less time than any other treatment. Unless the injury is very severe it will not leave a scar. Pain Balm also cures rheumatism, sprains, swellings and lameness. For sale by Blakeley druggist.

Jim Ham Lewis Thrown Down.

WASHINGTON, Oct. 17.—An interesting story of the way Jim Ham Lewis was thrown down in New York yesterday is told by the New York papers. Ham left his other campaign engagements and hurried to New York, hoping to get some prominence by speaking on the same platform with Bryan. He was referred to Crocker, and the big boss, after looking him over, said that he had all the freaks on hand he could care for, and, although there were a half dozen meetings, Jim was not given a show. He then scooted back into the country to continue his talks to small audiences, where pink whiskers and scattering vocabulary can do no good nor harm.

Catarrah Cannot Be Cured.

with local applications, as they cannot reach the seat of the disease. Catarrah is a blood or constitutional disease, and in order to cure it you must take internal remedies. Hall's Catarrah Cure is taken internally, and acts directly on the blood and mucous surfaces. Hall's Catarrah Cure is not a quack medicine. It was prescribed by one of the best physicians in this country for years, and is a regular prescription. It is composed of the best tonics known, combined with the best blood purifiers, acting directly on the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing Catarrah. Send for testimonials, free.

Crocker in the Cabinet.

WASHINGTON, Oct. 17.—The belief is generally expressed, since the demonstration in New York, that Bryan has actually promised Crocker a cabinet position. No other explanation is given of the manner in which the democratic candidate accepted the attentions of Crocker, the millionaire, who has made his money out of New York corruption. It is now believed that the Bryan demonstration will arouse the business men of New York to the importance of defeating Bryan in order to prevent Crocker from being the right hand of the national administration.

Glorious News.

Comes from Dr. D. B. Cargile, of Washita, I. T. He writes: "Four bottles of Electric Bitters has cured Mrs. Brewer of scrofula, which had caused her great suffering for years. Terrible sores would break out on her head and face, and the best doctors could give no help; but her cure is complete and her health is excellent." This shows what thousands have proved,—that Electric Bitters is the best blood purifier known. It's the supreme remedy for eczema, tetter, salt rheum, ulcers, boils and running sores. It stimulates liver, kidneys and bowels, expels poisons, helps digestion and builds up the strength. Only 50 cents. Sold by Blakeley Druggist. Guaranteed.

BOGUS OLD MASTERS.

Many Counterfeit Works of Art Made Up for Visitors to Paris This Year.

There is no doubt that the counterfeiters of paintings by well-known artists are hard at work in anticipation of the rush of half-informed picture-buyers to the Paris exposition.

One well-known picture dealer informs us, says Art Amateurs, that Brussels and Amsterdam are full of spurious old masters, and he instances the case of a picture sold by him about a year ago which has turned up in the former city bearing a name more famous than that of its author, and priced at ten times the amount for which he had sold it.

From another source we learn that two of the most famous falsifiers of pictures in Europe are rushed with orders for their specialties.

The London picture factories are turning out old English paintings by the dozen, and the unscrupulous buyer may obtain Sir Joshua's, Gainsborough's and Rembrandt's for \$50 to \$100 apiece. An expert appraiser at the New York custom house tells us that he saw there lately three dozen false Monticellis and other pictures on the same day.

These false pictures are not sold through the regular dealers. They are peddled about by irresponsible, but glib and well-dressed persons, who always tell the same story. The picture belongs to some private owner who is pressed for money, but who desires to avoid publicity. For this reason his name cannot be given.

He could sell to a dealer, but the dealer would want to make too much profit. He would want to pay \$5,000, and charge \$15,000. The owner prefers to sell to a collector of taste and judgment for \$10,000. He will even, being in straits for cash, take \$8,000. Finally, after much parley, the picture is sold for \$6,000, and the new owner congratulates himself on having obtained a masterpiece by a famous painter for one-third its value.

It is easy to give a painting the look of age. It is only to mix dirt with the paints and with the varnish. Bad varnish dried quickly produces deep cracks, and these can be made to appear old cracks by putting another coat of varnish over them.

Drying preparations simply develop dry catarrh; they dry up the secretions, which adhere to the membrane and decompose, causing a far more serious trouble than the ordinary form of catarrh. Avoid all drying inhalants, fumes, smokes and snuffs and use that which cleanses, soothes and heals. Ely's Cream Balm is such a remedy and will cure catarrh or cold in the head easily and pleasantly. A trial size will be mailed for 10 cents. All druggists sell the 50c. size. Ely Brothers, 56 Warren St., N.Y.

The Balm cures without pain, does not irritate or cause sneezing. It spreads itself over an irritated and angry surface, relieving immediately the painful inflammation. With Ely's Cream Balm you are armed against Nasal Catarrh and Hay Fever.

Much Like Missing Link.

ALBANY, O., Oct. 17.—J. G. Crawford and Orin Beam, of this city, have just dug up on the farm of George Cochran in Tangent precinct, all the bones, with one exception, of a man, which in a striking manner have the characteristics of the supposed missing link. They represent a man about four feet eight inches high. The skull is lopho cephalon, eighteen inches in circumference, lacking the usual sutures. The jaws are projecting and the teeth perfect. The vertebra has an extra bone, and a socket for a bone that is missing. The humerus bone of the arm is the customary length, but the radius and ulna bones are much longer than the humerus, where generally considerably shorter, indicating an arm that would reach below the knee. The bones of the legs and feet are those of a man, but large. Messrs. Crawford and Beam have made a specialty of this line of investigation for several years, and have a large collection of skulls and bones, but none like these. They are distinctly not those of an Indian, and they believe they are the nearest to the missing link of anything found. The bones will be articulated into a skeleton, photographed and pictures sent off to several experts for examination.

Cured of Chronic Diarrhoea After Thirty Years of Suffering.

"Suffered for thirty years with diarrhoea and thought I was past being cured," says John S. Halloway, of French Camp, Miss. "I had spent so much time and money and suffered so much that I had given up all hopes of recovery. I was so feeble from the effects of the diarrhoea that I could do no kind of labor, could not even travel, but by accident I was permitted to find a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, and after taking several bottles I am entirely cured of that trouble. I am so pleased with the result that I am anxious that it be in reach of all those who suffer as I have." For sale by Blakeley druggist.

John Sherman Sick.

WASHINGTON, Oct. 17.—John Sherman is dangerously ill at his residence on K street, in this city. The attack has taken the form of general debility incident to old age, and to the effects of serious illness from which he suffered while on a trip to the West Indies two years ago. He never has fully recovered from that illness. Mrs. Sherman's death during the summer at the old

homestead at Mansfield, O., also had its effect on the venerable statesman, who deeply mourned her loss.

Mr. Sherman returned to Washington several weeks ago from Mansfield, and since that time has been living in the family residence here. He was then feeble in health, but was able to take daily drives about the city. For the past week, however, he has been gradually growing worse and weaker, and yesterday and today his condition becoming serious, relatives in various parts of the country were notified of the change. Some of them are expected to come to the city.

There is said to be no immediate danger of death, and it is possible he may rally, if no further unfavorable symptoms occur. The ex-Secretary is in his 78th year.

Chamberlain's Cough Remedy a Great Favorite.

The soothing and healing properties of this remedy, its pleasant and prompt and permanent cures have made it a great favorite with people everywhere. It is especially prized by mothers of small children for colds, croup and whooping cough, as it always affords quick relief, and as it contains no opium or other harmful drug, it may be given as confidentially to a baby as to an adult. McKinley's "Benevolent Assimilation."

BERKELEY, Cal., Oct. 17.—President Wheeler, of the state university, has received word that President Carl C. Pietsch, has arrived in the Philippines and has commenced the work of inquiry into the conditions of the internal situation. There he will have charge of the first census ever undertaken in the Philippines.

Under the Philippine commission, a night school has been opened in Manila for the purpose of instructing in English. More than 200 students are attending and another school will be started. Dr. David P. Barrows, assistant superintendent of public instruction, has been given entire charge of the schools in Manila. He will reorganize them according to modern ideas.

The Strike is Ended.

PHILADELPHIA, Oct. 17.—The conference between the individual coal operators and the representatives of the big coal carrying companies, with a view to bringing about the termination of the anthracite coal strike, was resumed this morning in the private office of President Harris, of the Reading Railway company.

The conference resulted in an agreement to accede to the demands made by the miners' convention. The Philadelphia & Reading Coal & Iron company at once issued the following statement: "It hereby withdraws the notice posted October 3, 1900, and to bring about practical uniformity in the advance of wages in the several coal regions, gives notice that it will suspend the operation of the sliding scale, will pay 10 per cent advance on September wages until April 1, 1901, and thereafter until further notice will take up with the mine employes any grievances which they may have."

The Lehigh Valley company, in whose region the sliding scale is also in operation, will issue a similar notice, as will also the individual operators who were represented at the meeting.

This meets all the demands of the strikers and means the immediate ending of the strike.

Empress Secretly Married.

BERLIN, Oct. 17.—The report that Dowager Empress Frederick was married last April to Baron Seckendorff, who was hofmeister under Emperor Frederick, although widely circulated abroad, had always been strenuously denied here until the present crisis in her disease. Now, however, it is being circulated and accepted, together with a number of fresh details such as that the marriage occurred in England.

It is said that the principal malady of the Dowager Empress is cancer of the kidneys. According to latest bulletins, she is somewhat better, but a fatal result is generally expected by the public.

Mitchell Not Notified.

HAZLETON, Pa., Oct. 17.—President Mitchell, when shown the statement issued by the Philadelphia & Reading Coal & Iron Company, said he would be glad indeed to know that the anthracite operators had decided to change the notices previously posted, so as to
