DEATH OF OHIO'S AGED STATESMAN

Ex-Secretary of State John Sherman Passed Away Today—Brain Exhaustion Was the Cause of His Death, Which Occurred at 6:45 This Morning, After Thirty Hours of Unconsciousness.

WASHINGTON, Oct. 22.—Hon. John Sherman, who for a period of forty years, occupied a prominent place in the legislative and administrative branches of public affairs in the United States, died here at 6:45 o'clock this morning of exhaustion.

Death came to the aged sufferer peacefully, after almost thirty-six hours of nearly complete unconsciousness. During the last fifteen hours of his life he was all the time unconscious and passed away while in this condition. A number of relatives and friends who had assembled in Washington in response to summons were at the bedside when the end came. The most devoted of them was Mrs. McCallum, the adopted daughter of the secretary, and Mrs. Sherman, who remained constantly at the bedside during the last hours.

Funeral services over the remains will be held in this city and Mansfield, the Ohio home where the Secretary and Mrs. Sherman spent so many of their summers. Interment will be in the family lot at that place and will occur in all probability on Thursday, the remains lying in state in the Episcopal church at Mansfield for about a day preceding the funeral services.

Brief services also will be held Tuesday and the body taken to Mansfield on a train leaving this city that night. The details are necessarily incomplete, but are of the general nature of those stated.

John Sherman was born in Lancaster, Ohio, on May 10, 1823. His father died when the boy was 6 years old, leaving him on the charity of relatives. At 12 he went to school at Lancaster, where he secured his school education. He studied law with his brother, C. T. Sherman at Mansfield, practicing there ten years and there marrying a daughter of James Stewart in 1848. In 1855 he was elected to the 34th congress, as a Free-Soiler, and was re-elected to the 35th and 36th. At that time he became a leader, taking rank as the foremost man on finance in the house.

In 1860 he was again elected to congress, and the following year, 1861, to the senate, where he stood as a leader ever afterwards during his service.

Senator Sherman was appointed by President Hayes in 1877 as secretary of the treasury. In 1881 he re-entered the senate and was re-elected in 1887 and 1893. It was under his policy that specie payments were resumed in 1897, a move which is universally remarked by economists as important in the country's history.

Senator Sherman was a prominent presidential candidate in 1880 and in 1888.

His literary efforts are represented chiefly by "Recollections of Forty Years in House, Senate and Cabinet," and by numerous articles on "Coinage Laws," "Finances of the United States," and "United States National Debt."

Mr. Sherman was appointed secretary of state by President McKinley, and served during the early part of the present term.

GOVERNMENT OF MANILA

Some Facts in the Report of General Otis.

WASHINGTON, Oct. 22.—In the report of Major-General Otis, as governor-general of the Philippines, the following concerning the government of the city of Mexico was made public today:

"The money expended to police and improve the city of Mexico, to make the necessary repairs on roads and bridges, to replace government buildings which were dilapidated, to stamp out the infectious diseases of smallpox and bubonic plague, to maintain a large native police battalion, numbering 250 men, together with the money required to defray the ordinary incidental expenses, has been greater by one-half than the city's collected receipts. What those receipts did not supply has been taken from the general fund, as the expenditures were considered to be imperative.

"The liquor traffic has been extensive, especially in the matter of intoxicating native drinks. In reducing the number of licenses which Spain granted freely, the natives complained previously that they were deprived of the privileges of which Spain bestowed. Notwithstanding these complaints, they were greatly diminished, but could not be entirely withheld, nor could the traffic be destroyed by any means within our power. Experience led to the belief that it could be controlled through careful manipulation under a stringent license law."

An order issued by the provost marshal of Manila is also given, showing the restrictions that have been placed upon the saloons, and giving the license fees, which are changing. Following this order, the report continues:

"The restraining influences have resulted in placing the liquor traffic under the control of the police and their officers, and have been attended by the reforms anticipated and promised. I doubt if there is anywhere any more quiet and orderly city than Manila has been for the past year, and this notwithstanding its great mass of floating population and diverse nationalities and the dense ignorance of a portion of its inhabitants, or a city in which proper punishment for crime is more swift or sure."

Cured of Chronic Diarrhoea After Thirty Years of Suffering.

"Suffered for thirty years with diarrhoea and thought I was past being cured," says John S. Hallway, of French Camp, Miss. "I had spent so much time and money and suffered so much that I had given up all hopes of recovery. I was so feeble from the effects of the diarrhoea that I could do no kind of labor, could not even travel, but by accident I was permitted to find a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, and after taking several bottles I am entirely cured of that trouble. I am so pleased with the result that I am anxious that it be in reach of all those who suffer as I have." For sale by Blakeley druggist.

Roosevelt Stamps New York.

New York, Oct. 22.—Gov. Roosevelt started at 11 o'clock this morning on a special train for a stumping tour of the state which will last two weeks, and the republicans are hoping that the trip will offset any effect Bryan's tour may have had. The candidate said he was in excellent shape for the tour, but looks worn from his western campaign. His voice is hoarse and shaky. Today the itinerary opened at Myack and closes at Kingston.

Miners Are Weakening.
POTTSVILLE, Pa., Oct. 22.—The efforts of the labor leaders in the Schuylkill region are being directed to keeping the men in line. President Mitchell is coming to Pottsville tomorrow, when there will be a monster demonstration of miners from all over Schuylkill county. On this occasion a speech is expected from him explaining his position on the powder question, which now stands in the way of a settlement of the strike.

Among some of the miners, the opinion is expressed that they should be allowed to go to work, now that the Reading company has granted them the 10 per cent increase asked for by the Scranton convention, and they are getting powder for \$1.50 a keg, but their leaders will listen to nothing of the kind, because they intend keeping the Schuylkill men out until the operators of the upper belt submit.

It is learned that even should the strike be settled this week and all the collieries resume, there will not be much reduction in the price of coal for the present, so that the public will have to largely bear the cost of the strike.

Glorious News.

Comes from Dr. D. B. Cargile, of Washita, I. T. He writes: "Four bottles of Electric Bitters has cured Mrs. Brewer of scrofula, which had caused her great suffering for years. Terrible sores would break out on her head and face, and the best doctors could give no help; but her cure is complete and her health is excellent." This shows what thousands have proved,—that Electric Bitters is the best blood purifier known. It's the supreme remedy for eczema, tetter, salt rheum, ulcers, boils and running sores. It stimulates liver, kidneys and bowels, expels poisons, helps digestion and builds up the strength. Only 50 cents. Sold by Blakeley Druggist. Guaranteed.

We offer for a limited period the twice-a-week CHRONICLE, price \$1.50, and the Weekly Oregonian, price \$1.50, both papers for \$2 a year. Subscriptions under this offer must be paid in advance.

'Twas a Hard Blow.
ASTORIA, Oct. 22.—The storm which lately swept over the coast was one of the most severe which has raged for years. The force of the gale was not felt in Astoria, but the storm hit the edge of the coast. At Seaside the wind blew a hurricane, and the ocean was lashed into fury, the waves going high upon the beach. The water, it is reported from Seaside, washed over Tillamook Rock lighthouse.

The pilot schooner Joseph Pulitzer experienced the full force of the blow, and is now in port for repairs as a consequence. The gale carried away her bulwarks, and during the storm her rudder worked loose. For a time it was feared the steering gear would be rendered useless, but the pilots managed to run into port.

Captains of incoming steamers report that the storm was the worst they had ever experienced on this coast. So far as can be learned, little damage to property resulted.

A Life And Death Fight.

Mr. W. A. Hines of Manchester, Ia., writing of his almost miraculous escape from death, says: "Exposure after meninges induced serious lung trouble, which ended in Consumption. I had frequent hemorrhages and coughed night and day. All my doctors said I must soon die. Then I began to use Dr. King's New Discovery for Consumption, which completely cured me. I would not be without it even if it cost \$5.00 a bottle. Hundreds have used it on my recommendation and all say it never fails to cure Throat, Chest and Lung troubles." Regular size 50c and \$1.00. Trial bottles free at Blakeley Drug Store.
