INVENTOR'S AIRSHIP PROVES A SUCCESS

Recent Trial Showed That He Has Perfect Control of the Steering Apparatus—Decisive Trial Has Not Yet Been Made.

NEW YORK, Oct. 23.—Count von Zeppelin is satisfied with the performance of his airship, says a Herald cablegram from Friederichshafen. He says it has been proved that it was absolutely under the control of the steering apparatus. This apparatus, however, was not in most perfect order on the first ascent. One of the two rudders below the machine at the stern would not work freely. Thus, instead of moving parallel with each other the rudders frequently formed an angle. This defect hampered Count von Zeppelin very much indeed. Opinion in general is somewhat unsettled. The decisive trial has not yet been made for the machine is still in experimental stage, though an undoubted step toward the achievement of aerial flight has been made. A former nautical engineer of Geneva, who is watching the trial, Livental by name, expressed himself as being dubious of the machine's ultimate success.

"The prime condition of a navigable airship," he said, "is that it must be able to go windward. This was not done in the present trial; at any rate, not conclusively, nor do I think it can be done." The technical observations noted during the trial and other instructive details will not be available for several days yet, and until they are known it is impossible to do more than register Count von Zeppelin's summing up of the trial:

"It proved that my airship is absolutely under my control."

Hon. C. W. Fulton at Moro.

MORO, Oct. 23.—Hon. C. W. Fulton, of Astoria, opened the republican campaign here last night by an address in the opera house. The speaker presented true republican principles in a plain, easy style, and completely won the favor of the large audience, who often interrupted his remarks by loud and continued applause. Residents from almost every section of Morrow county were in attendance.

Saved a Man From the Gallows.

CHICAGO, Oct. 23.—A special to the Record from Wheeling, W. Va., says: Just a year ago the circuit court of Fayette county, Judge Montgomery pre-

siding, sentenced Lind Madison, colored, to be hanged January 14, in the state penitentiary at Moundsville, for the murder of another negro. Two days before the date of the execution, Governor Atkinson issued a respite for nine days. The judge who sentenced him died before the reprieve expired.

Two weeks ago Madison's case was forced upon the authorities by a report of it to Governor Atkinson. The governor decided that the judge being dead and the time for resentence having passed, no one can now resentence Madison. Further, the date of the legal death having passed, Madison cannot be hanged on the original sentence. As he was never sentenced to imprisonment he cannot be kept in the penitentiary, so Madison will probably be released in a few days.

Cured of Chronic Diarrhoea After Thirty Years of Suffering.

"Suffered for thirty years with diarrhoea and thought I was past being cured," says John S. Halloway, of French Camp, Miss. "I had spent so much time and money and suffered so much that I had given up all hopes of recovery. I was so feeble from the effects of the diarrhoea that I could do no kind of labor, could not even travel, but by accident I was permitted to find a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, and after taking several bottles I am entirely cured of that trouble. I am so pleased with the result that I am anxious that it be in reach of all those who suffer as I have." For sale by Blakeley druggist.

Rebels Treated as Guests.

HONG KONG, Oct. 23.—The situation at Canton is comparatively quiet. It is reported that the consuls have received letters warning them of danger.

Refugees from Hui Chow say the rebels are welcomed everywhere. They take nothing without payment and are treated as guests instead of as enemies. Their leaders are supposed to number 10, each commanding a separate band. The one operating in the How lung hinterland is a mere stripling, but is everywhere successful. He is reported to have defeated a large body of imperial troops, killing 100 of the Chinese soldiers. The surnames of four of the rebel chief's are Fonz, Ho, Ching and Chap.

Cuts and Bruises Quickly Healed.

Chamberlain's Pain Balm applied to a cut, bruise, burn, scald or like injury will instantly allay the pain and will heal the parts in less time than any other treatment. Unless the injury is very severe it will not leave a scar. Pain Balm also cures rheumatism, sprains, swellings and lameness. For sale by Blakeley druggist.

DIPLOMATIC HYPOCRISY

Henri Rochefort Denounces the Anglo-German Alliance as a Farce and Says That it Drives France and Russia to Mutual Protection.

NEW YORK, Oct. 23.—A dispatch to the Journal and Advertiser, from Paris says: Henri Rochefort, speaking of the Anglo-German alliance, says:

"England's pretended respect for the integrity of China is a mere farce. Her zeal for the integrity of China is about as real as her respect for the integrity of the Transvaal republics. This newly found anxiety to keep the nation's integrity did not formerly characterize England's policy—why, she permitted Germany to dismember France.

"The 'open door' and 'integral China' are mere phrases of diplomatic hypocrisy. The real object of the Anglo-German alliance is to prevent Russia from taking Manchuria. England and Germany are also trying to break the Franco-Russian alliance. Should Russia hold Manchuria, her rivals, England and Germany, will wage war against her. France cannot stand by and see Russia beaten, for with Russia vanquished, these two powers would turn their force against France.

"We have now to deal, not with a triple but with a quadruple alliance. England and Germany are both influenced by the principle of might. They respect nothing but superior force. The German emperor has gone back to his grandmother's leading strings. Of course, he gets some consideration for his friendship. The socialists make it difficult for him to get money through the Reichstag for his ambitious schemes, and England is probably supplying it in consideration of the new alliance.

Mitchell's Statement.
HAZLETON, Pa., Oct. 22.—President Mitchell, in an interview tonight, practically admitted that the anthracite coal-miners' strike would end as soon as the operators presented a notice guaranteeing the payment of a 10 per cent advance in wages until April 1. President Mitchell said:

"The prospect of an early settlement of the coal strike is becoming brighter.

Some of the operators have not yet posted notices signifying their willingness to fall in line either with the Reading company or with the opposition made by the Lehigh Valley company, in the Hazleton region. If all of them notify their employes by posting notices or otherwise that an actual advance of 10 per cent will be paid each mine employe, and guarantee its continuance until April 1, together with the abolition of the sliding scale, I believe that the terms would be accepted by the miners. The reduction in powder from \$2.75 to \$1.50 has confused the minds of the miners, but some of the operators have so fully explained how contract miners could receive the full advance of 10 per cent, as well as all other employes, that I believe that this obstacle can be overcome."

Glorious News.

Comes from Dr. D. B. Cargile, of Washita, I. T. He writes: "Four bottles of Electric Bitters has cured Mrs. Brewer of eczema, which had caused her great suffering for years. Terrible sores would break out on her head and face, and the best doctors could give no help; but her cure is complete and her health is excellent." This shows what thousands have proved,—that Electric Bitters is the best blood purifier known. It's the supreme remedy for eczema, tetter, salt rheum, ulcers, boils and running sores. It stimulates liver, kidneys and bowels, expels poisons, helps digestion and builds up the strength. Only 50 cents. Sold by Blakeley Druggist. Guaranteed.

Return of Volunteers.

SAN FRANCISCO, Oct. 23.—At military headquarters here it is stated that the first installment of the volunteer army now in the Philippines will leave Manila November 1st. From that time until next June the transports will bring home about 25,000 at the rate of from 4000 to 5000 a month. The sick, possible, will be shipped on earlier transports, that they may travel without crowding.

The various regiments will be mustered out and paid as soon as possible after they arrive here. By this arrangement the camps now established at the Presidio will be sufficient to accommodate the entire army.
