MORE OPEN-DOOR ASSURANCES

Hay Will Endeavor to Get France and Russia to Support the Principles Set Forth in the Agreement Between Germany and England.

NEW YORK, Oct. 25.—In his response to the British and German governments regarding the Anglo-German agreement, says the Herald's Washington correspondent, Secretary Hay is likely to make another effort to induce all the powers to join in an agreement for the maintenance of the integrity of China and the preservation of the "open-door."

It is believed at Washington that France and Russia will not decline to join in such a declaration, and in view of the Anglo-German reiteration of the principles of the integrity of China and the "open-door" the London and Berlin governments could hardly avoid assenting to such a proposal. Italy and Austria, which have assented to the Anglo-German agreement, would of course follow the lead of the German emperor.

BERLIN, Oct. 25.—Germany has agreed to Japan's proposal that the peace negotiations with China shall, for the present, be entrusted to the foreign representatives at Peking.

CANTON, Oct. 25.—The Chinese officials have placarded the Sheton district, offering several hundred dollars reward for the heads of four foreigners who are supposed to be leading the rebels. The rice crop has failed in Kwang Si province and robbers are pillaging. Rebellion and famine there are rife.

Cured of Chronic Diarrhoea After Thirty Years of Suffering.

"Suffered for thirty years with diarrhoea and thought I was past being cured," says John S. Halloway, of French Camp, Miss. "I had spent so much time and money and suffered so much that I had given up all hopes of recovery. I was so feeble from the effects of the diarrhoea that I could do no kind of labor, could not even travel, but by accident I was permitted to find a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, and after taking several bottles I am entirely cured of that trouble. I am so pleased with the result that I am anxious that it be in reach of all those who suffer as I have." For sale by Blakeley Druggist.

Sampson Dying of a Broken Heart.
 BOSTON, Oct. 25.—Rear-Admiral Sampson said regarding Lieutenant Hobson's speech, in which he praised the bravery and skill of Admiral Sampson, and said he was dying of a broken heart:

"When Hobson was here he asked me if he might say something to the people of his section about me. I said he might. I knew he would not say anything improper. Hobson is a fine fellow, who performed his duty well, and who nearly lost his life in doing so. He always served me faithfully, and I take an interest in him."

Sympathy for the Filipinos.
 NEW YORK, Oct. 25.—At a banquet given by the Filipinos here to Romeo Robledo, the Spanish ex-minister of justice, says a Paris dispatch to the Times, the latter made a warm speech encouraging the Filipinos. He said that they had the sympathy of Spain, and called the United States a "robber nation." Senor Robledo said help would come to the Filipinos if they kept up the struggle.

STRIKING MINERS STILL IN SESSION

New Difficulties in the Way of a Settlement—Operators Do Not Agree.

Hazleton, Pa., Oct. 25.—The conference of the United Mineworkers, which began yesterday, was resumed today. Indications are that it will be late tonight before they can come to a definite conclusion as to the manner of ending the strike. There is a bare possibility that the anxiously awaited announcement will not be made public until tomorrow. The delay is occasioned by complications which have arisen through the different notices that have been posted. Some of them are entirely satisfactory to the labor officials, while others in certain particulars do not comply with the demands of the Scranton miners' convention.

A new difficulty presented itself today when the Lehigh and Wilkesbarre Coal company posted a supplemental notice at its collieries in the Hazleton district to the effect that the company will pay its men 2½ cents additional on a car of coal to make up the 10 per cent increase in wages. The notice says nothing about abolition of the sliding scale, nor does it guarantee the payment of the increase until April. To the mineworkers these are two vital points. These notices are the same as those previously posted by the company at its mines in the Wilkesbarre district, where the sliding scale never existed.

In what manner the United Mineworkers will overcome these obstacles is not known. It is believed that the strike will be declared off at the mines of the companies that have complied with the resolutions of the Scranton convention, and that the contest will be continued against operators who have not fallen in line. If this action is taken, it is not unlikely the railroad men will be drawn into the contest to the extent of refusing to handle the coal of these companies.

The statement to be issued will be drawn by President Mitchell and will not be given publicly until it has been approved by the labor officials in conference.

Rebels Kill Two Thousand Villagers.

HONG KONG, Oct. 25.—The governor of Hong Kong has been informed that 4000 villagers in the Samchook-Kwalein district were attacked by the rebels at Pengkok. The villagers were defeated and 2000 of them killed. The rebels, who lost 400 killed, burned two villages, containing 3000 houses. A force of 2000 troops went to the assistance of the villagers and engaged the rebels on October 22d. No details of the result have been received. General Ho, with 2000 troops has returned to Wong-Kong, having burned the villages of Schanbautin and Masantau.

Glorious News.

Comes from Dr. D. B. Cargile, of Washita, I. T. He writes: "Four bottles of Electric Bitters has cured Mrs. Brewer of scrofula, which had caused her great suffering for years. Terrible sores would break out on her head and face, and the best doctors could give no help; but her cure is complete and her health is excellent." This shows what thousands have proved,—that Electric Bitters is the best blood purifier known. It's the supreme remedy for eczema, tetter, salt rheum, ulcers, boils and running sores. It stimulates liver, kidneys and bowels, expels poisons, helps digestion and builds up the strength. Only 50 cents. Sold by Blakeley Druggist. Guaranteed.

Pauline Gratke Burned to Death.

ASTORIA, Oct. 25.—Pauline Gratke, the 2 year-old daughter of Mr. and Mrs. John E. Gratke, died this morning as a result of injuries received last night.

The mother left the child in the sitting room while she went for a moment to the kitchen. Scarcely had Mrs. Gratke left the room when she heard the child scream. Hastening back she found the little one enveloped in flames. Mrs. Gratke seized a robe, and wrapping it about the child, extinguished the flames, though not until the little one had been fearfully burned. Physicians were at once called and the child was at once placed under the influence of an opiate, and during the night she rested easily. This morning, however, the little one succumbed to the effects of the shock to her system. The mother was also badly burned and is prostrated over the sad accident.
