## ALL THE POWERS HAVE AGREED

Will Maintain the "Open Door" in China and Protect the Integrity of the Empire.

WASHINGTON, Nov. 1.—The alignment of the powers on the British-German agreement is now complete. Aside from Italy and Austria, whose adherence to the agreement was expected owing to their political relations with Germany, Japan is the only one of the powers which has given unconditional assent to the agreement. As the matter now stands, five of the powers are united in all the terms of the agreement, viz: Great Britain, Germany, Italy, Austria and Japan; three of the powers, United States, France and Russia, accept the clauses relating to the open door and the territorial integrity of China, but withhold action on the third clause, relating to further procedure in case any power seizes territory.

Neither the state department nor the Russian Embassy has received information of Russia's answer although the Associated Press, in its London dispatch, announced that the reply had been received at the British foreign office, Oct. 30, and had unreservedly accepted the first two clauses. In regard to the third clause, Russia referred two contracting parties to the Russian circular of April 25th, saying that she would modify her attitude according to circumstances.

The effect of the exchange has been in bringing five of the powers to an agreement to respect the "open door," and the integrity of China, and to consult among themselves as to a future course in case any of the other powers sought to take Chinese territory. These "other powers," as the negotiations have now been shaped, are the United States, France and Russia. As to the United States there is no possibility of an initiative in taking territory, so that the terms of the third clause would appeal to France and Russia and would bring about concurrent action of the five powers in case either of these sought to extend their domain in China.

**Homes Carried Secret to His Grave.** New York, Nov. 1.—While workmen were clearing up a cellar formerly occupied by the late Dr. Thomas S. Holmes, who had a drug store in Brooklyn, they came across a box securely fastened, which was found to contain the petrified head and trunk of a girl about 12 years old. The police made an investigation and became satisfied that the skeleton was the property of Dr. Holmes, who, it is said, experimented with an embalming process, which he had used during the Civil war, and the secret of which he died without revealing. It was Dr. Holmes' boast that he had discovered a process of embalming that would ossify bodies. He was at work on the process when he died.

During the war, Dr. Holmes embalmed the bodies of many soldiers. He also embalmed the body of President Lincoln.

**It Happened in a Drug Store.** "One day last winter a lady came to my drug store and asked for a brand of cough medicine that I did not have in stock," says Mr. C. R. Grandin, the popular druggist of Ontario, N. Y. "She was disappointed and wanted to know what cough preparation I could recommend. I said to her that I could freely recom-

commend Chamberlain's Cough Remedy and that she could take a bottle of the remedy and after giving it a fair trial if she did not find it worth the money to bring back the bottle and I would refund the price paid. In the course of a day or two the lady came back in company with a friend in need of a cough medicine and advised her to buy a bottle of Chamberlain's Cough Remedy. I consider that a very good recommendation for the remedy." It is for sale by G. C. Blakeley, the druggist.

### Will Not Strip Naked.

VICTOR, Colo., Nov. 1.—The executive board of the Victor Miners' Union was in session for five hours last night with Manager Shipman and Assistant Manager Grant, of the Independence mine, discussing the strike of the Independence miners on account of the recent personal search order of the mine management. It was announced that all difficulties had been settled, and Mr. Grant states that the 3 o'clock shift will go on as usual today. The men will strip to their underclothing, and if any are suspected of stealing ore they will be searched by some of their comrades under the eye of a watchman.

Another feature of the agreement is that the mine management will give preference to members of the union wherever possible. The 300 men affected by the strike have been out five days.

### A Thousand Tongues

Could not express the rapture of Annie E. Springer, of 1125 Howard st., Philadelphia, Pa., when she found that Dr. King's New Discovery for Consumption had completely cured her of a hacking cough that for many years had made life a burden. All other remedies and doctors could give her no help, but she says of this Royal Cure—"It soon relieved the pain in my chest and I can now sleep soundly, something I can scarcely remember doing before. I feel like sounding its praises throughout the universe." So will every one who tries Dr. King's New Discovery for any trouble of the throat, chest or lungs. Price 50c and \$1. Trial bottle free at Blakeley's drug store; every bottle guaranteed. 5

### Said to Have Secret Agreement.

NEW YORK, Nov. 1.—The London correspondent of the Tageblatt, says a Berlin dispatch to the Herald, learns from a source which he cannot disregard that the Anglo-German agreement does actually contain a secret arrangement which has been added to article three.

This refers to China and Africa. The paragraph regarding China could be published without causing any difficulties, but on account of the paragraph regarding Africa this is not possible for the moment.

BERLIN, Nov. 1.—The Reichsanzeiger today officially and definitely denies there are any secret adjuncts to the latest Anglo-German compact. The paper says there is no agreement whatever beyond the note, the full text of which was published October 20th.

### Robbed the Grave.

A startling incident, of which Mr. John Oliver of Philadelphia, was the subject, is narrated by him as follows: "I was in a most dreadful condition. My skin was almost yellow, eyes sunken, tongue coated, pain continually in back and sides, no appetite—gradually growing weaker day by day. Three physicians had given me up. Fortunately, a friend advised 'Electric Bitters'; and to my great joy and surprise, the first bottle made a decided improvement. I continued their use for three weeks, and am now a well man. I know they saved my life, and robbed the grave of another victim." No one should fail to try them. Only 50c, guaranteed, at Blakeley's drug store. 5

### France in Serious Trouble.

NEW YORK, Nov. 1.—The outlook for social and political disturbances in France is becoming graver every day, says a Paris dispatch to the Times. In the north 100,000 miners are on a strike and the recent socialistic talk from members of the government seems to have encouraged a violent and revolutionary spirit. Moreover, the Catholics are becoming very bitter at the declared intention of the government to close official careers to all who have been educated in religious institutions.

The Catholic press is very bitter and the clergy are making common cause with the other enemies of the government. Only the fact that the government controls the church's funds prevents the clergy from expressing their opinion vigorously on the matter.

When you cannot sleep for coughing, it is hardly necessary that any one should tell you that you need a few doses of Chamberlain's Cough Remedy to allay the irritation of the throat, and make sleep possible. It is good. Try it. For sale by Blakeley, the druggist.

Clarke & Falk have on sale a full line of paint and artist's brushes.
