### PLAN FOR PLAYING INDEMNITIES

Earl Li Proposes to Double the Maritime Customs of China. Thus Making the Powers Themselves Pay the Amount They Demand.

New York, Nov. 5.—While the powers are discussing the amount of indemnity they shall demand of China, says a Washington special to the Herald, the imperial government is shrewdly presenting suggestions, the adoption of which will mean that the western nations will themselves pay the amount demanded.

Li Hung Chang and his colleagues have proposed that the maritime customs be doubled in order that China may raise money to pay the indemnity. The maritime customs are at present pledged to Russia, Germany and England, as a security for loans. The amount of liquor or internal revenue raised would probably be enough to make periodical payments if it could be turned into the imperial treasury without having first to pass through the rapacious hands of officials. The Chinese commissioners appreciate this and profess to think the indemnity can best be paid by increasing the maritime customs.

It is unlikely that the United States and other powers will accept any such proposition. A diplomat at Washington asserts that the best way to obtain the indemnity will be to demand the confiscation of the estates of those who were responsible for the outrages and to require the rich men of China to contribute a proportionate amount.

It seems to be generally admitted in administration circles that the empress dowager and the emperor will not return to Peking until the former learns the intentions of the powers respecting her. The powers seem practically agreed the empress dowager must not further participate in the affairs of the empire, and must be removed to a point where she will exercise no influence upon the government. This amounts to virtual exile. Because of the importance of the emperor in the eyes of the world, the empress dowager will probably hold him practically as a hostage.

HONG KONG, Nov. 5.—Reports from Canton say the East River rebels have moved up the river, and boats are now running from Pak Lo to Hu Chan. It is considered probable that the rebellion will shortly die off. The reformers admit that the rising was premature, and that they had not sufficient supply of arms. As the French demand the execution of the leaders in the Shek Lung riots placards have been posted throughout the town urging the people to slaughter the foreigners if the demands are pressed.

#### Catarrh Cannot Be Cured.

Two men of Albany, while hunting for game last Friday, killed a large hawk which had two live chickens in its possession. The chickens were unharmed and were given their liberty.

Drying preparations simply develop dry catarrh; they dry up the secretions, which adhere to the membrane and decompose, causing a far more serious trouble than the ordinary form of catarrh. Avoid all drying inhalants, fumes, smokes and snuffs and use that which cleanses, soothes and heals. Ely's Cream Balm is such a remedy and will cure catarrh or cold in the head easily and pleasantly. A trial size will be mailed for 10 cents. All druggists sell the 50c. size. Ely Brothers, 56 Warren St., N.Y. The Balm cures without pain, does not irritate or cause sneezing. It spreads itself over an irritated and angry surface, relieving immediately the painful inflammation. With Ely's Cream Balm you are armed against Nasal Catarrh and Hay Fever.

#### Nome Again Storm Swept.

SEATTLE, Wash., Nov. 5.—A special to the Times from Port Townsend says: The steamer Charles Nelson arrived this morning, ten days from Nome. She reports that four days prior to her sailing the Nome beach was swept by another severe storm, which did much damage to small shipping and to such buildings as owners were unwise enough to commence construction on the beach again after the September storm. On this occasion, while the damage done was heavy, there was no loss of life.

The severity of the gale gave the Nelson a lively time. She was securely anchored several miles from shore, with two muckhooks out. With these precautions, and going full speed ahead, with her nose to the storm, the vessel dragged several miles, and finally reached safety behind Sledge Island.

#### Nasal CATARRH

In all its stages there should be cleanliness. Ely's Cream Balm cleanses, soothes and heals the diseased membrane. It cures catarrh and drives away a cold in the head quickly.

Cream Balm is placed into the nostrils, spreads over the membrane and is absorbed. Relief is immediate and a cure follows. It is not drying—does not produce sneezing. Large Size, 50 cents at Druggists or by mail; Trial Size, 10 cents by mail. ELY BROTHERS, 56 Warren Street, New York.

#### Football Player Has a Broken Neck.

NEW YORK, Nov. 5.—John McQuade, a clerk in the war department, is lying in the Emergency hospital, his life in the balance, says a Washington special to the World. The doctors say there is an even chance that he may live.

McQuade, who is 19 years old was formerly a student at Georgetown University. He enlisted as a volunteer at the outbreak of the Spanish war, and when he returned home accepted a position in the war department. He was an enthusiastic football player. Sunday, some of the young men in the neighborhood organized two scrub elevens and started a game. A number of skilled players were engaged, and the sport soon became very fast. On a fumble McQuade caught the ball and started for the opposite goal. He was tackled hard and came directly down on his head. Several players fell on him, and when he was lifted from the ground his head fell back upon his shoulders, his neck having been broken.

The doctors at the hospital are taking a great interest in the case, and if McQuade has strength enough to stand the operations they are contemplating there is hope that he will live.

NORTH YAKIMA, Wash., Nov. 5.—Sheriff Tucker has received a dispatch announcing the arrest of the murderer of W. W. Scott, the Kiona merchant, at La Grande, Or. The man has been positively identified by two citizens of Kiona. Scott was shot through the heart at Prosser about a month ago by one of a gang of hobos whom he was trying to arrest. Since the murder, Sheriff Tucker has been indefatigable in pursuing the criminal. He says he will be able to

show that he is one of the desperadoes who held up and robbed John Cienan and Fred Brooker, of this city, on a freight train between here and Ellensburg, last spring.

#### It Happened in a Drug Store.

"One day last winter a lady came to my drug store and asked for a brand of cough medicine that I did not have in stock," says Mr. C. R. Grandin, the popular druggist of Ontario, N. Y. "She was disappointed and wanted to know what cough preparation I could recommend. I said to her that I could freely recommend Chamberlain's Cough Remedy and that she could take a bottle of the remedy and after giving it a fair trial if she did not find it worth the money to bring back the bottle and I would refund the price paid. In the course of a day or two the lady came back in company with a friend in need of a cough medicine and advised her to buy a bottle of Chamberlain's Cough Remedy. I consider that a very good recommendation for the remedy." It is for sale by G. C. Blakeley, the druggist.

My skin was almost yellow, eyes sunken, tongue coated, pain continually in back and sides, no appetite—gradually growing weaker day by day. Three physicians had given me up. Fortunately, a friend advised 'Electric Bitters'; and to my great joy and surprise, the first bottle made a decided improvement. I continued their use for three weeks, and am now a well man. I know they saved my life, and robbed the grave of another victim." No one should fail to try them. Only 50c, guaranteed, at Blakeley's drug store.
