WRECK ON SOUTHERN PACIFIC

Two Freight Trains Meet Head On and Tear Each Other to Pieces—Two Men Instantly Killed, Two Fatally and a Third Badly Injured.

ROSEBURG, Nov. 8.—The worst wreck ever known on this division occurred about daylight this morning two miles south of Roseburg. Two freights, the regular No. 225 southbound, and a long extra coming north, met on a curve in a heavy fog and literally telescoped each other.

Engineer Sam Hendricks, of No. 225, and Fireman Wilhelm, of the extra, were caught beneath the wreck and almost instantly killed. Fireman Ed. Riddle, Engineer Walt Drennan and Head Brake-man Charles Campbell, were all badly injured, the latter two doubtless fatally. Riddle lost a foot and suffered a broken left arm. Campbell's head was badly hurt, his right leg crushed, his left arm broken, and it is feared his back was broken. Drennan received a cut through the skull over the left eye three inches in length, which exposed the brain. His leg was broken and he sustained many bad cuts and bruises.

One of the trainmen ran to town with the news, and an engine and caboose were sent out after the three injured men, who were cared for by three physicians on arriving in the city. Some time was required to get Hendricks and Wilhelm from the wreck. The latter was pinned down in the cab, the coals from the firebox burning off both his legs to the knees. The bodies were brought to the undertaker's immediately.

The aged parents of Hendricks are almost distracted from their awful grief. Campbell's home is in Albany, where he has a mother and sister. He is the man who gained fame in Alaska by making a record-breaking trip with a dog team from Dawson City to Skagway some time ago.

It is stated the wreck was due to a misinterpretation of orders on the part of Engineer Drennan of the extra.

Superintendent L. R. Fields happened to be in the city, and is looking after the dead and wounded men.

Coroner Twitchell has summoned a

jury and will hold an inquest tomorrow on the remains of Wilhelm and Hendricks.

Robbed the Grave.

A startling incident, of which Mr. John Oliver of Philadelphia, was the subject, is narrated by him as follows: "I was in a most dreadful condition. My skin was almost yellow, eyes sunken, tongue coated, pain continually in back and sides, no appetite—gradually growing weaker day by day. Three physicians had given me up. Fortunately, a friend advised 'Electric Bitters'; and to my great joy and surprise, the first bottle made a decided improvement. I continued their use for three weeks, and am now a well man. I know they saved my life, and robbed the grave of another victim." No one should fail to try them. Only 50c, guaranteed, at Blakeley's drug store.

Boer Cause is Not Hopeless.

CHICAGO, Nov. 8.—Loutter Wessels, a former officer in the Boer army and a brother to one of the Boer envoys to this country, addressed an audience last evening on affairs in South Africa and the conditions of his countrymen. He asserted that the Boer cause is far from hopeless and that it is in as favorable a condition as three months ago.

An effort will be made to secure thousands of signatures to petitions that will be presented to congress asking the intervention of the American nation.

"For three days and nights I suffered agony untold from an attack of cholera morbus brought on by eating cucumbers," says M. E. Lowther, clerk of the district court, Centerville, Iowa. "I thought I should surely die, and tried a dozen different medicines but all of no purpose. I sent for a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy and three doses relieved me entirely." This remedy for sale by Blakeley, the druggist.

Torturing skin eruptions, burns and sores are soothed at once and promptly healed by applying DeWitt's Witch Hazel Salve, the best known cure for piles. Beware of worthless counterfeits. Sold by Clarke & Falk.

Filipinos to Be Forced Into Absolute Submission—An Aggressive Policy—England Must Suppress the Hong Kong Junta at Once.

NEW YORK, Nov. 8.—A special to the World from Washington says: Great Britain will be requested by the government to suppress the Filipino junta at Hong Kong. The administration has had this in contemplation for some time, and now that no political obstacle presents itself, the action is to be taken without delay.

Secretary Hay has already been advised of the administration's wishes in the matter. He will direct Ambassador Choate to represent to the British government that the Filipinos are maintaining at Hong Kong for the purpose of aiding Filipinos in their rebellion against the authority of the United States in the Philippines, and that they are practically making Hong Kong a base of supplies for the insurrectionists. Objection will be based on the ground of a violation of the laws of neutrality.

Great Britain is expected to promptly comply with the request. In this same connection it may be said that Lopez, the representative of Lgoncillo, who recently came to the United States from Europe, will be closely watched and if excuse be found by reason of his conduct he will not be permitted to remain within the borders of the United States. The suppression of the junta at Hong Kong is in accord with the policy now to be pursued with respect to the insurrection in the Philippines.

Accepting the result of the election as unqualified indorsement of the president's Philippine policy and giving assurance that the American people have expressed approval of the attempted subjugation of the natives, military operations will now be carried on in the Philippines with greater vigor. The rainy season is now near the end, as soon as troops can be moved freely about the islands the most strenuous efforts will be made to suppress the insurrection and force the Filipinos into absolute submission. Instructions sent to General MacArthur several days ago were in contemplation of this programme. He was directed to assemble his troops into larger commands that they might be able to inflict severe punishment on any bands of Filipinos encountered.

With the return to Manila of troops sent to China, General MacArthur will be able to inaugurate a campaign which it is hoped in official circles here will accomplish the desired object. It is also counted upon here that the ending of rainy season will permit of the return to the ranks of a large percentage of the soldiers from the hospitals, incapacitated by the diseases brought on by the rains and excessive heat prevailing during the summer and fall months.

Catarrh Cannot Be Cured.

It was prescribed by one of the best physicians in this country for years, and is a regular prescription. NEBRASKA IS REDEEMED

Bryans State Will Give McKinley 5000 Plurality—Bryan Congratulates McKinley.

WASHINGTON, Nov. 8.—Assistant Secretary of War Meiklejohn today telegraphed here as follows:

"Fullerton, Neb., Nov. 8.—Nebraska is redeemed. McKinley has carried the state by not less than 5000. The legislature is republican, both houses."

CHICAGO, Nov. 8.—Vice-Chairman Henry Payne, of the republican national committee, today received a telegram from the chairman of the state committee of Nebraska stating that the republicans carried the state by a safe majority; also that they have the state senate and in all probability will be able to organize the house.

Leslie Coombs, chairman of the republican state committee, telegraphed Mr. Payne that an official count will be necessary to determine the electoral vote of Kentucky. The telegram states: "Three thousand legal republicans remain uncounted in the ballot boxes. Other frauds will cost us 5000 votes."

LINCOLN, Neb., Nov. 8.—William J. Bryan sent the following telegram at noon today to President McKinley:

"Hon. William McKinley, President of the United States, Washington, D. C.: At the close of another presidential campaign it is my lot to congratulate you upon a second victory. WILLIAM J. BRYAN."

China to Outstrip Japan.

When the outside interference which is now inevitable shall have removed or modified the existing bars to trade China will leave Japan far behind from the industrial standpoint. The Chinese are as remarkable for their commercial morality as the Japanese are for the opposite; they are more solid, better balanced, take longer views, and are, in short, more merchants and less peddlers than the same class in Japan, and the natural resources of their immense country are such as Japan cannot hope to compete with, poor as she is in mineral wealth and subject to the most disastrous natural convulsions.

Of Celestial Good Clothes.
