Klickitat county, Wash., has elected as usual, every man on the republican ticket. Coley, republican nominee for clerk, according to a report received here at noon today, beats Smith, the democratic nominee, by a majority of seventy votes.

In the county court today the petition of W. B. Rodman for the vacation of part of a county road in the Wanic country was denied. The petition of

H. U. Patterson and others for a new county road in the Mosier precinct was granted and G. R. Wood, C. A. Cramer and S. D. Fisher appointed viewers.

A good-sized audience greeted Rev. Chris Nickelsen last night at the M. E. church. His theme was "Luke Warm Christians," and he handled it in his usually able and interesting manner. The state association of county judges, commissioners and assessors will meet in Portland Tuesday, November 20th. As in years past, the purpose of the annual session will be discussions of the questions of taxation, and how to make reasonable levies on property throughout the state. It is expected that more than one-half of the county judges will attend the meeting and special attention will be given to the preparation of various recommendations to be presented to the next legislature looking to greater uniformity in the county assessments.

The auction sales of crown claims of the Klondike, which began on October 2nd, reopened on Nov. 5th, in Dawson. This has created a great stir among the hardy miners, who have been industriously scouting about the field looking up the prize properties the queen has for sale. No one knows just what claims to be offered are blanks or which contain the hidden prizes. The claims embrace all that have lapsed to the government from failure in representation and other causes, and all that have been reserved as alternate properties.

Emil Heckler, a Wapinitia sheepman, was kicked by a horse in the side yesterday afternoon and had three of his ribs fractured. He had brought to town a four-horse load of hogs and when he arrived in the neighborhood of the Columbia brewery the lead horses became entangled and as Mr. Heckler descended from the wagon to straighten them out, one of the wheel horses kicked him with the above result. He was taken to the Umatilla House and had his injuries attended to by Dr. Logan. Mr. Heckler's injuries are very painful but it is not yet certain how much he is injured internally.

The contract has not yet been let for the construction of the race track, but it will be, in all probability, within the next day or so. The Gentlemen's Driving Association has all the money needed to finish the work. The surplus of about \$550 remaining in the hands of the treasurer of the street fair has been donated to the association on the understanding that the district fair will be held here next fall instead of at Astoria. It is not thought that there will be any trouble in getting the fair back. As a matter of fact it ought never to have been allowed to leave here, and would not have left if the people of The Dalles had taken the interest in it they

should. It is notorious that many of them never thought it worth while to attend, and it was impossible to get the business men sufficiently interested to make exhibits. Things are different now. The street fair has demonstrated what can be done when the business men put their shoulders to the wheel.

Latest election returns assure McKinley 292 votes in the electoral college against 155 for Bryan. Kentucky with only 13 votes is in doubt. McKinley's vote in 1896 was 271 to 176 for Bryan. McKinley carries Nebraska by at least 2000 and the republicans count on a safe majority in the legislature. McKinley carries Indiana by about 32,000. Idaho goes for Bryan by a small majority. North Dakota gives a republican majority of over 12,000, or about 4 to 1 of the vote cast. McKinley's plurality in Illinois is over 95,000. Delaware gives McKinley a plurality of over 4000. Ohio's plurality for McKinley will be 73,000 and Iowa's 99,072. McKinley's majority in Washington will be between 11,000 and 12,000. Rogers, democratic nominee for governor, beats Frink, republican nominee, by about 1300. California gives McKinley the enormous plurality of 40,000. Oregon's plurality for McKinley is in the neighborhood of 14,000.

Oregon apples will be worth \$1.00 per box inside of three weeks. Colonel H. E. Dorsch, secretary of the state board of horticulture, who closely follows the market, bases such an assertion upon the big jump of prices of apples in the New York market. Baldwin apples have advanced from \$1.50 to \$2.50 per barrel; Kings, from the same price to \$2.50 and \$3 a barrel; York Imperials, from \$1.50 to \$4 a barrel. Red table apples will bring in New York over these prices an advance of 25 to 50 cents a barrel. As soon as these facts become known, Oregon apples will naturally raise a notch in prices, because the local market is sympathetically affected by the New York quotations. Colonel Dorsch advises growers not to be in too big a hurry to sell. The growing favor of the better class of Oregon apples for the export trade, taken together with the failure of the apple crop in the main Eastern belts, is a good indication the prices will hit the top notch. Quite a number of apples have been placed by dealers upon cold storage for Christmas trade, which helps to strengthen the market.—Telegraph.

"The Hottest Coon in Dixie," which comes to the Vogt next Tuesday night, is the leading colored attraction of this country this season both in the number and prominence of its members. Wonderful progress has been made in the caliber and popularity of exclusive colored shows during the past five years, until they now take rank with our leading amusement attractions, and the doors of many of the leading theaters of the big eastern cities are being opened to them and a marvelous business in most instances has been the result. In its costuming, musical selections, comedy, etc., this newest bidder for public favor will compare favorably with any

of the pretensions white face comedy organizations on the road, having fully double the number of people, and in its singing, at least, far surpassing anything outside of the big operatic companies, the manager is positive he has secured a treat for his patrons who love good singing and pure, wholesome fun. The famous "Clorindy" chorus of sixteen singers, now with the "Hottest Coon in Dixie," was for sixteen consecutive weeks the rage at the New York casino roof garden. They were also seen for eight consecutive weeks in Chicago, and appeared in all of the principal cities of the country between New York and San Francisco.
