## AGREED ON A PROTOCOL

Envoys at Peking Decide on Peace Terms—When Approved by the Powers, They Will Be Pressed Upon China as the Basis of a Treaty.

LONDON, Nov. 13.—Dr. Morrison, writing to the Times from Peking Sunday, says:

"Pressed by the common desire for a speedy termination of present conditions, the foreign envoys have finally agreed to the following terms to be presented in a joint note, which, subject to the approval of the government, will be pressed upon China as the basis of a preliminary treaty:

"China shall erect a monument to Baron von Ketteler on the site where he was murdered and send an imperial Prince to Germany to convey an apology.

"She shall inflict the death penalty upon eleven Princes and officials already named and suspend provincial examinations for five days where the outrages occurred.

"In future, all officials falling to preventing anti-foreign outrages within their jurisdiction shall be dismissed and punished. (This is a modification of Mr. Congor's proposal.)

"Indemnity shall be paid to the states, corporations and individuals.

"The *Tsung Li Yamun* shall be abolished and its functions vested in a foreign minister.

"Rational intercourse shall be permitted with the emperor, as in civilized countries.

"The forts at Taku and other forts on the coast of Chi Li shall be razed, and the importations of arms and war material prohibited.

"Permanent legation guards shall be maintained, and also guards of communication between Peking and the sea.

"Imperial proclamations shall be posted for two years throughout the empire, suppressing the Boxers.

"The indemnity is to include compensation for Chinese who suffered through being employed by foreigners, but not compensation for native Christians. The words 'missionary' and 'Christians' do not occur in the note."

### Three Great Bills in Next Congress.

CLEVELAND, O., Nov. 12.—Senator Hanna has returned here after a brief visit to New York. He expects to remain in this city until congress convenes. In discussing the coming session, Mr. Hanna said:

"Congress this year will have some very important duties to perform. Three great bills, the Nicaragua canal bill, the Army bill and the Ship Subsidy bill are all to come before it. The Nicaraguan commission will make its report early in the session and the debate in the senate will probably begin early.

"I presume there will be changes of some importance in the bill. It is reasonable to suppose that a lapse of several months has made a difference in the sentiment of the people on the bill and a change in some of its main features will be the natural result. The Costa Rican treaty especially involved us in considerable difficulty, and the Costa Rican government had to be consulted."

When asked with what measures he would most interest himself during the session, Senator Hanna said:

"I have no pet measure this year and shall take no particular interest in any of the bills before congress. Perhaps I am as much interested in Senator Frye's ship subsidy bill as in any."

### Death of Henry Villard.

NEW YORK, Nov. 12.—Henry Villard, the railroad magnate and financier, died at his summer residence at Dobbs Ferry early this morning. Mr. Villard had intended to return to New York about the middle of last month, but his condition was then so precarious that his physician advised him to remain at his country home until he should have gained more strength. A week ago he caught a heavy cold and since then his condition had been gradually growing worse. Two physicians had been with him constantly for a week past.

Mr. Villard, when he died, was surrounded by the members of his family, including Mrs. Villard and his two sons, Oswald and Harold Villard. He had been unconscious for two days. His death, it is said, was caused by cancer of the throat. The funeral will take place Wednesday.

When you cannot sleep for coughing, it is hardly necessary that any one should tell you that you need a few doses of Chamberlain's Cough Remedy to allay the irritation of the throat, and make sleep possible. It is good. Try it. For sale by Blakeley, the druggist.

### One of Our Warships to Threaten Morocco

WASHINGTON, Nov. 12.—The government of Morocco has again declined to meet the demands of the United States for the payment of an indemnity on account of the killing by a mob of Marcus Essigian, a naturalized American citizen. The last request was made by United States Gummec, and the latest declaration of the government of Morocco was accompanied by an intimation of its freedom from liability under the terms of the convention between Morocco and Spain. The state department has come to the conclusion that the consul's representations will be more effective if he is supported morally by the presence, in Moroccan waters, of a United States warship, and it is probable he will make his visit to Fez to again present the case as a passenger on a vessel to be selected by the navy department for that purpose, which will proceed to the port nearest to the Moroccan capital.

### Robbed the Grave.

A startling incident, of which Mr. John Oliver of Philadelphia, was the subject, is narrated by him as follows: "I was in a most dreadful condition. My skin was almost yellow, eyes sunken, tongue coated, pain continually in back and sides, no appetite—gradually growing weaker day by day. Three physicians had given me up. Fortunately, a friend advised 'Electric Bitters'; and to my great joy and surprise, the first bottle made a decided improvement. I continued their use for three weeks, and am now a well man. I know they saved my life, and robbed the grave of another victim." No one should fail to try them. Only 50c, guaranteed, at Blakeley's drug store.
