Coming Session of Congress.

WASHINGTON, Nov. 8.—The coming session of congress is going to be a very busy one. The republicans will make every effort to get through their legislation in order to avoid an extra session, but the fact that they will be in control of both branches of congress after the 4th of March, as now, will enable them to legislate this session without being dictated to by the Democrats. Had the next House been against the republicans, they would have had to grant concessions on all pending legislation in order to avoid an extra session. As the case stands, the democrats equally with the republicans will endeavor to avoid an extra session and therefore will not delay or filibuster against republican legislation. The most important legislation to come up will be a measure for the reorganization of the army, and it is very probable that 100,000 men will be asked, with a proviso that it can be reduced to 75,000 after the Philippine islands have been composed, and there is no longer any war there. While the democrats will fight this measure, they will understand that it will be useless to oppose it, and probably will not undertake an extra session for the purpose of defeating it.

The Wheat Market.

Wheat advanced two cents a bushel in this market yesterday and now stands at 47. Of the Portland market today's Oregonian says:

A better wheat market at home and abroad was the most interesting feature of the trade situation yesterday, although the improvement was not sufficiently pronounced to start a very free selling movement. The holders who were willing to sell when the price got back above 55 cents again have now decided to hold on until the price goes a few cents per bushel higher. Most of the exporters were quoting around 55 cents yesterday, although some of them expressed indifference about doing business at that figure. Others apparently more in need of the cereal were quoting up to 55½ cents. There was nothing doing in bluestem, and Valley, as usual, was out of the market from an export point of view. Freights have a weaker tone, and unless the market should improve so as to start wheat to moving they will undoubtedly recede.

The San Francisco Weekly Market Report of the 10th instant is inclined to think that prices will improve in the near future. Two of the largest operators are very much disposed to "take hold" of wheat and if freights continue to weaken the market will undoubtedly advance. Ships are offering rates considerably lower than those that prevailed ten days ago.

A Thousand Tongues

Could not express the rapture of Annie E. Springer, of 1125 Howard st., Philadelphia, Pa., when she found that Dr. King's New Discovery for Consumption had completely cured her of a hacking cough that for many years had made life a burden. All other remedies and doctors could give her no help, but she says of this Royal Cure—"It soon removed the pain in my chest and I can now sleep soundly, something I can scarcely remember doing before. I feel like sounding its praises throughout the universe." So will every one who tries Dr. King's New Discovery for any trouble of the throat, chest or lungs. Price 50c and \$1. Drying preparations simply develop dry catarrh; they dry up the secretions, which adhere to the membrane and decompose, causing a far more serious trouble than the ordinary form of catarrh. Avoid all drying inhalants, fumes, smokes and snuffs and use that which cleanses, soothes and heals. Ely's Cream Balm is such a remedy and will cure catarrh or cold in the head easily and pleasantly. A trial size will be mailed for 10 cents. All druggists sell the 50c. size. Ely Brothers, 53 Warren St., N.Y. The Balm cures without pain, does not irritate or cause sneezing. It spreads itself over an irritated and angry surface, relieving immediately the painful inflammation. With Ely's Cream Balm you are armed against Nasal Catarrh and Hay Fever.

It Happened in a Drug Store.

"One day last winter a lady came to my drug store and asked for a brand of cough medicine that I did not have in stock," says Mr. C. R. Grandin, the popular druggist of Ontario, N. Y. "She was disappointed and wanted to know what cough preparation I could recommend. I said to her that I could freely recommend Chamberlain's Cough Remedy and that she could take a bottle of the remedy and after giving it a fair trial if she did not find it worth the money to bring back the bottle and I would refund the price paid. In the course of a day or two the lady came back in company with a friend in need of a cough medicine and advised her to buy a bottle of Chamberlain's Cough Remedy. I consider that a very good recommendation for the remedy." It is for sale by G. C. Blakeley, the druggist.

Of the product of this well-known brewery the United States Health Reports for June 25, 1900, says: "A more superior brew never entered the laboratory of the United States Health reports. It is absolutely devoid of the slightest trace of adulteration, but on the other hand is composed of the best of malt and choicest of hops. Its tonic qualities are of the highest and it can be used with the greatest benefit and satisfaction by old and young. Its use can conscientiously be prescribed by the physicians with the certainty that a better, purer or more wholesome beverage could not possibly be found."
