The postal service establishment of the United States is the greatest business concern in the world. The revenue of the post office of New York is more than \$8,000,000 yearly, with a net profit of \$2,000,000.

The English language heads the list, with the enormous vocabulary of 200,000 words, while the Spanish has only 20,000, the German 30,000, Italian 25,000, French 30,000, Turkish 22,500. Shakespeare's vocabulary is put at 13,000, Milton's at 8,000 and the Bible at rather less.

Japan is the largest consumer of rice in the world, the average being 300 pounds per person a year. The Americans use but four pounds per capita. Belgium uses more tobacco, in proportion, than any other country, about 110 ounces per capita yearly, while Italy uses only 22 ounces.

There is an easy, simple way to tell if a diamond is genuine. Make a small dot on a piece of paper with a lead pencil, and look at it through a diamond. If it shows but a single dot the diamond is genuine. If it shows more than one, or the mark appears scattered, it is false, no matter what it cost.

One aspect of the food problem has assuredly been solved by a company in New Haven, Conn., which undertakes to serve hot meals to all and sundry within a radius of 75 miles from its headquarters, and that from 25 per cent. to 50 per cent. cheaper than they can be obtained elsewhere. These meals are sent out in wagons with compartments for each article; the meals are placed in the different compartments smoking hot, and are kept at a high temperature until placed on the purchaser's table.

William W. Evans, of Deal's Island, Del., has a horse which has proved a remarkable investment and has overruled the ideas and records of the average useful life of horses. Twenty-seven years ago Mr. Evans purchased the horse from Scott Covington, who guaranteed at that time that the animal was six years old. Mr. Evans proved to be a good master, and the horse returned the kind treatment by retaining its full activity and energy, and now, at 33 years, the horse works nearly every day, see and hears well, and has an excellent appetite.

Disadvantage. "A pretty girl," observed the Plain Girl, bitterly, "has a great advantage in this business of making a name for herself!"

"I don't know!" sighed the Pretty Girl.

"She finds so many lovely ready-to-wear names at hand!"—Puck.

Hopes. "I want to get my picture taken," said the populist statesman.

"Cabinet?" inquired the photographer.

Drying preparations simply develop dry catarrh; they dry up the secretions, which adhere to the membrane and decompose, causing a far more serious trouble than the ordinary form of catarrh. Avoid all drying inhalants, fumes, smokes and snuffs and use that which cleanses, soothes and heals. Ely's Cream Balm is such a remedy and will cure catarrh or cold in the head easily and pleasantly. A trial size will be mailed for 10 cents. All druggists sell the 50c. size, Ely Brothers, 56 Warren St., N. Y. The Balm cures without pain, does not irritate or cause sneezing. It spreads itself over an irritated and angry surface, relieving immediately the painful inflammation. With Ely's Cream Balm you are armed against Nasal Catarrh and Hay Fever.

THE CELEBRATED COLUMBIA BREWERY...
AUGUST BUCHLER, Prop.
Of the product of this well-known brewery the United States Health Reports for June 28, 1900, says: "A more superior brew never entered the laboratory of the United States Health reports. It is absolutely devoid of the slightest trace of adulteration, but on the other hand is composed of the best of malt and choice of hops. Its tonic qualities are of the highest and it can be used with the greatest benefit and satisfaction by old and young. Its use can conscientiously be prescribed by the physicians with the certainty that a better, purer or more wholesome beverage could not possibly be found."
