

# Millions of Women Use Cuticura Soap Exclusively.

MILLIONS of Women Use CUTICURA SOAP, exclusively, for preserving, purifying, and beautifying the skin, for cleansing the scalp of crusts, scales, and dandruff, and the stopping of falling hair, for softening, whitening, and soothing red, rough, and sore hands, in the form of baths for annoying irritations, inflammations, and chafings, or too free or offensive perspiration, in the form of washes for ulcerative weaknesses, and many sanative antiseptic purposes which readily suggest themselves to women and mothers, and for all the purposes of the toilet, bath, and nursery. No amount of persuasion can induce those who have once used it to use any other, especially for preserving and purifying the skin, scalp, and hair of infants and children. CUTICURA SOAP combines delicate emollient properties derived from CUTICURA, the great skin cure, with the purest of cleansing ingredients and the most refreshing of flower odors. No other medicated soap ever compounded is to be compared with it for preserving, purifying, and beautifying the skin, scalp, hair, and hands. No other foreign or domestic toilet soap, however expensive, is to be compared with it for all the purposes of the toilet, bath, and nursery. Thus it combines in ONE SOAP at ONE PRICE, viz., TWENTY-FIVE CENTS, the BEST skin and complexion soap, the BEST toilet and BEST baby soap in the world.

**Cuticura Complete External and Internal Treatment for Every Humor,** consisting of CUTICURA SOAP (25c), to cleanse the skin of crusts and scales and soften the thickened cuticle, CUTICURA OINTMENT (25c), to instantly allay itching, inflammation, and irritation, and soothe the head, and CUTICURA TROUSERS (25c), to cool and cleanse the blood. A SINGLE BAR is often sufficient to cure the most stubborn humor when all else fails. **Porter Drug and Chem. Co., Inc.,** Sole Proprietors, Boston, Mass. ## School! School! School!

All aboard for Texas, or some other seaport! Crash! Dash! Smash! A whole train turned topsy-turvy and flying through the air wrong end foremost! A whole cage of wild beasts and reptiles turned loose at once—slanderees, flatterers, back-biters, whisperers and other unclean birds to prey upon the community without favor or mercy. Look out for them! Here we come, pell-mell! Anything you want from the A, B, C's to any language, living or dead; from a pin to a double-headed, with the tender thrown in; from a pussy cat to a wooden horse with three broken legs and the other lame, one eye blind and can't see out of the other; cradles and coffins and all intermediate articles. Look out the window with your leather spectacles to see the great eucyonist in his lightning act of jumping over the moon blindfolded next week at 10 o'clock. Bah for McKinley and Bryan or any other man so as to raise three sheets in the wind.

Come to see me and learn my terms. Don't tell anybody lest the room be overcrowded. Children from 3 years to 1000. Remember the place, Second street, first door west of Diamond flouring mill, second floor.

## News From School.

The regular meeting of the literary society was held Friday evening of last week instead of in the afternoon. A very profitable two hours was spent in the meeting. Besides the regular literary program, the debating club discussed the following question: "Resolved, That the Use of Improved Machinery is Detrimental to the Best Interests of the Laboring Classes." Affirmative, Virgil Earl, Willie Cross; negative, Albert Eitor, Bruce Johnson. The debaters handled the question quite skillfully, each speaker using all the time allowed him. The decision of the judges was rendered in favor of the negative. Among a number of good musical selections was a quartet by Misses Prudence Fatterson, Ethel Nottingham, and Messrs. Oscar Beck, and Willie Cross, that was especially well prepared. A new president, vice-president and secretary were elected for the coming half-term.

Another addition was made to the supplementary reading list this week, twenty copies of Stories of American Life and Adventure, for the Fourth grade. This makes over one hundred and forty volumes that have been added to the supplementary readers and library books from the entertainment fund of last spring at the close of school.

After the defeat of Goldendale by The Dalles, in the football game last Saturday, the boys of Goldendale withdrew from the match they had with The Dalles High School, and the latter team has now accepted a challenge from the Portland High School team. The game will be played in Portland sometime in December, probably the 22nd.

The Boys' and Girls' Aid Society of Portland, through its superintendent, has sent to the schools its circular describing the needs of the institution and soliciting voluntary contributions of food articles, discarded clothing, etc. Last year The Dalles schools made a very creditable contribution as a Thanksgiving offering, for which the managers of the society were very grateful. The Dalles has sent a number of wards to this society and it is hoped we may make a good contribution this year. There is surely no better way to teach the spirit of helpfulness to those who are unfortunate and need our sympathy and assistance.

## Report on Eastern Oregon.

In his last annual report, Dr. James Withycombe, vice director of the O. A. C. experiment station, under the head of "Plant Husbandry," makes special mention of the arid, or semi-arid, region of Oregon lying east of the Cascades. In this connection he makes reference to a matter of interest that is not generally known. It is that there are four experimental plots in Eastern Oregon. The following is an extract from the report:

"Four experimental plots of one-fourth of an acre each were established at Moro, Sherman county, in 1899. Upon these plots leguminous plants, consisting of the Canadian field pea, two varieties of vetch, vicia villosa and vicia sativa, have been grown as rotation crops for grain the past two seasons. The pea has given very satisfactory results, but the vetch so far has been a failure there. The object of the experiments is to ascertain whether or not humus-forming and nitrogen-gathering forage plants valuable for stock food can be successfully grown there as rotation crops with grain."

Dr. Withycombe believes that an experimental farm should be established in this part of the state for the purpose of testing various grasses and forage plants, so that their value under semi-arid conditions may be determined.

You can't afford to risk your life by allowing a cough or a cold to develop into pneumonia or consumption. One Minute Cough Cure will cure throat and lung troubles quicker than any other preparation known. Many doctors use it as a specific for grippe. It is an infallible remedy for croup. Children like it and mothers endorse it. Sold by Clarke & Falk's P. O. Pharmacy.

**THE CELEBRATED .. COLUMBIA BREWERY ..**  
AUGUST BUCHLER, Prop.  
Of the product of this well-known brewery the United States Health Reports for June 28, 1900, says: "A more superior brew never entered the laboratory of the United States Health reports. It is absolutely devoid of the slightest trace of adulteration, but on the other hand is composed of the best of malt and choicest of hops. Its tonic qualities are of the highest and it can be used with the greatest benefit and satisfaction by old and young. Its use can conscientiously be prescribed by the physicians with the certainty that a better, purer or more wholesome beverage could not possibly be found."
