

END WAS PEACEFUL

Death of Senator Davis, of Minnesota—
Passed Away Early Last Night

ST. PAUL, Nov. 27.—Senator Cushman K. Davis, chairman of the committee on foreign relations of the senate, died at his home in this city tonight at 8.40 o'clock. He had suffered greatly during two months of sickness, and gradually sank away, being unconscious for several hours before death, and, so far as could be known, suffered no pain.

Yesterday, appreciating the approach of the end, Mrs. Davis sent for the venerable T. H. M. Villers Appleby, archdeacon of the Protestant Episcopal diocese of Minnesota, and Rev. Theodore Sedgwick, rector of the church of St. John the evangelist. An attempt had been made to secure the attendance of Bishop Whipple, but the bishop was in Florida. Senator Davis was for a time sufficiently rational to express his grateful appreciation of the clergymen's ministrations.

Grouped about the deathbed were Senator Davis' immediate family, his devoted wife, his aged father, Major S. H. Davis, and his two sisters, Mrs. Norford and Mrs. Bartlett Tripp. His law partner, C. A. Severance, and his wife were also present, as well as the doctors and nurses. The family had been prepared for the end since the first sinking spell, which occurred last Friday night, and all have been where they could be summoned at a moment's notice. The senator had been in a comatose state during the day. Death came almost imperceptibly, and the closing scene was marked with but little incident.

His last conscious utterance was the expression of a wish to live; not for the sake of life itself, but because he believed his country needed him. His words were: "Oh, that I might live five years more for my country's sake."

Senator Morgan and the Canal Project.

NEW YORK, Nov. 27.—Senator John T. Morgan, of Alabama, is quoted in a Tribune special from Washington as saying in an interview about the Nicaragua canal project:

"I can see no reason why the canal measure should not go through this session. Every senator who has thus far returned to Washing-

ton has expressed his willingness and determination to vote for it, and I have no doubt that a large majority of the senate will vote for the bill when the time arrives. The trouble has been, and is likely to be in securing permission to consider the bill. When a vote is taken a great majority will vote in its favor.

"I am in favor of the ratification of the Hay-Pauncefote treaty, and I think this treaty will be disposed of favorably.

"The question of fortifications along the canal is one which has more interest for the countries of Nicaragua and Costa Rica than for the United States. Nicaragua and Costa Rica own the ground and ought to have a right to say just what they want in this direction. If they want the right to fortify the canal then there will be some necessity for the discussion of this subject, but so far as the interests of this country are concerned the matter is of very little consequence.

"Some of the military authorities may take the ground that in view of the uncertain character of the governments of South American republics a few fortifications might be a good thing, as this is an opinion that does not bear on the canal project proper and is of no great consequence. Let the nations owning the land have their say in this respect, and let us not worry over it."

A Night of Terror.

"Awful anxiety was felt for the widow of the brave General Burnham of Machias, Me., when the doctors said she could not live till morning," writes Mrs. S. H. Lincoln, who attended her that fearful night. "All thought she must soon die from pneumonia, but she begged for Dr. King's New Discovery, saying it had more than once saved her life, and had cured her of Consumption. After three small doses she slept easily all night, and its further use completely cured her." This marvelous medicine is guaranteed to cure all Throat, Chest and Lung Diseases. Only 50c and \$1.00. Trial bottles free at Blakeley's drug store.

Kruger Will Make His Home in America

NEW YORK, Nov. 27.—Samuel Pearson, formerly commissary-general of the Transvaal army, who had just arrived in this country with a number of other Boer refugees, is responsible for the statement that President Kruger will probably soon seek refuge and a permanent home here.

"President Kruger will leave Paris soon, I believe," said General Pearson, "and come to America, where with his wife he will make a home until such time as our arms have triumphed and he can return to the South African republic to take up again his office as chief executive of the Boers."

PARIS, Nov. 27.—Mr. Kruger began a busy day by making an official call. Before 9 a. m., he departed from the hotel Scribe, driving in a landau surrounded by republican guards and bicycle policemen to visit the premier, M. Waldeck-Rousseau. He was accompanied by Dr. Leyds, Dr. Van Hammel and Delegate Fischer. The party was met at the entrance to the premier's saloon by M. Ulrich, director of the cabinet, who introduced the visitors to the prime minister. The interview took place in M. Waldeck-Rousseau's private study, and lasted ten minutes. At half past 9 o'clock the premier, accompanied by M. Ulrich, returned the call.

Another Plot to Murder the President.

NEW YORK, Nov. 27.—The police of Hoboken, N. J., have received a letter alleging the existence of a plot to assassinate President McKinley. The writer of the letter gave the name of the alleged conspirator, which the police refuse to make public at this time. The letter, which is illegibly signed, is as follows:

"Sir—Having almost thoroughly assured myself of an anarchist plot against his excellency, McKinley, I consider it my duty to advise you of the name of one who is more than suspected of being a leader, whose name is found in the enclosed slip. He is a fugitive from justice, and a dangerous man, having been convicted several times and on the last occasion being sentenced to five years' imprisonment for an anarchistic attempt.

"My statement can be verified on appealing to the perfect of peace at Paris,

France. In the course of the past year he has associated with him a man named Francoise, the author of an anarchistic attempt at Scranton, where he mortally wounded an agent of the police.

The writer of this letter, the police say, has been located and his story will be investigated.

It Happened in a Drug Store.

"One day last winter a lady came to my drug store and asked for a brand of cough medicine that I did not have in stock," says Mr. C. R. Grandin, the popular druggist of Ontario, N. Y. "She was disappointed and wanted to know what cough preparation I could recommend. I said to her that I could freely recommend Chamberlain's Cough Remedy and that she could take a bottle of the remedy and after giving it a fair trial if she did not find it worth the money to bring back the bottle and I would refund the price paid. In the course of a day or two the lady came back in company with a friend in need of a cough medicine and advised her to buy a bottle of Chamberlain's Cough Remedy. I consider that a very good recommendation for the remedy." It is for sale by G. C. Blakeley, the druggist.

Elks Are Wearing Too Many Elk Teeth.

COLORADO SPRINGS, Nov. 27.—The local lodge of the Benevolent Protective Order of Elks has appointed a committee to draft resolutions against the wearing of Elk teeth as emblems of the order. Reported wholesale slaughter of elk in the West for the teeth influenced this action, and copies of the resolution will be sent to the different lodges throughout the country with the idea of effecting the abolishment of traffic in elk teeth.

For You to Read

"What puzzled me in the beginning was that I kept losing flesh without any cause for it that I could see. I had a little trouble with my stomach, too, and after a while began to grow weaker and to cough. The cough, I thought, would soon go away and cure itself, but it didn't. It grew worse, and then I began to spit up a peculiar looking substance. I never thought of consumption, but one day I had a hemorrhage, and then was frightened in earnest and did just what you would do. I rushed to the doctor. He was either too busy, or something else, for he didn't do me any good. I kept going on down hill, and the outlook was bad. Things took a different turn, however, when I heard of Acker's English Remedy for Consumption, for I took it, and it not only cured my coughing and spitting, but also built up my whole system. I took on permanent flesh, and today am just as healthy a man as you can find in a week's travel. You may be sure I always keep Acker's English Remedy in the house, and it is a good thing I do so, for one night my youngest child was seized with croup. That hoarse, wheezy cough was the first signal, and I lost no time in giving the poor little sufferer proper doses of this grand medicine. In almost no time the disease was under control, and my child was saved. I advise every parent to have a bottle handy all the time. It serves the same purpose in keeping croup out of the house that a good lock and key serve to keep burglars out. It is both an expectorant and a tonic. It cured me of consumption and my child of croup, and I know what I am talking about." (Signed) Hon. M. HOGAN, picture frame manufacturer, 242 Center Street, New York.

Acker's English Remedy is sold by all druggists under a positive guarantee that your money will be refunded in case of failure. 25c, 50c and \$1 a bottle in U. S. and Canada. In England, 1s. 3d., 2s. 3d., and 4s. 6d.

We authorize the above guarantee. W. H. HOOKER & CO., Proprietors, New York.
