THANKSGIVING.

Essay Read by an Eighth Grade Pupit of The Dalles Public Schools.

Thanksgiving day next to Xmas, is to American children, the most important event of the year. With glad hearts old and young sit about the blazing family fireside, and tell with song and jest of the blessings, from a just and merciful God.

The custom of keeping Thanksgiving day, as handed down to us is a custom of great antiquity; and is supposed to CAPE Town, Nov. 29 .- General Knox, have originated from the law of Moses. by a rapid march of twenty-six miles. For the Jews had a custom and were acgot in front of General Dewet, placing customed to celebrate a plenteous harvest himself between the Boers and the by public festivals. MISSISSIPPI JETTIES.

Cost \$50,000,000, and Now Are to Be Turned Over to the Government. "The Eads jetties in the south pass of the Mississippi delta are now ready to be taken over by the government, said Estell McHenry, of St. Louis, one of the administrators of the Eads estate, to a Washington Post man. "The 20 years that the contractor was required to keep 26 feet of water flowing through the south pass have now expired, and every condition of the dared to brave the dangers of New Eng- the price paid. In the course of a day contract has been complied with. By the terms of the recent act of conworld, and with Whittier we might ex- with a friend in need of a cough medicine gress the government may assume control of the works by paying over to the Eads estate the \$500,000 yet remaining of the contract price. This will be done as soon as a purchase price for the plant has been agreed upon and other details cleared up. It is not likely that any obstacles will come in the way of a final settlement. CHICAGO, Nov. 28 .- A special to the as it is provided that the price to be paid for the plant, which is outside the contract price for building the jetties, is to be fixed by arbitration in case of a failure to agree. "The Mississippi jetties are among the most gigantic engineering feats of hood of \$50,000,000, and making a 26foot channel out of a stream where there was formerly but eight feet of water. This has made of New Orleans. a port for the largest among oceangoing vessels, where otherwise only the smallest of craft could have "The Eads jetties, however, while they are up to the specifications of the contract, will not meet the needs of the future. They are already building vessels that draw 30 feet of water. It is now proposed that the government shall build jettics in the southwest pass that will make of it a Trial bottles free at Blakeley's was adopted. It took the convict 12 than 30-foot draught vessels. The southwest pass has now only about eight feet of water, the silt the Mississippi brings down having tilled up eight feet of it since the Eads jetties were built, 20 years ago,"
