

Knock-Out Drops

"I am a saloon-keeper, and used to think that rock and rye, or whiskey and quinine were proper remedies for coughs and colds. Most of my acquaintances were of the same opinion. Now I know something at least a thousand times better. It is Acker's English Remedy for Coughs and Colds. A good while ago I began to cough and found out then that rock and rye was no good. I got worse and I was beginning to think that the trouble would run into consumption. I didn't take any stock in patent medicines, but somehow or other I tried Acker's English Remedy. One bottle did the business for me—knocked that cough out completely—and it has never come back again. There is never a day passes that I don't say a good word about this wonderful medicine. I almost forgot to say that I am stronger and fresher now, since taking the remedy, than I was before the cough began. I write this letter voluntarily and cheerfully and am glad to do it." (Signed) CHAS. HUMBLE, Saloon-keeper, Pocatello, Idaho.

Sold at 25c., 50c. and \$1 a bottle, throughout the United States and Canada; and in England, at 1s. 2d., 2s. 3d., 4s. 6d. If you are not satisfied after buying, return the bottle to your druggist, and get your money back.

Drying preparations simply develop dry catarrh; they dry up the secretions, which adhere to the membrane and decompose, causing a far more serious trouble than the ordinary form of catarrh. Avoid all drying inhalants, fumes, smokes and snuffs and use that which cleanses, soothes and heals. Ely's Cream Balm is such a remedy and will cure catarrh or cold in the head easily and pleasantly. A trial size will be mailed for 10 cents. All druggists sell the 50c. size. Ely Brothers, 56 Warren St., N.Y.

The Balm cures without pain, does not irritate or cause sneezing. It spreads itself over an irritated and angry surface, relieving immediately the painful inflammation. With Ely's Cream Balm you are armed against Nasal Catarrh and Hay Fever.

NEW AND STRANGE STAMP.

Has No Value, But Catholics Found It Useful in Sending Their Mail.

A new and strange stamp has been attracting the attention and wonder of our post office officials. It is a stamp not found in any collection or sold by any government. It has no legal value whatsoever. Neither is it a counterfeit, nor intended to supplant in any way the stamps issued by the government authorities. It always appears accompanied by the proper number of United States postage stamps, either fastened by their side or stuck in the lower left-hand corner of the envelope, says the Philadelphia Press.

At a first glance the stamp is a surprise and a mystery to the officials. In size and general appearance it is much like those of oriental and South American countries. But a closer look at the design—a saint hearing the Christ-child in his arms—reveals its religious character. Then the men discover the letters "S. A. G." at the top of the stamp, and for many of them the problem is at once solved.

Nearly everyone who has anything to do with the handling of the mails is familiar with these three initials. Thousands of letters bearing them in the lower left-hand corner or written upon the back of the envelope are received and delivered daily in this city alone. Even the least observant clerk or carrier has remarked and questioned them.

The initials and stamps are practically the same thing, or rather, the stamp is a new phase of an ancient custom which exists over the entire world, and which during the last few years has sprung into popularity in this country. It is a Roman Catholic custom. The "S. A. G." stands for "St. Anthony Guide."

Many wonderful things are attributed to St. Anthony by Catholics. He is known among them as the "miraculous saint." Countless stories are told of the cures he has effected—the wonders he performs even to-day. But the two things for which this saint is especially given credit are the finding of things lost and the guidance of all correspondence placed under his care.

Devout Catholics believe that a letter sent under the protection of Padua can never go astray. Therefore numbers of them to-day habitually inscribe "S. A. G." on all their mail matter, important or otherwise. The stamp is merely a more conspicuous method of placing correspondence in the care of the favorite saint, and so paying him additional honor. St. Anthony's stamps, as they are called, are a modern and distinctly American invention. But the custom is over a century and a half old.

It is strange that while hundreds of Catholics will not think of posting a letter until "S. A. G." is safely on the envelope, hardly one is able to explain why they have this implicit faith in St. Anthony's guidance, or from what their belief has sprung. They will say vaguely that "it is a custom; that we have always been told that St. Anthony will care for letters."
