

## From a G. A. R. Man

"My attack of miller's Asthma was very bad. I was afraid to lie down at night for fear of smothering. I couldn't get my breath. No matter if all the doors and windows in the house were open, it seemed as if there was no air and that I must surely smother to death. Mr. W. B. Long, of this city, called my attention to Acker's English Remedy for Throat and Lung Troubles. I thought little of it but bought a bottle in the hopes that it might help me a little. It gave me wonderful relief, and the second bottle cured me completely. My recovery is permanent, too, for ever since I have not had the slightest return of my old enemy. I consider Acker's English Remedy by long odds the best medicine in the world for hacking coughs, asthma and bronchitis. It completely masters those stubborn diseases that many people wrongly suppose to be incurable. If sufferers will just try a single bottle, it will prove every word I have said, and more too." (Signed) JOHN D. ELLIOTT, Commander John Megarrah Post, No. 132, Portland, Mich.

Sold at 25c, 50c, and \$1 a bottle, throughout the United States and Canada; and in England, at 2d, 3d, 4d, 6d. If you are not satisfied after buying, return the bottle to your druggist, and get your money back. We authorize the above guarantee. W. H. BOCKEE & CO., Proprietors, New York. WASHINGTON, Jan. 7.—Chairman Burton, when asked today if he favored the repeal of the boat railway project for the Dalles of the Columbia, said that he did, most emphatically; that the boat railway was highly impracticable, and he should use every effort to have the project wiped out. He would not be willing to consider any other project until this had been set aside and the money turned back into the treasury. For he did not propose to have the balance used as a club over him and the committee to force the substitution of a new project. He was free to admit that the portage road proposition could never be adopted, for it opens up the question of government ownership of roads, and that can never have congressional sanction.

His conclusion is that the canal and locks is the only feasible project, and the only one that can ultimately be secured; but he thinks the cost, \$4,000,000, is entirely out of proportion to the amount of commerce to be benefited at this time. He says Oregon has much more than her share in the pending bill, and if provision were made for the Dalles improvement, the name of the bill would have to be changed to "A bill for the improvement of Oregon rivers and harbors."

He is under the impression that Oregon has already received more consideration than its commerce justifies, and became nettled when pressed to continue projects which the engineers had reported disparagingly on, so that when meritorious propositions were offered he was in no spirit to entertain them.

**Spanish Steamship Wrecked.**

New York, Jan. 7.—The little Spanish steamship San Augustin has been wrecked on a small islet in Smith Channel, Straits of Magellan. The British steamship Cova, which arrived in New York last night, saved the passengers and crew, 102 in number, from attack by the pirates off the coast and landed all hands at Punta Arenas.

The pirates who swarm on that coast had taken all they could lay hands on from the wreck.

Gen. Cavanagh is Dying of Old Age.

New York, Jan. 7.—Brigadier-General James Cavanagh is dying from old age at his home in Brooklyn. He has

been ill for several weeks. Extremeunction was administered to him late last night.

General Cavanagh, who is 78 years old, was born in Ireland and came here when a young man. In 1854 he joined the Sixty-ninth regiment, and at the outbreak of the Civil War went with it to fight as a captain. He was made mayor for gallant conduct. At the close of the war he was acting colonel of the Sixty-ninth.

He was made colonel of the Sixty-ninth regiment of the National Guard after the Civil War. He held that place until Governor Flower reduced the regiment to a battalion. He was then placed on the supernumerary list. In recognition of his work in the militia he was brevetted a brigadier-general.

President Arthur appointed General Cavanagh an inspector of customs. The general has always spoken with pride of his friendship with President Arthur, General Grant, General McClellan and General Hancock.

**Drying preparations** simply develop dry catarrh; they dry up the secretions, which adhere to the membrane and decompose, causing a far more serious trouble than the ordinary form of catarrh. Avoid all drying inhalants, fumes, smokes and dusts and use that which cleanses, soothes and heals. Ely's Cream Balm is such a remedy and will cure catarrh or cold in the head easily and pleasantly. A trial size will be mailed for 10 cents. All druggists sell the 50c size, Ely Brothers, 50 Warren St., N.Y. The Balm cures without pain, does not irritate or cause sneezing. It spreads itself over an irritated and angry surface, relieving immediately the painful inflammation. With Ely's Cream Balm you are armed against Nasal Catarrh and Hay Fever.

The most soothing, healing and antiseptic application ever devised is DeWitt's Witch Hazel Salve. It relieves at once and cures piles, sores, eczema and skin diseases. Beware of imitations. Clarke & Falk's P. O. Pharmacy.
