THE CAPTURE OF GERONIMO

Philippine Namesake of Apache Chief— He Was Taken by 1000 Picked American Soldiers.

WASHINGTON, Jan. 9.—A recent issue of a Manila paper gives a graphic and interesting account of the capture and final defeat of the forces of the famous insurgent leader, Geronimo, near Montalban, by Colonel J. Milton Thompson and 1000 picked men of the Twenty-second and Forty-second volunteer infantry regiments, in November last. Geronimo, from all accounts, lived up to his namesake in this country in that he buried defiance from his mountain fortress in much the same way as Geronimo, the celebrated Apache chieftain, harassed and defied our troops in the West.

The insurgent chief was strongly fortified at Pinarran, in Demonte Canyon, near Montalban, his trenches being strung along both sides for a distance of six or seven miles.

"After the recapture of the presidential chair," says the article, "it was decided by the authorities to dislodge Geronimo at any cost. The latter boasted frequently of the time when the insurgents killed 500 Spaniards, who made an unsuccessful attempt to take Pinarran."

The time for Colonel Thompson's attack was set for noon, November 22. The expedition was divided into four detachments. The main one, under command of Captain Brandie, was in the lead, and while advancing through the bed of the canyon was the first to draw the fire of the insurgents. The intrenched Filipinos, believing the detachment to be the entire attacking party, allowed the column to advance well up the canyon, in order to more completely "bottle" it. When it had reached the desired point, the Filipinos, "yelling like Comanche Indians," opened a vigorous fire, but simultaneously with their volleys came the attack of the Americans from four distinct directions.

Then Colonel Thompson, leading the main body, performed the feat of engagement, in climbing a steep wall through dirt and underbrush, and

entered the boasted "impregnable fortress of the insurgent leader." The men had to cut their own trails and pull themselves up the mountain, grasping twigs and saplings hand over hand.

When the Americans reached the top there was not a live rebel in sight. The number of insurgents killed is estimated at from 50 to 150. The Americans lost four killed and about a dozen wounded. Lots of commissary and quartermaster stores were destroyed including insurgent uniforms to the number of nearly 1500.

How to Cure Croup.

Mr. R. Gray, who lives near Amenia, Dutchess county, N. Y., says: "Chamberlain's Cough Remedy is the best medicine I have ever used. It is a fine children's remedy for croup and never fails to cure." When given as soon as the child becomes hoarse, or even after the croupy cough has developed, it will prevent the attack. This should be borne in mind and a bottle of the Cough Remedy kept at hand ready for instant use as soon as these symptoms appear. For sale by Blakeley, the druggist.

Lost Both Legs.

WOODBURN, Jan. 9.—Steve Baker, of 45 1/2 North Third street, Portland, fifteen years of age, was brought here this morning on the Albany local from Brooks, where he had fallen from a freight train, several cars of which ran over him and severed his legs, one above and the other below the knee. After the accident he lay beside the track an hour, until the local arrived, when he stopped it by waving a hand.

He was taken to Salem on the overland morning train, still bleeding considerably. He was conscious from the time of the accident until he left here, and was very nervous over the matter. He is in a critical condition.

Admiral Phelps ill of Pneumonia.

NEW YORK, Jan. 9.—Rear-Admiral Thomas S. Phelps, who has been on the retired list since 1884, was taken to the New York hospital last night suffering from pneumonia. His home for several years has been in Washington, but for the last few weeks he has been staying in the Hotel Kensington, this city, with friends from Maine.

The merited reputation for curing piles, sores and skin diseases acquired by DeWitt's Witch Hazel Salve, has led to the making of worthless counterfeits. Be sure to get only DeWitt's Salve. Clarke & Falk's P. O. Pharmacy.

NO HOPE FOR 90 ON BOARD

Vessel Went Ashore Monday, and Since Then a Violent Storm Has Defeated All Attempts to Rescue.

MARSEILLES, Jan. 9.—Dispatches from the village of Faraman, near which the French mail steamer Rursie, from Oran, Algeria, stranded Monday in a violent storm with fifty passengers and a crew of forty on board, say that all efforts to reach the steamer have failed, owing to the tremendous height of the seas which are running.

The pilot-boats and torpedo boats which have been attempted to reach the steamer have been unable to battle with the waves, and have returned. The only hope seems to be in the ability of the lifesavers to throw a line over the Russia, as the wrecked vessel is driven closer to the shore. The fore-castle and part of forward deckhouse are all of the vessel above the water.

The beach was lined all night with watchers. Light were seen on board the steamer and is believed some of those on board of her have already drowned, although no bodies have been washed ashore.

The steamer seems to have stranded amid shifting sands, into which she is gradually sinking. Some years ago the Alix was lost with all hands near the same spot. The frequency of disasters near Faraman is due to a confusion of lighthouses. The Planier and Faraman lights are in positions almost identical; and in foggy weather it is next to impossible to distinguish one from the other until the doomed vessel is aground.

The captain of the Russia is one of the oldest at the Port of Marseilles, and has made the voyage to Oran for many years.

Funeral of P. D. Armour.

CHICAGO, Jan. 9.—Private funeral services over the body of the late Philip D. Armour were held at 11 o'clock today at the Armour residence. Following the services at the house the body was taken to the Armour mission, where from noon until 2 o'clock it lay in state and was viewed by thousands of people, including throngs of employes from the great packing-houses and other business interests of the dead millionaire, many of them standing for hours in the street for an opportunity to get a last glimpse of their former friend and employer.

The services at the house were of the simplest character, carrying out the expressed wishes of the deceased, and were attended only by the family and close friends. The home of the dead millionaire was filled with flowers. They came from everywhere, many beautiful pieces being sent on cable orders from far-off countries and from employes in nearly every large city of the country.

At 2 o'clock public funeral services were held in Armour Mission, and here again simplicity was observed in every arrangement. After the conclusion of the services the coffin was taken to a special funeral train and conveyed to Graceland cemetery, where the body was laid to rest in the Armour lot.

The Commercial Club and the St. Andrew's Society, of which Mr. Armour was a member, attended the services in a body. Representatives of the firm from Omaha, Kansas City, New York and many other cities were also present.

Played Out.

Dull Headache, Pains in various parts of the body, Sinking at the pit of the stomach, Loss of appetite, Feverishness, Pimples or Sores are all positive evidences of impure blood. No matter how it became so it must be purified in order to obtain good health. Acker's Blood Elixir has never failed to cure Scrofulous or Syphilitic poisons or any other blood diseases. It is certainly a wonderful remedy and we sell every bottle on a positive guarantee. Blakeley, the druggist.

Passengers Imprisoned.

BUENA VISTA, Colo., Jan. 9.—The Colorado & Southern train from Gunnison, due here Monday evening, was caught in a snowslide at the Alpine tunnel and has been snowbound ever since. A rotary plow from Como is on the way here, but it is doubtful if it will be able to accomplish anything as the reports

from the tunnel say the snow is falling fast and being driven by high winds.

The train is a mixed freight and passenger. How many passengers there are on the train it is impossible to find out. Unless they are released soon they will suffer from hunger and cold.

The storm which commenced Monday evening has developed into a blizzard. All trains on the Colorado Midland and Rio Grande are arriving in the city late and the Colorado & Southern is attempting to run no trains on account of the many snowslides on its line between here and the tunnel.

DENVER, Jan. 9.—A great snowstorm has been raging at many points in the mountains. The Silverton branch of the Rio Grande Southern road is blocked. Two snowslides of large dimensions completely stopped all movements of trains on the branch and gangs of laborers are now clearing the track.

The storm has been heavy in the region of Tennessee Pass, on the main line of the Denver & Rio Grande, at Florence, below Cripple Creek, and at Aspen, on one of the branches of the main line. The reports of the Colorado & Southern show the storm as the heaviest at Alpine Pass, where a mountain of snow has accumulated.

A Night of Terror.

"Awful anxiety was felt for the widow of the brave General Burnham of Machias, Me., when the doctors said she could not live till morning," writes Mrs. S. H. Lincoln, who attended her that fearful night. "All thought she must soon die from Pneumonia, but she begged for Dr. King's New Discovery, saying it had more than once saved her life, and had cured her of Consumption. After three small doses she slept easily all night, and its further use completely cured her." This marvelous medicine is guaranteed to cure all Throat, Chest and Lung Diseases. Only 50c and \$1.00. Trial bottles free at Blakeley's drug store.

Changing to Whisky.

LONDON, Jan. 9.—The inquests to those who have died from the effects of poisoned beer, which made such havoc at Manchester, are being held today. The delay was occasioned by the desire of the authorities to secure the opinion of experts. Over 1100 persons were being treated at one time for poisoning. The sale of beer in the saloons has fallen off very seriously, many drinkers changing to whisky, and some, in response to the appeals of the temperance people, stopping drinking of intoxicants altogether. It is now claimed in behalf of Mrs. Maybrick that her husband was poisoned through beer.

Persons who suffer from indigestion can not expect to live long, because they cannot eat the food required to nourish the body and the products of the undigested foods they do eat poison the blood. It is important to cure indigestion as soon as possible, and the best method of doing this is to use the preparation known as Kodol Dyspepsia Cure. It digests what you eat and restores all the digestive organs to perfect health. Clarke & Falk's P. O. Pharmacy.

First Time in Years.

WALLA WALLA, Jan. 9.—For the first time in about eleven years this vicinity is enjoying an extended season of sleighing. Last Friday morning about seven inches of snow fell. The ground happened to be in the right condition, and the fun commenced at once. Since that time every one who could get hold of a horse and sleigh has been on the streets every afternoon and evening.
