

## OREGON SOLONS ARE AT WORK

Temporary Organizations Effected in Both Houses.

Special to THE CHRONICLE.]

SALEM, Ore., Jan. 14.—The house was called to order at 10 o'clock by Jennings, chief clerk of the last house. Harris, of Lane county, nominated Roberts, of Wasco county, for temporary speaker. Mr. Roberts was unanimously elected. On motion of Stewart of Jackson, Jennings was elected temporary clerk. Kirk, McGreer, Grace, Stewart and Nottingham were appointed as committee on credentials. Barrett, Eddy, Whitney, Watson and Emmett were appointed as committee on order of business. The house then adjourned till 2 o'clock p. m.

Immediately following adjournment the republicans of the house went into caucus. The senate republicans had caucused at 10 o'clock.

At 11 o'clock the senate was called to order by Senator Cameron, and Williamson was elected temporary president. Moorhead was elected temporary clerk, and Frank Grant, of Multnomah, assistant clerk. Senators Brownell, Joseph and Steiwer were appointed a committee on credentials. It is hardly probable that there will be any permanent organization today.

### Republican Caucus Nominees.

SALEM, Ore., Jan. 14, 1 p. m.—The senate republican caucus has chosen Fulton, of Clatsop, for president and Moorhead for chief clerk.

The house republican caucus chose Reeder of Umatilla county for speaker, and Wilson of Portland for chief clerk.

### No Right to Ugliness.

The woman who is lovely in face, form and temper will always have friends, but one who would be attractive must keep her health. If she is weak, sickly and all run down, she will be nervous and irritable. If she has constipation or kidney trouble, her impure blood will cause pimples, blotches, skin eruptions and a wretched complexion. Electric Bitters is the best medicine in the world to regulate stomach, liver and kidneys and to purify the blood. It gives strong nerves, bright eyes, smooth, velvety skin, rich complexion. It will make a good-looking, charming woman of a run-down invalid. Only 50 cents at Blakeley's drug store.

### Kennedy is Pardoned.

INDIANAPOLIS, Ind., Jan. 12.—Governor Mount, who retires from office next Monday, today pardoned William W. Kennedy, who was sentenced to prison for life in 1885 for the murder of David Baker, at Greensburg, Ind. Kennedy was paroled in 1897 and has for several months been attached to the sanitary service in Havana.

The case attracted national attention because of the efforts of Kate Kennedy, the convicted man's sister, to secure his pardon. Since his conviction she has appealed to every Indiana governor, but without avail until today. Miss Kennedy, in man's garb, traveled over the country in an endeavor to locate the real murderer. She tramped her way and never missed an opportunity to interview tramps and criminals, with the view of ascertaining the whereabouts of the man for whose crime she claimed her brother was suffering.

### Kruger a Dangerously Sick Man.

CHICAGO, Jan. 12.—A dispatch from Paris to the Tribune says: Private advices received here say that a German physician who recently examined President Kruger pronounced him dangerous to life, scarcely able to live more than a fortnight longer. The president was prostrated by an attack of bronchitis two weeks ago and the severe climate has facilitated the progress of the disease. When President Kruger was first attacked by his present illness his condition

was the cause of no little anxiety. Two days later, however, it was announced that he was improving and had been able to leave his bed. The unusual severity of the present weather, together with the damp atmosphere of The Netherlands has aggravated the executive's condition until now his friends are alarmed.

### Growing at England.

MONTREAL, Jan. 12.—La Verite, the recognized organ of the ultra Catholic French Canadians, publishes a threatening against English rule in Canada. The article says:

"There is a limit to human patience. It is said that England will always guard Quebec. We say that she will guard Quebec, just as long as the French Canadians wish her to and not an instant longer, and if the fanatics of Ontario and elsewhere were not blinded by passion they would comprehend it also. If the insults of which we have been made the constant object on the part of the English element of this country do not soon come to an end, and if they continue to reward our loyalty toward the English throne by covering us with injuries and flooding us with threats, there will be an explosion of anger among the French Canadians which will astonish those who are accustomed to regard us as 'Good sheep.'"

"And what will be the result of a series of riots, of serious troubles between the French Canadians and the English? The French Canadians have only to make a sign to Uncle Sam and in fifteen days an army would occupy Quebec, Montreal and Toronto.

"We certainly do not hope to see these things, but they will come if the campaign of insult does not cease."

### His Life Was Saved.

Mr. J. E. Lilly, a prominent citizen of Hannibal, Mo., lately had a wonderful deliverance from a frightful death. In telling of it he says: "I was taken with Typhoid fever, that ran into Pneumonia. My lungs became hardened. I was so weak I couldn't even sit up in bed. Nothing helped me. I expected to soon die of Consumption, when I heard of Dr. King's New Discovery. One bottle gave great relief. I continued to use it, and now am well and strong. I can't say too much in its praise." This marvellous medicine is the surest and quickest cure in the world for all Throat and Lung Trouble. Regular sizes 50 cents and \$1.00. Trial bottles free at Blakeley's drug store; every bottle guaranteed.

### Canal Treaty Taken Up By the British.

WASHINGTON, Jan. 12.—Official information has reached the state department to the effect that the Hay-Pauncefote treaty, as amended by the United States senate, is now under consideration by the British cabinet officials, with a view of finally determining whether the instrument in its amended form shall be agreed to or not. Beyond the fact that document itself is now before the officials for final action, the state department is not advised, and there is no intimation at hand as to the probable result of the conferences now going on. That it is actually taken up gives promise that an answer one way or the other will be quickly forthcoming, and there will be no long-drawn-out delay over the negotiations.

The fact that the treaty is now being actively considered in London naturally has excited much speculation as to the final outcome, but the state department is unable to confirm any of the rumors as to probable acceptance. There is quite a prevailing feeling, however, unofficially expressed, by those who have followed the recent course of affairs, that the indications are favorable to an acceptance. It was pointed out in this connection by an official that if a rejection was contemplated, it probably would be made at once, whereas the delay of about two weeks since the amended treaty reached the London foreign office, gave evidence that there was a desire on the part of the cabinet officials there to consider the matter with much deliberation in the hope of bringing the two governments into agreement.

## HAVE ORDERS TO SIGN NOTE

Chinese Court Has Issued the Long Expected Instructions to Its Representatives.

PEKIN, Jan. 12.—The Chinese Peace Commissioners have received orders from the court to sign the joint note of the powers.

NEW YORK, Jan. 12.—A special to the Times from Washington says: Not much faith is placed by the state department in the story from Paris that the joint note has been signed by Prince Ching and Li Hung Chang. It is said that Minister Conger would certainly have reported an event of so much importance, and that not a word has been received from him on the subject.

The state department is still strongly inclined to doubt whether the opposition of the empress dowager can be overcome by any ordinary means. The appearance of Chang Chi Tung as leader of the opposition increases the doubt. Chang is known throughout China as the principal representative of whatever patriotism and love of country is left in the empire. His influence is all the greater because his antipathy to foreigners has never led him into any of the useless and violent moves against them, such as the Boxer rebellion. Chang has always sought by conservative means to build up the patriotic spirit in his country without compromising it in the eyes of the powers. He is additionally respected because he is known to be an incorruptible office-holder, a rarity in China, and he has actually sunk a fortune in public works without getting a cent dishonestly.

The fact that such a man has warned the empress dowager that she must recall her authorization to the plenipotentiaries is of great significance. If the empress dowager should again assent to the signing of the note, she would have to reckon with a patriotic movement led by Chang.

### Control Express Companies.

CHICAGO, Jan. 11.—The Record tomorrow will say: "Absolute control of the vast interests of the express companies may fall into the hands of the railroad financial powers. Preliminary steps toward such an object are said to have been taken under the guidance of J. P. Morgan, James J. Hill and others, who are figuring prominently in the recently reported railway deals, and the general scheme has been outlined. The report has it that the powers intend to conduct the express business of the country as a regular department of railroad operation. While nothing definite regarding the plans is obtainable, it is claimed to be the intention of the railroad officials to refuse to renew contracts with the companies where the remaining life of the contracts is not long, and to make outright purchases of franchises where the contracts still have long lives before them. The express companies have contracts ranging all the way from five to 20 years, and at the expiration of their legal agreements they are at the mercy of the railroad companies."

### Danish Indies to Be Ours.

COPENHAGEN, Jan. 11.—The negotiations for the sale of the Danish West Indies to the United States are seemingly approaching settlement. The matter has been placed in the hands of the finance committee of the Rigsdag, with the view of arranging the difference in the price asked and offered. The King and Ministry are in favor of the sale, but final action may be delayed by powerful opposition both in the islands and here.

WALTHAM, Mass., Jan. 11.—Two men, one of whom is said to bear a striking resemblance to the newspaper pictures of Pat Crowe, the alleged Omaha kidnaper, were sentenced to serve six months at the state farm today on the charge of vagrancy. They gave their names as Fred Miller, of Putnam, N. Y., and Fred Wilson, of New Haven, Conn. They had been occupying a camp in a secluded place. Both were well dressed.
