### WAYSIDE GLEANINGS.

P. P. McCully, late of this city, is now sole proprietor of the Goldendale Journal.

The Glacier says Mr. and Mrs. Leslie Butler started Tuesday on a trip to Michigan to visit a daughter living there.

John C. Coventon, of this city, a young man of about 20 years, son of Mr. and Mrs. James Coventon, was taken to Portland today to be operated on for appendicitis.

A new telephone system has recently been invented by which a person may communicate from a moving car or railway train with others at the stations along the line of travel, or at the central telephone stations of cities.

Memorial services in memory of the late J. R. Warner will be held under the auspices of the White Salmon grange in the church at that place on Sunday, Jan. 27th, at 11 o'clock. Comrades of the G. A. R. and all others are invited to be present.

Minnesota claims to have the tallest man in Louis Wilkins, born on a farm near St. Paul, who is now 26 years old, weighs 364 pounds and lacks less than 1 inch of being 9 feet high. St. Paul has produced either the tallest man or the tallest story.

A politician or political striker who came down from Salem yesterday was questioned by some of his friends in regard to the senatorial situation. "Gentlemen," said he, "the present senatorial situation is the most complex political conundrum I have ever had any-

thing to do with. No one can form any idea of what the outcome will be, and if any one says he knows anything about it, you can set him down for the champion prevaricator of the century."—Oregonian.

Representative Roberts has received a remonstrance against the annexation of the Antelope and Bakeoven precincts to Sherman county, containing a large number of signatures of the residents and taxpayers of these precincts.

A new weather station has been established at Shaniko, with William Holder as volunteer observer. Another has been established at Bend, on the Upper Deschutes, with D. D. Warren observer. These stations will be equipped to record temperature and rainfall and reports will be sent in monthly to headquarters at Portland.

Smallpox is reported epidemic at Heppner, Oregon, a local physician declaring that there are so many cases that any attempt to check it seems almost hopeless. The original case is said to be that of a young lady from the East, and who is supposed to have contracted the disease while en route west on the train. A rumor reached here yesterday that the town had been quarantined, but the railroad officials had not heard of it, and it is probably not true.

Representative Roberts has introduced a bill providing for a tax levy of 1 mill upon all the taxable property of Oregon, as returned by the assessment rolls for 1900, to meet the outstanding warrants drawn on the scalp-bounty fund. It appears that there are a great many scalp-bounty warrants not paid by reason of the fact that more scalps of predatory animals have been taken than was anticipated when the scalp-bounty law was passed two years ago.

Resolutions to commemorate the death of the queen and extolling her many virtues were promptly and abundantly introduced in the Oregon legislature. Promptly upon receipt of the news that Her Majesty was dead Wednesday, Senator Daly, whose name is Irish, birth, training and blood American, and sympathies Catholic, moved in the senate that there be an adjournment out of respect to the queen. The house shortly afterward followed suit, first appointing a committee to draft appropriate resolutions.

At a special meeting of the city council last night the ordinance for the vacation

of Monroe street, between First and Second, came up on a motion to reconsider and the ordinance was again passed with an amendment requiring Z. F. Moody to give a quit claim deed to the city of 25 by 40 feet on the northeast corner of the vacated premises and requiring him, within 18 months, to erect a building to cover the said 25 by 40 feet for the use of the fire department. On Mr. Moody's failure to comply with these requirements the ordinance becomes null and void.

Rev. Father Gard, the Catholic priest of Klickitat county, has moved to Marysville, where he will take charge of a church. His successor is Father Barry. Speaking of Father Gard, the Goldendale Sentinel says: "Rev. P. Gard, during his six years residence in this county, has gained the love and respect of all our people, regardless of religious beliefs, who are all sorry to see him leave. The people of Marysville will find him a kind courteous gentleman, and a friend to both Catholic and Protestant."

The county court is having some very excellent and much-needed improvements done on the Chenoweth Creek road, especially to the sandy part of it lying south of the Catholic Mission gardens. The road has been widened out considerably and all the inequalities leveled down, while a force of five teams and some twelve or fifteen men are at work covering the sandy part of the road-bed with a coating of eight to ten inches of clay soil that is expected to pack hard and stop the drifting of sand underneath. The work is being done under the personal supervision of Commissioner Harriman.

A concurrent resolution was adopted by both houses thanking Captain Clark, of the battleship Oregon, for the valuable and gallant services rendered by him to his country.

The bill providing for a three-cent passenger fair on railroads is practically killed. It sleeps in the house committee on railroads.
