Rolling Mill Consumption &

Seven out of every ten men who work in rolling mills, iron foundries and glass factories die of consumption. You know how early in life these men pass away. The usual symptom is a nagging, persistent cough—sometimes short and hacking, sometimes hard and dry. The patient grows weaker and thinner day by day. Death eventually conquers. The trouble comes from intense heat, and the constant inhaling of the fine particles of dust and iron that fill the air. These particles, under a microscope, show ragged, sharp edges, which tear and mutilate the delicate lining of the throat and lungs. Perpetual sores are thus formed, and here it is that the germs of consumption find a place to feed and multiply. Acker's English Remedy was discovered in England, and is the only cure in the world for Rolling Mill Consumption. It heals up the sores, strengthens the mucous membranes of the breathing organs, permanently atops the cough, builds up the constitution and imparts vigor to the whole system. It must either cure or it costs you nothing. One bottle does wonders. Try it. What it has done for many others it will also do for you and your loved ones.

Sold at 25c., 50c. and \$1 a bottle throughout the United States and Canada; and in England at 1s. 2d., 2s. 3d., 4s. 6d. If you are not satisfied after buying, return the bottle to your druggist, and get your money back.

We authorize the above guarantee. W. H. HOOKER & CO., Proprietors, New York.
