DAUGHTERS OF THE REVOLUTION

Interesting Development Expected at the Next Meeting.

NEW YORK, Feb. 14.—The session of the congress of the Daughters of the Revolution in Washington next week promises some interesting and lively developments. The members of the board contend that the president-general must be the wife of a man holding office under the national government. The wife of a president of the United States is preferred, but Mrs. McKinley is not an office-seeker. Mrs. Roosevelt, the next choice, declined the honor. The members of the executive board settled upon Mrs. Charles W. Fairbanks, wife of Senator Fairbanks, of Indiana, as their candidate. With her it is hoped to defeat Mrs. McLean. She has been a member of the organization since it was formed, and has an extensive acquaintance, but is opposed to the centralization policy. As the regent of the largest and most harmonious chapter in the country, she has a natural leaning toward local self-government.

There is a third candidate, who was selected to oppose Mrs. McLean early in the campaign, before Mrs. Fairbanks was brought forward. Mrs. Washington A. Roebling, who was to draw strength from her connection with the Women's Club was named for the office. Mrs. McLean accompanied by Mr. McLean and their daughter, will go to Washington today. Mrs. Fairbanks is already in the field, and Mrs. Roebling will be there before the fray begins. A large delegation of McLean partisans will go from this city.

Irish Party United.
LONDON, Feb. 14.—John Redmond, in the course of an interview this evening, said:

"While the Commons and Peers were jostling each other today in haste to pay obedience to Edward VII, every Irish member deliberately abstained from any participation in the pageant. The Irish National Party unanimously decided that in consideration of Ireland's present position, the Irish members would take no part in the ceremonies inaugurating the new reign. For the

first time in ten years, 80 Irish members met in a united party in Westminster today and determined on a vigorous campaign against the new king. They intend not only to discuss Irish questions, but to interfere in every British question which may arise. "We propose to expose the iniquity of the Boer war, and to make a general assault upon the whole line."

This evening, Mr. Redmond received a message from Boston signed by Mr. O'Callahan, saying: "Members of the United Irish League, of Boston, bid the Irish Party Godspeed in beginning the fight."

Original Invitation Stands.
MEMPHIS, Tenn., Feb. 14.—At a meeting of the executive committee of the Confederate rennon, the resolution of yesterday explaining why President McKinley was invited to be present on the occasion of the confederate union in May next was rescinded and the original resolution, inviting the president to Memphis stands.

Memorial to Ingersoll.
NEW YORK, Feb. 14.—A movement is on foot to establish at New Rochelle a public park in memory of Robert G. Ingersoll. Dr. E. B. Foote, of Larchmont; Wilson McDonald, of Yonkers; Captain George W. Lloyd, of New Rochelle, and the members of Brooklyn Philosophical Society are behind the movement. Steps toward the acquisition of the land are now under way. The park will bear the name of Colonel Ingersoll and will provide also a site for the Tom Paine monument.

Two reports will be presented to that general assembly. The majority report will recommend a supplemental explanation of the creed. The minority report will recommend a supplemental explanation of doctrine.

TO COMPENSATE SETTLERS

Congress Addressed in Behalf of Wasco and Sherman Counties.

SALEM, Or., Feb. 14.—Johnston's memorial urging congress to appropriate money to compensate settlers of Wasco and Sherman counties recites the facts regarding the land grants to the Northern Pacific Railroad Company, and to the Dalles Military Road Company, and the litigation concerning the same. It is shown that the land was settled under a decision of the department of the interior, and that a later decision gave the lands to the road company and its successor, the Eastern Oregon Land company. The memorial continues: "That as a result of the erroneous action of the government in encouraging and permitting said citizens to settle upon and file claims and build homes upon said lands, great injustice and untold hardships have been visited upon said citizens, involving the loss of their farms and homes and the fruits of their labors for many years. Furthermore, these unfortunate settlers are now unable to obtain homes from the public domain in said counties, for the reason that while they were resting in the false security that the government would protect them in the possession of the lands which it had encouraged and permitted them to appropriate and improve, all or nearly all of the vacant government land in said counties of any value for agricultural purposes was being rapidly taken up by more fortunate citizens, and the same is now practically all exhausted.

"Therefore, your memorialists most earnestly and respectfully ask that justice be done these settlers who have suffered such a crushing disappointment and severe financial loss, through the error of the government, for which they have been in nowise responsible; and to that end your memorialists would

urgently memorialize and pray the congress of the United States to provide an appropriation to compensate these citizens for the great and irreparable loss they have suffered, and that our senators and representatives in congress are hereby earnestly requested to use all honorable means to secure the appropriation herein asked."

It is understood that the Eastern Oregon Land Company is composed principally of San Francisco capitalists. The proposal is that the federal government shall purchase the lands in question from the Eastern Oregon Land Company and thus make the title to the lands good to the settlers.

The resolution introduced today was forwarded to Senator Johnston by Attorney J. B. Hosford, of Moro.

Among the tens of thousands who have used Chamberlain's Cough Remedy for colds and la grippe during the past few years, to our knowledge, not a single case has resulted in pneumonia. Thos. Whitfield & Co., 240 Wabash avenue, Chicago, one of the most prominent retail druggists in that city, in speaking of this, says: "We recommend Chamberlain's Cough Remedy for la grippe in many cases, as it not only gives prompt and complete recovery, but also counteracts any tendency of la grippe to result in pneumonia." For sale by Blakeley, the druggist.

Extra Session Talk.
WASHINGTON, Feb. 14.—There is still a strong insistence that there will be an extra session of congress. Senators who saw the president today say there is no doubt about the president insisting that congress shall share with him the responsibility for Cuba and the Philippines. The suggestion has been made that the session will be called about May 1st.

For the weakness and prostration following grippe there is nothing so prompt and effective as One Minute Cough Cure. This preparation is highly endorsed as an unfailing remedy for all throat and lung troubles and its early use prevents consumption. It was made to cure quickly. Clarke & Falk's P. O. Pharmacy.

Recent experiments show that all classes of foods may be completely digested by a preparation called Kodol Dyspepsia Cure, which absolutely digests what you eat. As it is the only combination of all the natural digestants ever devised the demand for it has become enormous. It has never failed to cure the very worst cases of indigestion and it always gives instant relief. Clarke & Falk's P. O. Pharmacy.

A powerful engine cannot be run with a weak boiler, and we can't keep up the strain of an active life with a weak stomach; neither can we stop the human machine to make repairs. If the stomach cannot digest enough food to keep the body strong, such a preparation as Kodol Dyspepsia Cure should be used. It digests what you eat and it simply can't help but do you good. Clarke & Falk's P. O. Pharmacy.
