

STILL IN THE COUNTY JAIL

Mrs. Nation Refuses to Obtain Bonds—
Her Two Accomplices Expect Soon to Get Out.

TOPEKA, Kan., Feb. 20.—Mrs. Carrie Nation and her two companions, Mrs. Crist and Miss Madeline Southard, are still confined in the county jail. Mrs. Nation stolidly persists that she will not give a \$2000 bond to keep the peace, and will remain in jail. The other two women are undecided, but it is thought will secure bonds in a day or two. There has been a constant stream of visitors, and yesterday afternoon Mrs. Nation sent down word that she was not to be disturbed.

Mrs. Nation receives a large number of letters and telegrams daily. She spends the greater part of her time in writing. The cases against the Nation crusaders for malicious destruction of property at Murphy's place, Sunday morning, will be called in the district court today. It is a criminal charge, and will be tried by jury. Mrs. Nation will look after her own case. The other defendants have secured counsel.

Bad For Defendant.
WICHITA, Kan., Feb. 20.—Mrs. Nation's attorneys presented a motion in the district court to quash the indictment against his client on the ground that the building injured harbored a nuisance, and that his client had the right to abate it. In denying the motion, Judge D. M. Dale ruled today that it makes no difference whether the property destroyed is used for a saloon, a bank or a grocery store.

Under this ruling the only point at issue is whether the accused broke the glass windows, as alleged in the complaint. The complaint in one case is made by the owner of the building, who was not the proprietor of the saloon.

Trouble Brewing at Winfield.
WINFIELD, Kan., Feb. 20.—Jointists were given until noon today to remove their fixtures from the city. They refused to do so. The city marshal has armed 100 deputies under instructions to preserve order and prevent destruction of property at all hazards.

Had to Explain Absence.

SALEM, Feb. 19.—This afternoon there was considerable trouble to keep a quorum in the senate. On a call of the house the members would come in, but would almost immediately leave again. At last Kuykendall moved that when the members be brought in they be required to give an excuse for their absence. He said that in the language of the small boy "this is no josh." for the work of the senate is greatly retarded by the want of a quorum. On a call of the house Senators Smith, of Multnomah, Booth, Adams, Johnston, Porter, Daly and Josephi were arrested and brought before the bar of the senate, where President Fulton demanded their excuses. Each had a good one except Adams and Daly. All excuses were accepted save that of Adams, which was at first rejected, but later all were excused. President Fulton took occasion to say that less than a quorum could not do business and that unless the senators would remain within the bar to transact business, the senate may as well adjourn.

Cubans Are Resentful.

NEW YORK, Feb. 20.—A dispatch to the World from Havana says: The resentment of the Cubans against American interference with the formation of a government has unquestionably been increased by the demands made by Secretary Root. The military governor's newspaper organ now admits that the constitutional convention will probably refuse the concession of coaling stations, and will also reject American supervision of foreign affairs.

THIRTY THOUSAND DOLLAR SHORTAGE

Vast Sums Paid to School Land Clerk Never Turned Into the State Treasury.

SALEM, Feb. 20.—Senator Brownell, chairman of the joint committee appointed to investigate the affairs of the State Board of School Land Commissioners, today made a report that created quite a sensation. The report gives \$30,949.73 as collected and never turned into the state treasury. The text of the report follows:

"We, your committee appointed under concurrent resolution, beg leave to report as follows:

"That we have checked up the school funds back to and including the year 1894; that for the years 1894 and 1895 we find that the clerk of the state land board collected money to the amount of \$30,949.73, which sum has never been turned over to the state treasurer. We append a statement hereto annexed and marked exhibit A, showing the amounts collected and the amounts for which said clerk has receipts. The balance as shown was never turned over to the treasurer. But the books were balanced by a number of false entries, the principal one crediting the school fund with \$10,449.94 twice, when he had but one receipt covering the amount. Another being a raise of \$3000 on a receipt of the treasurer, and a number of other credits for which he held no receipts. We submit herewith a statement showing those we have to date. There may be others that we have not found owing to the limited time at our disposal, as we had used the greater part of our time before

we came to time.

"For the past five years we find that all moneys have been turned over to the treasurer as by law required. The present officers have been very kind and obliging to us, showing us every courtesy possible and furnishing us with all papers and books requested.

"In regard to the investigation of land matters we beg leave to say that our work is just fairly commenced. This is a work of no small magnitude and requires a vast amount of careful and painstaking work. It is work of great importance to the state, however, and should be attended to.

"A few things in this limited time at our disposal we have learned and note the following: Many parties holding certificates of sale which are fully paid for decline to take deeds for the same to avoiding paying state and county taxes. This should be remedied by statute, or in some other way if possible.

"Another need of land department is a system of direct and indirect indexes to records of deeds.

"We note also that the state land department is badly crowded for room, for the growing business of the office. It should also be provided with a larger vault in which to preserve the records in case of fire.

"The clerk should be required to pay money over promptly, as by law required. The bond of the clerk has generally been fixed at \$5000, which would seem to be a very small amount, considering the amount of money handled. Prudence, at least from a business standpoint, would require a larger bond. A sheriff handling an equal amount would be required to furnish from \$50,000 to \$60,000 bonds.

"In our opinion a committee should be appointed, further to investigate the matter embodied under concurrent resolution, and report as this assembly may direct.

"It would seem that justice to all parties would require a full and complete

investigation from first to last or that the matter be turned over to the attorney general.

"(Signed), GEO. C. BROWNELL, "Chairman," George W. Davis was clerk of the Land Board during the years referred to by the report.

How to Cure Croup.

Mr. R. Gray, who lives near Amelia, Duchess county, N. Y., says: "Chamberlain's Cough Remedy is the best medicine I have ever used. It is a fine children's remedy for croup and never fails to cure." When given as soon as the child becomes hoarse, or even after the croupy cough has developed, it will prevent the attack. This should be borne in mind and a bottle of the Cough Remedy kept at hand ready for instant use as soon as these symptoms appear. For sale by Blakeley, the druggist.
