THE CELEBRATED
..COLUMBIA BREWERY..
AUGUST BUCHLER, Prop.

Of the product of this well-known brewery the United States Health Reports for June 28, 1900, says: "A more superior brew never entered the laboratory of the United States Health reports. It is absolutely devoid of the slightest trace of adulteration, but on the other hand is composed of the best of malt and choicest of hops. Its tonic qualities are of the highest and it can be used with the greatest benefit and satisfaction by old and young. Its use can conscientiously be prescribed by the physicians with the certainty that a better, purer or more wholesome beverage could not possibly be found."

Bishop Morris will hold service in St. Paul's Episcopal church tomorrow morning at 10:30. Celebration of holy communion. No evening service.
The kindergarten will open on Monday morning at the public school annex, and Mrs. Dunlap requests the mothers to bring their children promptly so the work may be regularly begun at once.
Had the anti-free-lunch bill been passed by the recent legislature and signed by the governor, it is understood that the saloon men would have sold a five-cent lunch and furnished free beer.
In 1865 Jos. Lockwood freighted an engine and boiler from The Dalles to Canyon City on two wagons at 15 cents a pound. He used 40 yoke of oxen and made the 185 miles in two and a half months, there being then no road.—Heppner Gazette.
Miss Abbie Mills arrived in the city today from Portland and has accepted a position with Dr. Geisendorffer. Miss Mills is an excellent nurse, having had twelve years experience in the profession. She was formerly superintendent in the Salem Hospital.

A meeting of the Oregon Woolgrowers' Association will be held in this city on March 12th. The association has procured the commercial club rooms, and the meeting will be called to order promptly at 10 a. m. Supt. S. B. Ormsby will be present, and it is especially desired that all sheepmen will be in attendance.
Sheriff Kelly instructs THE CHRONICLE to say that as the nickle-in-the-slot law is now in effect all persons who allow any of the machines in their places of business, whether the same are in use or not, leave themselves liable to the law, which it becomes his duty to enforce.

A word to the wise ought to be sufficient.
Rev. U. F. Hawk wishes to call special attention to the third in his series of sermons on "Faith Made Easy," which will be delivered tomorrow night. By request and apropos of the sermon Miss Collins will sing "The Man of Galilee." Miss Myrtle Michell will also assist in the singing. At the morning service Miss Cora Aldrich has consented to sing. "Continous show, no waits between acts," such will be the performance to be given on the 12th for the benefit of the football association. A number of clever specialties will be introduced between the acts, thus doing away with the long waits so usual and nearly always unavoidable at home talent performances.
Miss Anna Taylor announces that the high water in Mill creek last Wednesday prevented her from attending the kindergarten at the First Baptist church, and so the school was closed for the rest of the week. The school, however, will open again next Monday at the usual hour and Miss Taylor hopes to see all children in attendance.
C. F. Stephens, after being in business in this city as clerk and proprietor for eighteen years, has sold out his entire stock of dry goods and gents' furnishing goods to H. L. Price, of Oregon City. Mr. Price took possession of the business this morning. Mr. Stephens has no plans for the future save for a time to take a well-earned rest.

On a wager of \$500 T. S. Van Kirk, a contractor of Paterson, N. J., constructed a carpenter shop 50x80 feet and two stories high in four hours. Time was called at 1 o'clock in the afternoon and seventy-five men sprang at the job, each having been carefully drilled in what he was to do individually and as a part of the force. The building had to be weather-proof, floored, roofed and ready for occupancy. The work was completed half an hour inside the specified time.
The Reporter, the official organ of the A. O. U. W., pays the following handsome compliment to Mrs. C. F. Stephens of this city: "The Degree of Honor in Oregon was never in better condition or under better management than it is at the present time. Sister Stephens is a model grand chief and she has a splendid corps of helpers. The net results for the year will be the best in the history of the order, notwithstanding the great interference to work which was caused by the epidemic of la grippe."

A dispatch received here this morning announced the death at 7 o'clock yesterday evening at Albina of George Lang, who was for many years a locomotive engineer on the O. R. & N. road, and was well known in this city, where he has a host of friends who lament his death. Mr. Lang's age was in the neighborhood of 50 years. The cause of his death was pneumonia. He came here from Kansas and entered the employ of the company in 1884. In the

absence of information it is presumed the funeral will take place tomorrow at Portland.
The Hood River Glacier says: "A proposition from The Dalles Electric Light Co., is before the Hood River Electric Light and Power Co. asking that the two companies consolidate. The project is to increase the capital stock, build a dam in Hood river and furnish power for The Dalles or any other place within reach for electric lights, mills or other industries. The dam is estimated to cost \$20,000; wiring to transmit power to The Dalles is estimated to cost \$70,000. A flouring mill with a capacity of 500 barrels a day, is to be erected by the Wasco Warehouse Co. This mill will take power from the new company at a cost of \$8000 a year.
Joseph Kirchoff, an experienced millman, arrived in Sun-pter on Monday evening's train, en route to the Golden Eagle mine. This property is situated near the Bonanza and is owned by a company of Dalles business men headed by J. S. Fish. The mine has been worked for several years, chiefly under direction of J. H. Cradlebaugh, and several tunnels have been run. That the showing made is satisfactory to the owners is proven by the fact that Mr. Kirchoff's object here is to superintend the installation of a complete hoisting plant at the mine. Some very rich ore has been taken from the Golden Eagle, and if the sinking experiment shows satisfactory results another producer will be added to the Sunpter district.—Sunpter Reporter.

A great deal is being said about the "democratic vote" cast for Mr. Mitchell. Here is what Mr. Watson, democrat of Multnomah, says about that: "We, who were elected on the citizens' ticket in this county last June owe our victory to republican votes, and so we violated no political trust in voting for a republican. Had Mr. Corbett been ten years younger I should have voted for him. Mr. Mitchell made no promises to us. He simply said: "If you can elect me, vote for me; if not, you need not throw your votes away." We thought Mitchell would be a good man for the state, and so voted accordingly, after having given the republican majority ample time to settle the matter among themselves."

TO THE EDITOR:

I see in THE CHRONICLE that Senator T. H. Johnston, of Dufur, gives you the lie with reference to your statement that he had pledged himself during the campaign preceding his election that he was not in favor of Corbett for senator and would not vote for him if elected. Mr. Johnston may be right as far as the controversy between him and you is concerned, but I want to tell you how he kept faith with me in the same matter. I was in Mr. Johnston's store shortly after his nomination and there were present Eli Hinman and Sam Edmonson, both of Dufur, together with a number of others. Mr. Johnston asked me to work for his election among the voters in my precinct of East Dalles. I told him I would on one condition, namely, that he would not vote for any person for senator who was connected with the Simon-Corbett Portland ring, nor for any one who was responsible, in any measure, for the hold-up in the legislature of 1897. And then and there he openly pledged himself, in the presence of six or eight persons, that if elected he would not vote for any one connected with that ring. Accepting his word of honor I went to work and did all I could to secure him votes among people who were not acquainted with him, and with considerable success. You can imagine, therefore, how cheap I feel when neighbors, who voted for Mr. Johnston through my influence, come to me and blame me for inducing them to vote for a man who has gone clean back on the promises I made on his behalf, believing that he meant what he said.

How to Cure Croup.

Mr. R. Gray, who lives near Amenia, Duchesne county, N. Y., says: "Chamberlain's Cough Remedy is the best medicine I have ever used. It is a fine children's remedy for croup and never fails to cure." When given as soon as the child becomes hoarse, or even after the croupy cough has developed, it will prevent the attack. This should be borne in mind and a bottle of the Cough Remedy kept at hand ready for instant use as soon as these symptoms appear. For sale by Blakeley, the druggist.

A Gentle Hint.

In our style of climate, with its sudden changes of temperature,—rain, wind and sunshine often intermingled in a single day,—it is no wonder that our children, friends and relatives are so frequently taken from us by neglected colds, half the deaths resulting directly from this cause. A bottle of Boschee's German Syrup kept about your home for immediate use will prevent serious sickness, a large doctor's bill, and perhaps death, by the use of three or four doses. For curing Consumption, Hemorrhages, Pneumonia, severe Coughs, Croup, or any disease of the Throat or Lungs, its success is simply wonderful, as your druggist will tell you. Get a sample bottle free from Clarke & Falk. Regular size, 75 cents. Get Green's prize almanac.
