Owing to the fact that some people have expressed themselves as believing that the drawing on the Piano will not be on the "square," we have decided to change the method of drawing. Instead of drawing for the lucky letter we will have the drawing by number, the purchaser retaining the ticket. A coupon with a corresponding number will be put in a box. On Saturday evening, July 27th next, a little girl, after being blindfolded, will draw one coupon from the box containing the coupons, and the party holding the corresponding number will be entitled to the beautiful Piano, valued at \$300. To prove to the public that the method of drawing by letters to form the name Gumbert was not a fraud, we have opened the envelopes, containing the letters, in front of several witnesses and found the lucky letter, which was T.

All persons holding letters will kindly call and exchange them for numbered tickets.

WEDNESDAY - MARCH 6, 1901

The wretched apportionment that gives us a representative district extending from the Columbia river to California is responsible for the fact that we had some representatives in the recent legislature that not one in five hundred of us has ever seen. Some of them, to be sure, we don't care, so long as we have health and eyesight, if we never see. But there is at least one marked and honorable exception, namely, Hon. A. Emmitt, of Keno, Klamath county. We speak of him now because we would have him know that his labor as joint representative of Wasco county is highly appreciated and will not be forgotten should it ever happen that we have an opportunity to express our appreciation by our ballots. Mr. Emmitt stood shoulder to shoulder with Senator Williamson and Representative McGreer in all that they asked and did for the people of this district, and especially in never casting a ballot for the man who debauched the legislature of 1897. For all this and much more Mr. Emmitt has the unfeigned thanks of THE CHRONICLE and an overwhelming majority of the republicans of Wasco county.

Far and above the roar of the legislature could be heard rolling along and gathering impetus as it advanced the boom of Chas. W. Fulton for governor two years hence, says the Statesman. There are several things to indicate that there will be some politics in Oregon two years hence, when an anti-Simon legislature will be to elect. Successors to the present state officers are also to be chosen at that time. There is no talk among republicans of Geer succeeding himself as governor. Mr. Blackburn can be attorney-general again if he wants it, and

Mr. Moore can succeed himself as state treasurer. E. E. Young, of Sumpter, wants to succeed Mr. Leeds as state printer, and there are already several candidates for secretary of state and school superintendent.

If the River and Harbor bill has failed to pass we have the consolation up this way that the unexpended \$216,000 appropriated for the improvement of the dalles of the Columbia has not been covered into the treasury, as it would have been if the bill had become a law. It will be of service as a starter when congress decides on the character of the improvements. Small favors are thankfully received these days.

The Oregonian takes too seriously the intimation of the La Grande Chronicle that coyote farming is likely to become an important industry in Eastern Oregon under the new scalp bounty law. There is small likelihood of anything of the kind as long as chuck steak is retailing at 15 cents a pound, and sows belly at 18 cents and all the fixin's in proportion.

The Albany Democrat, which has taken marked interest in the affair of the assistant janitor of the state house, has at last made up a prima facie case against him. It has found that Gates recently subscribed for a Eugene paper and paid his subscription in advance.

The Portland Telegram has a notice of the marriage of "Dr. Myra Brown and P. H. Tynan." Now in the language of the showman, which is Daniel and which is the lion?

In their lengthy account of the brilliant pageantry of the inauguration the dispatches have failed to say a word about the emperor's crown.

A Gentle Hint.
In our style of climate, with its sudden changes of temperature,—rain, wind and sunshine often intermingled in a single day,—it is no wonder that our children, friends and relatives are so frequently taken from us by neglected colds, half the deaths resulting directly from this cause. A bottle of Boschee's German Syrup kept about your home for immediate use will prevent serious sickness, a large doctor's bill, and perhaps death, by the use of three or four doses. For curing Consumption, Hemorrhages, Pneumonia, severe Coughs, Croup, or any disease of the Throat or Lungs, its success is simply wonderful, as your druggist will tell you. Get a sample bottle free from Clarke & Falk. Regular size, 75 cents. Get Green's prize almanac. 2

Drying preparations simply develop dry catarrh; they dry up the secretions, which adhere to the membrane and decompose, causing a far more serious trouble than the ordinary form of catarrh. Avoid all drying inhalants, fumes, smokes and snuffs and use that which cleanses, soothes and heals. Ely's Cream Balm is such a remedy and will cure catarrh or cold in the head easily and pleasantly. A trial size will be mailed for 10 cents. All druggists sell the 50c. size. Ely Brothers, 56 Warren St., N. Y.

The Balm cures without pain, does not irritate or cause sneezing. It spreads itself over an irritated and angry surface, relieving immediately the painful inflammation. With Ely's Cream Balm you are armed against Nasal Catarrh and Hay Fever.
