

A Mother's Plain Words

"I suppose you will be astonished when I tell you that six years ago I was in a most dangerous condition with bronchitis and lung trouble, because you can see how well and strong I am now. The attack at that time caused terrible pain in my chest and lungs. I could hardly move, and to stoop caused intense suffering. Someone advised Acker's English Remedy, and I thought I would try it, although I confess that down in my heart I had little faith in it. The first bottle gave great relief, and the second bottle made me the healthy woman I am today. My husband's lungs are weak also, and he cured himself with the same grand old remedy. Our boy and girl have both been saved by it from death by croup. I know this is so, for when they were attacked in the night I had a bottle in the closet, and by acting quickly that fatal malady was easily overcome. We always give it to the children when they have a cough or cold, and we would not be without it for anything. My sister will tell you also, if you ask her, that it is a medicine that can always be depended upon for all the troubles of the breathing organs. I tell all our neighbors about Acker's English Remedy whenever I get a chance, and there are plenty of people around Mechanicsville, N. Y., where I live, who would no more think of going to bed at night without a bottle of it in the house than they would of leaving their doors wide open. As I look at it, parents are criminally responsible when they allow their children to die under their very eyes with croup, because here is a certain remedy that will conquer the terrible monster every time."

(Signed) Mrs. FLOYD FOWLER.
