NO. 69

Want Civil Rule.

BACOLOR, Island of Negros, March 22.—According to expressions of a large majority of the delegates from Occidental Negros, and of a few who were present from the Oriental side, the sentiment of the people is overwhelmingly in favor of succeeding the present governments by provincial governments in both divisions. The reasons given for this view are that such a change will effect a reduction of taxes and the high salaries of officials, the establishment of schools and the improvement of roads. The speakers alleged that owing to a lack of means of education, liberty was becoming license. The military commander is credited with having organized the only schools. They are taught by soldiers. Commissioner Taft assured the delegates that Negros would be supplied with American teachers, and he outlined the need of organizing provinces uniformly with other islands.

The announcement of yesterday's surrender in the island of Panny was greeted with applause.

Question Answered.

Yes, August Flower still has the largest sale of any medicine in the civilized world. Your mothers and grandmothers never thought of using anything else for indigestion and biliousness. Doctors were scarce and they seldom heard of appendicitis, nervous prostration or heart failure, etc. They used August Flower to clean out the system and stop fermentation of undigested food, regulate the action of the liver, stimulate the nervous and organic action of the system, and that is all they took when feeling dull and bad with headaches and other aches. You only need a few doses of Green's August Flower, in liquid form, to make you satisfied there is nothing serious the matter with you. Get Green's prize almanac. Clarke & Falk's.

Lost \$21,000 in a Pullman.

NEW YORK, March 22.—Paul C. Shultz, while in the West recently, lost \$21,000 in cash belonging to the commission firm of Wheeler & Shultz. Both the partners live in Hackensack, N. J., where they are prominent. Wheeler is the son of former Judge George W. Wheeler, of this place, and a brother of a judge in Connecticut. Shultz comes of a good family, and has entered into the sports of the community. He is a member of the Hackensack Wheelmen, and last year he managed the local baseball team.

Mr. Shultz, according to the law firm engaged in settling the affair, went on a

business trip to the West three weeks ago, to buy a lot of frozen poultry from a packer in Iowa, taking with him \$21,000 in cash to close the deal. He carried the money in a large envelope in his inside waistcoat pocket. While on a sleeping car between Chicago and Laurens he says the envelope was either lost or taken from his pocket.

Seven Years in Bed.

"Will wonders ever cease?" inquire the friends of Mrs. L. Pease, of Lawrence, Kan. They knew she had been unable to leave her bed in seven years on account of kidney and liver trouble, nervous prostration and general debility; but, "Three bottles of Electric Bitters enabled me to walk," she writes, "and in three months I felt like a new person." Women suffering from Headache, Backache, Nervousness, Sleeplessness, Melancholy, Fainting and Dizzy Spells will find it a priceless blessing. Try it. Satisfaction is guaranteed. G. C. Blakeley, the druggist. Only 50c.

Mormon Colonies in Mexico.

CHIHUAHUA, Mex., March 22.—Dr. H. F. Gray, of Los Angeles, Cal., has purchased 5,000,000 acres of agricultural lands in Mexico and has obtained a concession from the Mexican government for the establishment of a number of Mormon colonies thereon. These lands are divided into several large tracts, which are situated in the United States of Durango, Tamaulipas, Coahuila and Vera Cruz. He says that he will bring 6000 Mormons from Utah and other parts of the United States to Mexico within the next few months and locate them upon lands which he has purchased. The Mormon colonies in the state of Chihuahua have had their population increased by the arrival of over 3000 Mormons from Utah during the past few months.

A Raging, Roaring Flood.

Washed down a telegraph line which Chas. C. Ellis, of Lisbon, Ia., had to repair. "Standing waist deep in icy water," he writes, "gave me a terrible cold and cough. It grew worse daily. Finally the best doctors in Oakland, Neb., Sioux City and Omaha said I had Consumption and could not live. Then I began using Dr. King's New Discovery and was wholly cured by six bottles." Positively guaranteed for Coughs, Colds and all Throat and Lung troubles by G. C. Blakeley, the druggist. Price 50c.

Floral lotion will cure wind chapping and sunburn. Manufactured by Clarke & Falk.

ALLEGED RICH GOLD STRIKE

Quartz Found Near Scarboro Head Said to Be Worth \$1500 a Ton.

ASTORIA, March 22.—A fabulous gold discovery is reported to have been made on the government reservation at Scarboro Head, near Fort Columbia. Specimens of the quartz found there have been sent to the Seattle assay office and are said to have run as high as \$1500 to the ton. As the ledge is on government property, it cannot, of course, be worked, but it is believed that it extends north of the military reserve and that owners of property in that vicinity will find valuable quartz if the prospect for it. The specimens thus far taken out were found by employers of the government and are very rich.

A genuine gold excitement has broken out near the little town of Elsie, in the southern part of Clatsop county. Quartz found there has been assayed and shows \$3 80 to the ton. The specimens assayed are from surface croppings and owners of claims think the quartz will become very valuable when they go further down. Councilman W. J. Cook, who has just returned from the vicinity of Elsie, told the following story of the discovery:

"Gold was first discovered there some time ago, but the matter was kept very quiet by Alex and Fred Norman, on whose timber claims the find was made. The land is situated in township 4 north, range 8 west, and the district is known as Cruiser's Gulch. While in the southern part of the country I visited the place. The quartz-bearing district includes a large mountain, which is encircled by the gulch from which the district has derived its name. The mountain covers between 600 and 800 acres. The quartz was found on the surface, and as yet no effort has been made to follow the ledge. In view of the value of the surface quartz the owners of the claims are satisfied that the property will prove very valuable, and there is great excitement in the district.

"Placer mining has also been attempted by J. C. Dunkin, who did some work on the creek bottom near the mountain. The first pan washed by him showed 20 colors, and while at work he found two large nuggets. He states that he has found indications of extensive gold deposits and believes that the district will prove a small Klondike."

The settlers are so well satisfied they have a good thing that they have laid their proposition before Portland capitalists, who have promised to furnish the necessary capital to develop the property. There is an abundance of water in the vicinity and operations will not be expensive. Thus far five mining claims have been filed out.

How to Cure Croup.

Mr. R. Gray, who lives near Amenia, Dutchess county, N. Y., says: "Chamberlain's Cough Remedy is the best medicine I have ever used. It is a fine children's remedy for croup and never fails to cure." When given as soon as the child becomes hoarse, or even after the croupy cough has developed, it will prevent the attack. This should be borne in mind and a bottle of the Cough Remedy kept at hand ready for instant use as soon as these symptoms appear. For sale by Blakeley, the druggist.

Prof. Lyson, of Lonaconing, Md., suffered terribly from neuralgia of the stomach and indigestion for thirteen years and after the doctors failed to cure him they fed him on morphine. A friend advised the use of Kodol Dyspepsia Cure and after taking a few bottles of it he says, "It has cured me entirely. I can't say too much for Kodol Dyspepsia Cure." It digests what you eat. Clarke & Falk's P. O. Pharmacy.

Stepped Into Live Coals.

"When a child I burned my foot frightfully," writes W. H. Eade, of Jonesville, Va., "which caused horrible leg sores for 30 years, but Bucklen's Achna Salve wholly cured me after everything else failed." Infallible for Burns, Scalds, Cuts, Sores, Bruises and Piles. Sold by G. C. Blakeley, the druggist. 25c.
