WAYSIDE GLEANINGS.
Professor Sandvig's regular Saturday night dance tonight at the Baldwin.
Remember the services at the Christian church tonight. The attendance is increasing and the interest growing.
Be sure and hear Evangelist Harding tomorrow at 11 a. m. and 7:30 p. m. at the Christian church. See announcement in another column.
The Dufur Dispatch understands that George Friend, the Kingsley blacksmith, is going to start a saw mill on the flat west of Kingsley, near what is known as Mud Springs.
Goldendale will have a city election April 1st, and the main question will be license or no license. At present the town has two saloons which pay an annual tax of \$500 each.
The Christian Scientists will hold services at the residence of Mrs. W. Lord Sunday morning at 11 o'clock and Thursday afternoon at 3 o'clock. All are made welcome at both these services.
From the Pendleton East Oregonian we learn that Judge W. R. Ellis has sold his home property in Heppner to G. W. Phelps, with the intention of making his future home in Pendleton.
Grand opening of new spring millinery at Mrs. M. Periano's millinery parlors Monday afternoon and evening, March 25th, to which the ladies are cordially invited. m21-td
Secretary of Agriculture Wilson estimates that over \$1,000,000 worth of young live stock throughout the country was saved during 1900 by the prompt use of medicine for blackleg sent out by the department.
Seven wheat ships, carrying cargoes of over 800,000 bushels of wheat, sailed out of the Columbia in the forty-eight hours ending Wednesday afternoon. The Comliebank and the Colony sailed about 1 o'clock Wednesday, completing the list.
Oregon has had its Nesmiths, Jobb Powells and Pennoyers, but it takes Kansas to present more odd characters than most of the states. For instance, Peffer, Jugalle, Rev. C. M. Sheldon,

Jerry Simpson, Gov. Lewelling, John Brown, Mary Ellen Lease and Mrs. Nation. Some very good and bright people among them, by the way.—Albany Democrat.

On a judgment of foreclosure Sheriff Kelly today sold what is known as the Chicken Spring ranch, in the Nansen precinct. The property was bid in by the mortgagee, William Floyd, for the amount of the debt and costs, some \$2,000 odd dollars.

W. T. Fogle, formerly of Roseburg, has purchased the Prineville Journal and will assume the management the first of April. Mr. Fogle is a practical newspaper man of a good many years experience, and the Roseburg Plaindealer predicts that he will make a success of his new venture.

There yet remain three headgear and pants belonging to the football association, which have not been turned in. Those having the same are requested by the manager to please return them to the U. S. land office. They can all be used in next season's games, if The Dalles supports a team.

C. R. Smead, the fruitgrower of Blalock, Gilliam county, is now in Minnesota organizing a colony to bring out to Blalock and start fruit raising and gardening. He expects to locate a family on each ten-acre tract now covered with orchard and a little further back to make the family tracts 160 acres each.

An exchange tells of a subscriber to a certain paper who died and left fourteen years of subscription unpaid. The editor appeared at the grave as the lid was being screwed down for the last time and put in a linen duster, a thermometer, a palm leaf fan and a recipe for making ice. Editors, as a rule, are not prosperous, but they are kind-hearted and considerate.

Sunday's services at the Methodist church will be of unusual interest. At 11 o'clock new members will be received. Rev. H. K. Hines, D. D., will assist the pastor in the service and will deliver a twenty-minute address to the new members. At 7:30 o'clock will occur the anniversary of the founding of the mission by Jason and Daniel Lee. Dr. Hines will preach the sermon and will impart some valuable information in reference to the early missionary work in The Dalles.

Speaking of Paloma Schramm's concerts along the route East a few years ago the Walla Walla Union says: "Her concerts at Spokane on Monday and Thursday last were the most successful musical affairs ever held in that city.

The press notices of little Paloma's concerts wherever she has appeared have been of the very highest order. The editor of the Victoria Colonist, although somewhat skeptical as to Paloma's ability before he heard her, afterwards said, "The press notices have not done her justice."

Jack Sellers, chief of construction on the Lytle-Goldendale railroad, having received orders to suspend operations and ship all the company's tools to Shaniko has complied with the order and shipped the following, the inventory of which appears in the Klickitat Agriculturist: One grindstone, 6-inch, hollow ground; one 36 inch grub hoe, one 37-inch grub hoe, one good axe, one poor axe, one can of axle grease, Fraser's; one cross-cut saw of 1849; one railroad spike.

Under date of March 21st Henry E. Dorsch writes Emile Sehanno asking him if he thinks it possible that a bale or two of raw and scoured wool could be obtained for the Oregon exhibit at Buffalo. Mr. Dorsch recalls the effect made by a similar exhibit at the Portland street fair last fall. The Oregon commission will pay all expenses connected with the exhibit, and at the close of the exposition will return it here or dispose of it there as the owner may direct. Mr. Dorsch very justly thinks this would be a good advertisement for The Dalles.

Hudson & Brownhill, the leading real estate dealers of the Inland Empire, closed a deal today with Levi Chrisman for the W. I. Johns place near the fair grounds. Consideration \$1350. This was indeed a bargain; but they have numerous others. They are the kind that get them; they are rustlers; attend to their business, and of course they sell. Why not? Don't you believe it? If you don't, call and see them; find out for yourself and be convinced. They have a few farms that must be sold, if they do go at a sacrifice. Also a number of very desirable city properties; beside chicken plants and fruit farms of the most approved kinds in Eastern Oregon and Washington; some near The Dalles. Don't do yourself and injustice by buying elsewhere before seeing them. City property taken charge of, rents collected, property kept insured, loans negotiated. Do you know they have all their city property rented to desirable tenants. They haven't houses enough. Do you want to rent your house? If you do, call and see them. They have customers for a few desirable modern dwellings, near by. Call or write to Hudson & Brownhill, postoffice drawer No. 14, The Dalles, Or. m23-jaw

Electric Power For The Dalles.

At a meeting recently held in this city the directors of the Wasco Warehouse Milling Company determined to increase their capital stock from \$150,000 to \$300,000. The company has just closed a deal with Joseph Sherar, of Sherar's Bridge, for the purchase of White river falls, a distance from here of probably twenty-five miles on an air line. These falls are capable of generating 3000 horse-power at low water. Of this quantity of power the milling and The Dalles electric light plants will require from 600 to 800 horse-power, leaving the surplus to be disposed of to any one who may desire it.

The preliminary work will commence immediately, and the project will be completed in time to operate the flouring mills. The company has already let the contracts for the machinery for the flouring mills and are awaiting the arrival of the plans for the mill building, these plans having to conform, in a large degree, to the character of the plans of the machinery.

The company expects to have the power brought here and the 500-barrel flouring mill in operation by the first of September, or, at farthest, the first of October.

The mills will be so arranged that their capacity can be increased, at any time, when it is considered desirable, to 1000 barrels.

As to the falls where the power will be generated, it may be interesting to know that they have a sheer drop of 141 feet, and that by going a very short distance further down the river a drop of about 170 feet could be obtained.

PERSONAL MENTION.

Dr. O. C. Hollister, of Portland, is in town.

Mrs. L. E. Crowe returned today from a week's visit with friends in Portland.

T. A. Hudson left today for the Baker-oven precinct to adjust the recent fire loss of Wallace Faragher, of Dead Dog.

Mr. and Mrs. E. J. Collins and family left on this morning's boat for Pasadena, Calif., to be absent about two months.

A. M. F. Kirchheimer, of Antelope, spent last night in the city, on his way home from a business trip to Portland.

Miss Esther Brooks, who has been visiting with the family of her uncle, Mr. S. L. Brooks, for the past two weeks, left for her home in Portland on this morning's boat.

"The Henrietta."

It may be more or less interesting to the public to know that previous to the production of "The Wife" the indebtedness of the football team amounted to \$146.13, not including the expenses of the minstrel fizzle, which Mr. Patterson, the football manager of last year, has assumed as a sort of a penance for his mistake in selecting a manager of the proposed minstrel show who couldn't manage himself. The net results of the recent performance, so far as the football team are concerned, were \$81.95, leaving the present indebtedness \$64.18.

Mr. Percy Levin is preparing to present "The Henrietta," a very fine drama, with splendid comedy, on April 10th. He will be assisted by some of our best local talent. The play will be well worth seeing.

Whatever amount is realized will be turned over to the football team.

Remember that you don't have to be bald; you can keep your hair by using Coconut Cream Hair Tonic. To be had at Frazer's barber shop.
