Professor Sandvig announces that there will be no dance at the Baldwin tonight.

Today E. F. Sharp surveyed the grounds for the location of the new flouring mill.

The Fortnightly will meet with Mrs. A. J. Tolmie Saturday afternoon, instead of Thursday, at 2:30 o'clock.

Wanted—A girl or middle-aged woman to do cooking and general kitchen work only. Address this office, or P. O. box 47, Dufur, Or. Will pay \$4 per week. m27-1md

Cards are out for a whist party to be given by Mrs. E. O. McCoy Friday night, and also for an afternoon given by Miss Patterson to the friends of Mrs. Roger B. Sinnott Friday.

The city council of Walla Walla will be asked to make a proposition to Mr. Carnegie that if he will make a donation towards a public library for Walla Walla, the city will assume a large share of the burden.

Eminent scientists and physiologists claim that with proper foods, and all other things being equal, the skin may last 900 years; the bones may endure 4000 years; the heart may endure 300 years; the liver 400 years; the stomach nearly 500 years; the kidneys 200 years or more; the lungs 1500 years.

Mrs. Mary Cushing received a draft yesterday for \$2000, the amount of insurance carried in the Modern Woodmen by her son, Maurice, who lost his life in an explosion at Sumpter last fall. Maurice had thoughtfully had the policy made payable to his mother. Mrs. Cushing feels very grateful to the order for their promptitude.

The Corvallis Gazette says a scarcity of beef is reported throughout the valley and butchers are experiencing some

trouble in securing beef to supply the local markets. Last week George Smith canvassed the county as far south as Eugene in search of beef cattle and did not have very good success. Messrs. Smith & Taylor have been obliged to ship some beef from Portland to supply the demand of their patrons in this city.

As already announced, the chief train dispatcher's office of the O. R. & N. will be removed from Portland to The Dalles April 1st, as a matter of convenience in dispatching trains. Chief W. M. Gleason and "Trick" Dispatcher W. E. Barden, R. Ross and F. F. Spaulding will come here from Portland and have charge of the work. This office was taken from here to Albina about ten years ago, and from Albina to Portland in 1894.

The meeting at the Christian church last evening was well attended. Rev. Harding's subject was "The Infallible Way," which was handled in a very clear and logical manner. His black-board diagram, showing the various steps from earth to heaven, illustrated his subject in such a clear and concise manner that "a wayfaring man though a fool, need not err therein." The subject for tonight is "Harmony of the Gospel in the Book of Acts." All are invited.

Gumbert's popular cigar and tobacco house has another surprise for those interested in a beautiful cigar ribbon sofa pillow. To advertise our periodical department we have decided to give cushions on the pillow with every periodical sold, the drawing to take place April 27, 1901. A ticket given on any periodical purchased from this department. Don't forget the great and only New York Sunday World, including a chance on pillow, five cents. Local phone 231.

The following is going the rounds of the papers: A lady school teacher, 18 years of age, and pretty, in one of the district schools in California, has adopted a novel method to encourage punctuality among her pupils. She offered to kiss the first pupil at school in the morning, and it worked like a charm. Every boy in the school, over 12 years old, arrived an hour before the time for opening the morning after the offer was made, and two of them who were 16 years old, which is only two years younger than the teacher, were on hand several hours earlier.

If you can't rent or sell your property, it is your own fault, because all you have to do is to list it with Hudson & Brownhill, and they are the men that can do it for you. We have just had

listed with us the greatest bargain of the year: A magnificent full two-story and basement house, containing nine large rooms, closet in every room; stone basement, 40x40, which alone cost \$500; large pantries; bath-room; hot and cold water; and all modern conveniences. It cost \$3000 to build this elegant dwelling house. There are six fine lots, small orchard and fine barn 30x100. This elegant city property is all in good condition, faces on Eleventh street, and is to be sold for any reasonable offer. Remember this beautiful property cost \$5000. It will be sacrificed. If you want a bargain, now is your time. The up-to-date real estate agency, Hudson & Brownhill, The Dalles, Or.

At the suggestion of Rev. U. F. Hawk, who since his residence in The Dalles has taken particular interest in locating points of historic interest in their relation to the first Methodist missions, a company of about twenty-five persons, members of the M. E. church of this city, pioneer residents and members of the Oregon Historical Society, accompanied by Rev. Dr. Hines, paid a visit yesterday afternoon to the site of the first building erected on the Methodist mission grounds at this place, which was used as an Indian school. The building dates back to 1838, a time when Daniel Lee had charge of the work. All that remains of the structure is a part of the foundation that is on a level with the surface of the ground, but is easily traced. The site is in the enclosure immediately across the street east from the academy ground, or about twenty feet west of what is known as sugar loaf rock.

At the Congregational church last evening the services were instructive throughout. The theme of the address was "Naaman, the Leper." While the topic was an old one, the applications were new and practical. With all this great Syrian's accomplishments and victories, he was dying of a loathsome disease. The greatest general in all Syria, soon he was to take his place among the company of the unclean. The speaker set this great earthly captain over against the modest, unassuming prophet of the Lord, who bade him go wash in the Jordan seven times. Obedience, the touchstone of success, was the dominant lesson deduced from the subject of Naaman's relation to God, through his servant, Elisha. The speaker had the undivided attention of the congregation throughout his address. The number given by the male quartet was splendidly rendered, and much enjoyed. One person announced allegiance

to God in the after service. Mr. Clapp will speak tonight on the "Two Thieves." Mr. Landers and Rev. Poling will sing solos. A cordial invitation is extended to all to attend these meetings.

Murderer Green Arrested.

James Green, who murdered Edson V. Benjamin near Underwood's Landing last Saturday night, was arrested yesterday by Sheriff John T. Totton, of Skamania county, Pros. Atty. Moor and a third man whose name we could not learn at a point about a mile and a half from the scene of the murder. Sheriff Totton had been on the trail of the murderer from the moment he first learned of the commission of the crime. While following Green's track over a trail the murderer stepped out from behind the trunk of a large tree and quietly permitted himself to be placed under arrest. Green was armed with a 45.90 rifle, besides a six shooter and forty or fifty rounds of ammunition.

Sheriff Totton would have taken him to the Wendorf ranch, the place of the murder, but Green protested that he would never be taken there alive, and the sheriff, in consideration that the man had given himself up quietly, allowed him to have his way, and the party went direct to the residence of the justice, where Green waived examination and was bound over without bail. On the way to the justice, in answer to a direct question by the sheriff, Green confessed that he was the man who shot Benjamin; but when asked why he did it he replied that he would tell later on. Green denied emphatically that he had intended to kill Mrs. Nellie Brown.

As Skamania county has no safe jail accommodations, Green was brought across the river to be taken to Vancouver, but as the stay at Hood River involved a delay of six or eight hours, the sheriff thought it best to take the first passing train and come to The Dalles, where the prisoner was allotted a cell in the county jail till the arrival of the first west-bound passenger, when he was put on board and taken to Vancouver.

The Deschutes to Be Harnessed.

Articles of incorporation of the Interstate Power Company were filed in the office of the county clerk yesterday. The incorporators are E. Kurtz, W. H. Moody, J. P. McNerny, Max A. Vogt, H. L. Kuck, L. E. Crowe and E. M. Williams.

The business of the corporation is to construct and operate an electric light plant on the Deschutes river for the purpose of generating electricity and to conduct the same therefrom to The Dalles

and to other points in Wasco and Sherman counties and Klickitat county, Washington; to establish an electric light system in Dalles City and at other points in the territory above named; to build and construct mills and factories of various kinds, and to operate the same by electricity produced as above mentioned; to let electric power to all persons desiring the same for manufacturing, commercial and other purposes, and to do and perform all other things that may be necessary for carrying out the objects of the corporation. The principal office of the corporation will be in The Dalles. The capital stock is \$300,000, and the number of shares 300,000 at a par value of \$1 each.

Card of Thanks.

Mrs. E. Benjamin, widow of the late E. V. Benjamin, and Mr. and Mrs. F. Clark, brother-in-law and sister-in-law of the deceased, desire to sincerely thank the many friends who have extended to them their kindness and sympathy in the great affliction by which they lost a husband and brother. And in this connection they would specially mention the brethren of the A. O. U. W.

The prettier negligée gown is, the more a woman will apologize for it.

but we never knew one to do so for "VOGUE." That would be piling it on too thick.

"Vogue" shoes cost \$5. They are Pingree-made.
