County Exhibits at the State Fair.

The liberal premiums offered for county exhibits at the state fair this year will afford every county in the state an opportunity to exhibit her resources. There is no question about the great number of home-seekers coming to this state this year, and the state fair will afford them an excellent opportunity to judge for themselves of our resources. For this reason alone every county that makes any pretension to general agriculture should make a good showing. The premiums offered on county exhibits is \$1000, divided into five parts, as follows: First premium, \$300; second premium, \$250; third preminm, \$200; fourth premium, \$150; fifth premium, \$100. The Southern Pafrom the fair free of charge, and a very liberal rate is made on all other lines in the eastern portion of the state.

Workmen

you have seen hundreds of your companions waste away in mill and toundry with a persistent cough. You have seen hundreds of them die with that terrible disease, Consumption. You have seen wives left penniless, and children thrown upon the mercies of the cold world, because the father coughed his life away. The air you breathe every day is full of sharp, metallic dust, which is inhaled into the lungs and irritates their delicate lining. In the case of glass blowers, the fierce

heat of the molten glass forces its way up the tube into the lungs where it gradually breaks down their delicate structure, making every cold a danger to life. You can't afford to quit working and are daily exposed to this fatal dust and intense heat. What you and your friends need is Acker's English Remety. This will make your throat and lungs strong again. It will heaf the irritation, brace up your strength, and you need never lose a day's work. I have noticed that in some mills there are no cases of Consumption. The reason is that Acker's English Remedy is used by the men working there.
