JOHNSON'S BIG PLANS

Electric Road Between New York and Philadelphia—Tunnels Under East River and Narrows.

NEW YORK, April 5.—The World prints additional details regarding the incorporation at Trenton, N. J., of the Philadelphia, Trenton & New York Railroad company. Says the World:

Albert L. Johnson, the trolley magnate, has taken formal steps toward realizing his great project of building and operating an electric road between this city and Philadelphia. The terminus at this end of the line will be on Staten Island, unless he gets through his project of building a tunnel from the city hall under the East River to Brooklyn through the latter borough and under the Narrows.

The Philadelphia, Trenton & New York Railroad company has been capitalized at \$500,000, but this is regarded as only a beginning. The Johnson syndicate already owns the trolley line running between Princeton and Trenton, and also the Upper Delaware River bridge. The latter was acquired when the syndicate recently got control of the New Jersey Street Railroad company. The lines of the Trenton-Princeton road will be expected within a few weeks to New Brunswick, and from that point to the Staten Island Terminal over a right of way which has already been obtained by the Johnson syndicate.

It is the purpose of Mr. Johnson to charge a 50-cent fare between this city and Philadelphia, which is a small fraction of that charged by the steam railroad. He intends to compete with the latter, not only in passenger traffic, but in the hauling of freight. He already has in operation a vast system of trolley lines running out from Philadelphia, which connect about 60 towns in the Lehigh valley, and he declares he will extend this system until he gets into the heart of the coal mining district of Pennsylvania.

Part of Johnston's plan to get a tunnel road from Staten Island to the city hall is his offer to carry passengers from Manhattan to Brooklyn or Richmond boroughs for a 3-cent fare.

Boers Still Active.

NEW YORK, April 5.—A dispatch to the Tribune from London says: "The Boers are still active in destroying trains. They attacked two trains last Saturday near Johannesburg, but were driven off before they could secure any loot or supplies. Traffic along the railways in South Africa just now is very uncertain, and the re-opening of the Rand mines will present serious supply problems to the military authorities. Dewet appears still to be at Vrede, notwithstanding the stories of his crossing the Vaal, and great precautions are being taken to prevent Botha reaching him or conferring with him."

You will waste time if you try to cure indigestion or dyspepsia by starving yourself. That only makes it worse when you do eat heartily. You always need plenty of good food properly digested. Kodol Dyspepsia Cure is the result of years of scientific research for something that would digest not only some elements of food but every kind. And it is the one remedy that will do it. Clarke & Falk's P. O. Pharmacy.

Big as Full Moon.

LIMA, Peru, April 5.—Advices from Pimental tell of the passage of a beautiful aerolite over that place on March 31st. In appearance it was as large as a full moon. It passed northwesterly over the town and dropped into the Pacific ocean.

Greatest of All.

NEW YORK, April 5.—Reports that huge railroad combinations are in process of formation were widely circulated here today. Detailed statements concerning the plan already published, looking to the combination of all the great railway systems of the United States under the control of one company, were given, but, as a general thing, prominent railroad officials and bankers declined to discuss the matter.

According to all accounts, the enterprise involved the greatest combination of capital collected in the history of finance. It was said the company would be formed under the laws of New Jersey for the purpose of conducting a general freight and transportation business throughout the United States; that the company would hold a controlling interest in all of the great railway systems, and that the management of the roads would be vested in the controlling company. According to the proposition, each road would preserve its identity and corporate existence, but the new company would control the affairs of all. By this policy, it was asserted, large sums of money could be saved as a result of economy in management and the stoppage of rate-cutting.

It Dazzles The World.

No Discovery in medicine has ever created one quarter of the excitement that has been caused by Dr. King's New Discovery for Consumption. It's severest tests have been on hopeless victims of Consumption, Pneumonia, Hemorrhage, Pleurisy and Bronchitis, thousands of whom it has restored to perfect health. For Coughs, Colds, Asthma, Croup, Hay Fever, Hoarseness and Whooping Cough it is the quickest, surest cure in the world. It is sold by G. C. Blakeley, the druggist, who guarantees satisfaction or refund money. Large bottles 50c and \$1.00. Trial bottles free.

An English Paper Amused.

LONDON, April 5.—The Saturday Review, still smarting under the sting of what it calls "Cleveland's insolent message," discusses the American-Venezuelan relations and says: "We have little sympathy for the Venezuelan government, but have the deepest sympathy with any attempt to arrest the wholesale application of Monroism that is practiced in the United States. It menaces the legitimate development of European countries and we have reason to know it excites

the gravest apprehension in governing circles in Germany. In any case, the irony of the political Nemesis was rarely more delightfully apparent than under present condition of affairs and we await developments with no less amusement than interest."

"I have been troubled with indigestion for ten years, have tried many things and spent much money to no purpose until I tried Kodol Dyspepsia Cure. I have tried two bottles and gotten more relief from them than all other medicines taken. I feel more like a boy than I have felt in twenty years." Anderson Riggs of Sunny Lane, Tex. Thousands have testified as did Mr. Riggs. Clarke & Falk's P. O. Pharmacy.

Fifteen Hundred Home-seekers.

SPOKANE, April 5.—Between 1400 and 1500 home seekers arrived in Spokane today over the Northern Pacific, Great Northern and Burlington. About 500 left the train here, and will visit the communities near this place. The others went on to the coast. Most of the travelers were in search of farm lands. The passengers included many Germans and Swedes.

Blown To Atoms.

The old idea that the body sometimes needs a powerful, drastic, purgative pill has been exploded; for Dr. King's New Life Pills, which are perfectly harmless, gently stimulate liver and bowels to expel poisons; matter, cleanse the system and absolutely cure Constipation and Sick Headache. Only 25c at G. C. Blakeley's drug store.

Ultimatum From Japan.

LONDON, April 6.—"Russia's reply concerning Manchuria being unsatisfactory, the Japanese government has decided," says the Yokohama correspondent of the Daily Mail, wiring Thursday, after a conference with the heads of the army and navy, with the departments of finance and foreign affairs, to address a second and more peremptory remonstrance, demanding a reply within a stated period. This remonstrance, communicated through the Japanese minister in St. Petersburg, almost amounts to an ultimatum.

Dyspepsia can be cured by using Acker's Dyspepsia Tablets. One little Tablet will give immediate relief or money refunded. Sold in handsome tin boxes at 25 cts. Blakeley the druggist.

Question Answered.

Yes, August Flower still has the largest sale of any medicine in the civilized world. Your mothers and grandmothers never thought of using anything else for indigestion and biliousness. Doctors were scarce and they seldom heard of appendicitis, nervous prostration or heart failure, etc. They used August Flower to clean out the system and stop fermentation of undigested food, regulate the action of the liver, stimulate the nervous and organic action of the system, and that is all they took when feeling dull and bad with headaches and other aches. You only need a few doses of Green's August Flower, in liquid form, to make you satisfied there is nothing serious the matter with you. Get Green's prize almanac. Clarke & Falk's.

Charter Oak Steel Range!

Others Come and Go, but the Reliable "Charter Oak" is Always With Us.

Why is This? Think it Over! Ask Those Who Have Used Them.

Whatever a range ought to do, it ought to do well. To bother with one that is difficult to manage, that is liable to get clogged up, or has an unfortunate habit of doing exactly what you neither want nor expect, is a mistake. The CHARTER OAK is a model of what a range should be. It needs very little fuel, is easily kept in order, is an ornament to the kitchen, and its durability is remarkable. What is perhaps more to the point, it can be had for a reasonable price. A poor range is a nuisance; a good one a luxury. You can avoid the nuisance and insure the luxury by purchasing a Charter Oak Steel Range.

We make no empty claims regarding the superiority of our Ranges. We use the material and do the work, that shows the quality. We guarantee the operation.
