## J. A. EBERLE,

Leading Merchant Tailor.

Second Street, opposite Mays & Crowe.

We have an excellent line of Spring Suitings, Pantings, etc., which we are prepared to make up in the latest styles, and guarantee a perfect fit.

Bradley Francis Durphy, the man over whom the Portland papers are making so much ado for being a muchly married man, is one of the slickest individuals that ever got tangled up in the coils of the law. His native crookedness has brought him into many a hot place with his own sex, out of which he has always been able to emerge without being seriously burned. It remains to be seen how he will fare now that the women have got after him. The Dalles people remember Durphy as the man who accepted a bonus from the North Dalles promoters to start the shoe factory at that place. He was charged with bleeding the promoters all they would stand, and then judiciously crawling from under just before the North Dalles scheme to many of my friends, who agree with tumbled into a heap of ruins.

President E. L. Smith, of the state board of horticulture, holds that fruitgrowers must adopt some united plan of action if they would realize edythe best in the world for bronchitis," profitable returns for their product. The time of individual effort has passed, never to return. As an instance of what may be accomplished confined to her bed. A San Francisco special to the Seattle Post-Intelligencer says Port- of paint and artist's brushes. land is to have a new morning paper, to be published by the late assistant business manager 'of the New York Herald, Willis S. Thompson, formerly city editor of the Denver Republican and more recently connected month and expenses. Permanent posteditor. The dispatch says Mr. Thompson expects to begin publication of the new paper on or before May 1st. We shall believe this story when we see the new paper.

President McKinley has announced his hope that improved conditions in the Philippines will make it unnecessary to enlist the army to its full authorized strength, and the intention not to enlist more men than shall be necessary. That's an answer to the fool talk about a big standing army and imperialism.

Secretary Gage announces that he has a few millions to invest in the purchase of U.S. bonds, when they can be had in open market at what be considers a fair price. Thinking that the purchase was to be made anyway, speculators have made an artificial price for the bonds desired -the 4's and 5's.

It is positively announced that there is to be no coal strike this year. Of course this is another feather in the headgear of Mark Hanna.

Dr. Mark Skiff's Salem wood trust, whereby the promoter expects to raise the price of that commodity to \$5 a cord and "cinch" the dear

people to the tune of \$20,000, is a proof that a protective tariff is not the mother of all the trusts.

Instead of bringing Aguinaldo to this country it would be much better fot the government to repatriate Senor Sixto Lopez.
