AGUINALDO SIGNED PEACE MANIFESTO

Prisoner Strongly Objected to Two Clauses of the Manifesto. But Finally Was Overcome—One Hundred Insurgents Surrender.

MANILA, April 9, 3:25 p. m.—Although the officials are uncommunicative, it is nevertheless said that Aguinaldo signed the peace manifesto this morning. Chief Justice Arellano drafted the document. Aguinaldo strongly objected to two clauses of the manifesto, and considerable argument was required to overcome his objections.

Colonel Ababa, the insurgent leader of Zambales province, with 13 officers, 83 men and 92 rifles, surrendered to Lieutenant-Colonel Manuel C. Goodrell, commanding the marines stationed at Olongapo, on Subig bay. General Malvar, with about 300 men and as many rifles, is expected to surrender shortly at Silang, in Cavite province.

Boer Capital is Taken.

LONDON, April 9.—Lord Kitchener, reporting to the war office, under date of Pretoria, April 5th, says:

"Plumer has occupied Pietersburg with slight opposition. He captured two locomotives and thirty-nine trucks."

The capture of Pietersburg is regarded here as important. The place is the terminus of the railway, and has been the capital of the Boer government since the evacuation of Pretoria. The whole Northern Railway is now in the hands of the British.

According to Lord Kitchener's dispatch only one officer and one man was killed.

The Boers evacuated the town during the night prior to Plumer's arrival after blowing up two trucks laden with ammunition.

Lord Kitchener reports the capture of 16 prisoners, 50 horses and the depot of war stores at Boshman's Kop, Orange River colony.

As an offset the commander-in-chief reports that 100 men of the British Lancers and Imperial Yeomanry were attacked by 400 Boers to the northward of Aberdeen, Cape Colony, and that after several hours' fighting the British were surrounded and captured, with the exception of 25, who succeeded in making their escape.

Filipinos Have Lost Fifty Thousand Men

NEW YORK, April 9.—According to a Herald special from Washington, since the rebellion in the Philippines 50,000 men is the lowest estimate of the war department of the casualties sustained by the Filipino forces; 7667 rifles have been captured or surrendered, and 65,142 rounds of ammunition have been seized.

The number of Filipinos killed cannot be accurately determined, as General MacArthur in his dispatches states that it is impossible to be accurate on this point. It would not surprise officials should the Filipino fatalities reach 25,000 and some say that 50,000 is closer to the real figures. Adjutant-General Corbin is satisfied that the casualties suffered by the insurgents will form a potent reason for the abandonment of further resistance by the natives.

The Best Remedy for Rheumatism.

QUICK RELIEF FROM PAIN. All who use Chamberlain's Pain Balm for rheumatism are delighted with the quick relief from pain which it affords. When speaking of this Mr. D. N. Sinks, of Troy, Ohio, says: "Some time ago I had a severe attack of rheumatism in my arm and shoulder. I tried numerous remedies but got no relief until I was recommended by Messrs. Geo. F. Parsons & Co., druggists of this place, to try Chamberlain's Pain Balm. They recommended it so highly that I bought a bottle. I was soon relieved of all pain. I have since recommended this liniment to many of my friends, who agree with me it is the best remedy for muscular rheumatism in the market." For sale by Blakeley, the druggist.

May Be Mound Builders.

ALBANY, Or., April 9.—J. G. Crawford, of this city, brought from a farm near Tangent, last night, the entire skeleton of a woman taken from a mound, which he reports is undoubtedly that of one of the original mound builders. A like skeleton, that of a male, was secured in the same mound several months ago. These skeletons are materially different from those of the Indian, and undoubtedly belong to a much earlier race of people. The head is low and the joints uncommonly large. The bones indicate a person under five feet tall. In all the Indian skulls the sutures are well defined, but in these they are almost emitting. Beads and arrowheads are always found buried with Indians, but there was nothing with these. The skeletons are creating considerable interest among our archaeologists.

Machinery Trust.

CHICAGO, April 9.—A special from Milwaukee says: Charles Allis, representing the great plant of the E. P. Allis Company, is in New York in connection with a proposition to consolidate all the big machinery and stationary engine plants of the country. The trust will, if formed, have a capital of \$50,000,000 and include over 40 plants.

William Allis said today that the combination has been under consideration for some time, but that his company has never given an option on the plant. None of the other officers would confirm the report that the combination has been formed and that the Allis Company is in it.

Will "Oom Paul" Come?

NEW YORK, April 9.—Dispatches from Holland, says the Tribune London correspondent, revive the rumor that Mr. Kruger is bent upon visiting the United States during the summer. Private information from The Hague leads to the belief that his proposition is strongly opposed to any course of action which will subject him to excitement. Mr. Kruger's general health is fair, but he has weak heart action, and has been warned that he must live quietly. The talk about his American journey comes from Boer sympathizers in Holland, who are unwilling to admit that he has exhausted the resources of diplomacy and has nothing in reserve.

Skin troubles, cuts, burns, scalds and chafing quickly heal by the use of DeWitt's Witch Hazel Salve. It is imitated. Be sure you get DeWitt's. Clarke & Falk's P. O. Pharmacy.

Status of John A. Logan Unveiled.

WASHINGTON, April 9.—The magnificent equestrian statue of General John A. Logan, erected in Iowa circle in loving memory of the distinguished warrior and statesman by his comrades in arms and by the people whom he served so well, was unveiled this afternoon. The ceremony occurred in the presence of an immense assemblage, including President McKinley and the members of his cabinet, the surviving members of General Logan's family and many persons eminent in the military and civil life of the nation. A grandson of the famous leader, Master George Tucker, drew the silken cord which released the fluttering flag that draped the statue and disclosed to view the heroic bronze figure.

Colvig Gets a Plum.

WASHINGTON, April 9.—On recommendation of Senator Mitchell, of Oregon, the president has directed the appointment of Hon. George W. Colvig, of Grant's Pass, Or., as United States consul at Barranquilla, Colombia. Mr. Colvig is a lawyer and was a member of the state legislature. For a number of years he was a member of the state railroad commission in Oregon.

Night Was Her Terror.

"I would cough nearly all night long," writes Mrs. Chas. Applegate, of Alexandria, Ind., "and could hardly get any sleep. It's absolutely guaranteed to cure Coughs, Colds, La Grippe, Bronchitis and all Throat and Lung Troubles. Price 50c and \$1.00. Trial bottles free at G. C. Blakeley's drug store.
