CREMATION IS OPPOSED

Disapproved by Roman Catholic—A Pastoral Letter of Archbishop Bruchesi on Subject.

MONTREAL, April 10.—A pastoral letter from Archbishop Bruchesi has been read in all the Roman Catholic churches of this diocese, and interesting references were made in it to the recent decision in the Delpit case and to the action of the legislature in granting to the Mount Royal cemetery the power to cremate bodies in place of burying them, if so desired. As to the former, the archbishop merely restates the attitude of the church on mixed or irregular marriages which cannot be affected by the judgment of civil tribunals and warns all communicants not to offend at the risk of severe ecclesiastical penalties.

With respect to cremation, the archbishop's declaration is of greater interest, since he virtually censures the legislature for granting the request of the Mount Royal Cemetery Company, which is a Protestant organization. The archbishop cited the ruling of the church on the subject, quoting Pope Leo XIII's condemnation of the practice in his letter to the bishops in May, 1886, and Cardinal Richard's vigorous denunciation in a pastoral letter of 1890. The archbishop, after these quotations, continued:

"We hesitated not to assert that the introduction of this practice of cremation into our own city of Montreal is regrettable. Does the tolerance of creeds opposed to ours or does the respect due to the freedom of worship justify it? Assuredly not, since it is not included in the ritual of any church, and since it was not asked for by any religious denomination but by a mere civil company. Does a so-called respect for individual liberty affect it? But who is there that does not see whether that he must lead us. Individual liberty thus understood is a source of communism, socialism and anarchy; it is the negation of all truth, order and justice."

The Best Remedy for Rheumatism.

QUICK RELIEF FROM PAIN.
 All who use Chamberlain's Pain Balm for rheumatism are delighted with the quick relief from pain which it affords. When speaking of this Mr. D. N. Sinke, of Troy, Ohio, says: "Some time ago I had a severe attack of rheumatism in my arm and shoulder. I tried numerous remedies but got no relief until I was recommended by Messrs. Geo. F. Parsons & Co., druggists of this place, to try Chamberlain's Pain Balm. They recommended it so highly that I bought a bottle. I was soon relieved of all pain. I have since recommended this liniment to many of my friends, who agree with me it is the best remedy for muscular rheumatism in the market." For sale by Blakeley, the druggist.

Says He Was Tortured.

"I suffered such pain from corns I could hardly walk," writes H. Robinson, Hillsborough, Ill., "but Bucklen's Arnica Salve completely cured them." Acts like magic on sprains, bruises, cuts, sores, scalds, burns, boils, ulcers. Perfect healer of skin diseases and piles. Cure guaranteed by G. C. Blakeley, the druggist. 25c.

You will waste time if you try to cure indigestion or dyspepsia by starving yourself. That only makes it worse when you do eat heartily. You always need plenty of good food properly digested. Kodol Dyspepsia Cure is the result of years of scientific research for something that would digest not only some elements of food but every kind. And it is the one remedy that will do it. Clarke & Falk's P. O. Pharmacy.

"I had piles so bad I could get no rest nor find a cure until I tried DeWitt's Witch Hazel Salve. After using it once, I forgot I ever had anything like Piles." E. C. Boice, Somers Point, N. Y. Look out for imitations. Be sure you get DeWitt's. Clarke & Falk's P. O. Pharmacy.

Acker's English Remedy will stop a cough at any time, and will cure the worst cold in twelve hours, or money refunded. 25 cts. and 50 cts. Blakeley the druggist.

PORTO RICANS NOT STARVING

Governor Allen Says Reports Are Untrue—Started by an Enemy of American Administration.

NEW YORK, April 10.—A special to the Herald from Washington says: Governor Charles H. Allen, of Porto Rico, when asked to make a statement regarding the petition, said to be from workmen of Porto Rico, asking the president for work and asserting that the inhabitants of the island were at the point of starvation, replied:

"I have not seen the original petition, but a copy of it came to me in my mail from the secretary of Porto Rico, who said that he understood it was the work of a malcontent who has been consistently opposing American administration ever since our occupation of the island, and that any number of signatures could be added to the petition in the office where it was written. I think it would be comparatively easy to secure signatures to a petition asking for government aid where such aid had been so generously distributed.

"The conditions described in the petition are not truthfully stated. The facts will show that more persons are employed in Porto Rico today than ever before, except when government relief work was at its height. The United States government has already distributed \$1,250,000 to the workers on public roads, and the army distributed 3,000,000 pounds of food to the island.

"My San Juan informant is inclined to attribute the present agitation to Munoz Rivera, who has been a leader of the opposition to the American administration.

"Civil government is established in Porto Rico. Much has been accomplished and every day marks progress. If the people can be relieved of their agitators and allowed to work out their own salvation, and American capital, with the thrift and energy which follow it, be directed toward Porto Rico, with the assurance that it will be welcome and given adequate return, then indeed will come prosperity and development, which every American citizen hopes for every dweller under the American flag."

Armor to Be Cheap.

NEW YORK, April 10.—A special to the Herald from Washington says: Armor plate for naval vessels may be sold to the government for only \$150 a ton and the manufacturers may make a fair profit at that price. An experimental plate, manufactured by an entirely new process, has recently been shipped from Pittsburgh to the naval ordnance proving ground at Indian Head to be subjected to the regulation ballistic test. Upon the request of this test will depend further experiments which may result in the adoption by the government of this new armor instead of that for which the navy department is now paying at the rate of \$455 a ton.

If the new armor is a success and can be sold at \$150 a ton it will mean a saving to the government of \$305 on each ton of armor. On a battle-ship of the Alabama class, carrying 2600 tons of armor, this would mean a clear saving to the government of \$793,000.

Night Was Her Terror.

"I would cough nearly all night long," writes Mrs. Chas. Applegate, of Alexandria, Ind., "and could hardly get any sleep. I had consumption so bad that if I walked a block I would cough frightfully and spit blood, but, when all other medicines failed, three \$1.00 bottles of Dr. King's New Discovery wholly cured me and I gained 58 pounds." It's absolutely guaranteed to cure Coughs, Colds, La Grippe, Bronchitis and all Throat and Lung Troubles. Price 50c and \$1.00. Trial bottles free at G. C. Blakeley's drug store. 2
