JOINT-SMASHER IS FINED

Mrs. Nation Ordered to Leave Kansas City, Mo.—It Will Cost Her \$500 to Return—Took Her Fifteen Minutes to Get Out of Town.

KANSAS CITY, April 15.—Mrs. Carrie Nation, who was arrested yesterday charged with obstructing the street, was arraigned before Police Judge McAuley this morning, fined \$500 and given until 6 o'clock this evening to leave town. The judge warned Mrs. Nation if she was found in the city after that hour she would be arrested and placed in jail. She agreed to leave town, and 15 minutes later boarded a street-car for Kansas City, Kan.

The fine will be held over Mrs. Nation in case she should return to the city, and until she is released by the court she is practically barred from visiting Kansas City.

Mrs. Nation appeared in court early, accompanied by her brother and a woman friend. The courtroom was literally jammed, and the people filled the doorway and crowded the hall. Several cases were called before Mrs. Nation's, and she watched the proceedings with manifest impatience.

When Judge McAuley finally asked Mrs. Nation what she had to say in regard to the charges placed against her, the woman arose instantly and delivered herself of a fiery tirade against the police and court. She pleaded that she was merely waiting for a car when arrested, and was making the best of her time in the meantime by talking to a crowd that had gathered.

A policeman testified that several cars had passed without Mrs. Nation making any attempt to board any of them. This caused Mrs. Nation's ire to rise, and she flatly denied the statement.

"There was no car in sight," she snapped, "and I want you to know that I am a lady and tell the truth." Judge McAuley then gave his decision. "Missouri atmosphere," said he, "is not adapted for long-haired men, short-haired women and whistling girls."

The crowd clapped loudly at this. Mrs. Nation pleaded that she wished to go to Liberty, Mo., within a few days, and asked if she would be permitted to pass through Kansas City en route.

Judge McAuley answered in the affirmative, but warned her not to stop off here. She promised to leave the city immediately, remarking that "the town was filled to overflowing with hell broth." A crowd of several hundred followed the joint smasher as she left the courtroom and made for a car, and soon saw her started for the Kansas side.

Public to Blame.

NEW YORK, April 15.—Carter H. Harrison, mayor of Chicago, is in this city. He says he came for rest and recreation. While Mr. Harrison did not care to discuss politics last night, he did talk about reform and the charges made that the administration in Chicago favors a wide-open town and is in league with the criminal elements.

"I believe," said he, "that the proper persons to institute any kind of reform, dramatic or otherwise, are the people's officials. I do not believe it is possible to have what is called an open-town unless the public wants it. I did not believe that it is possible to reform a community by passing laws. The community cannot rise above its own level, and its level is reflected by the way in which it enforces its laws."

"There is no truth in the report that Chicago is a wide-open town. It is a closely shut-down town in every sense of the word."

"I think it is a very poor policy for a mayor to advocate the enforcement of blue laws or the ringing of the curfew bell when the people are not in favor of them. You cannot reform any community by law. It must be done by education."

Dyspepsia can be cured by using Acker's Dyspepsia Tablets. One little Tablet will give immediate relief or money refunded. Sold in handsome tin boxes at 25 cts. Blakeley the druggist.

MUST BE NEUTRAL

Isthmian Canal to Be Open to All Nations—Specific Provision in the Treaty—We Shall Accede Great Britain's Demands.

NEW YORK, April 15.—A special to the Herald from Washington says: Specific provision for the neutrality of the proposed isthmian canal will be made in the new treaty to be signed by Secretary Hay and Lord Pauncefoot, British ambassador.

This decision has been arrived at by the president and Secretary Hay after the most exhaustive consideration of arguments pro and con, which has convinced them that the highest interests of the country demand the application of the principle of neutrality. From the outset of the negotiations Great Britain has insisted upon the principle of neutrality. The best naval and military advice which the administration has been able to get has shown the necessity of neutralization and the views of military and naval experts have been supported by distinguished jurists. Treaties between Nicaragua and other countries and Costa Rica and foreign states contain specific provisions regarding the neutrality of the canal or according to foreign states the most favored nation privileges. The treaty between the United States and Nicaragua contains a provision that this government "agrees to extend its protection to all such routes of communication as aforesaid and to guarantee the neutrality and innocent use of the same."

The Clayton-Bulwer treaty also provided for the recognition of the "general principle of neutrality." Even if the Clayton-Bulwer treaty were abrogated it is held the remaining treaties in force would require the application of the principle of neutrality to the canal.

Another and most important reason for inclusion of a provision declaring the canal neutral, is the attitude of Nicaragua and Costa Rica. It is understood that these governments have indicated plainly to this government their unwillingness to cede the right of way across their territory unless the principle of neutrality be absolutely conceded and in this determination they have the support of other Central and South American states.

Green Again at Vancouver.

VANCOUVER, Wash., April 15.—James Green, the Skamania county murderer, is again incarcerated in the Clark county jail, this time to await the execution of his sentence. He was brought here Saturday evening by Sheriff Totten, of Skamania county. Green appears to be in a much more rational frame of mind than previous to his trial, is less morose and melancholy and talks more freely with visitors. He appears to have entirely lost his desire for a speedy execution of his sentence since being removed from the scene of his trial and has confidence that his attorneys will be successful in their efforts to secure a new trial.

Tot Causes Night Alarm.

"One night my brother's baby was taken with Croup," writes Mrs. J. C. Snider, of Crittenden, Ky., "it seemed it would strangle before we could get a doctor, so we gave it Dr. King's New Discovery, which gave quick relief and permanently cured it. We always keep it in the house to protect our children from Croup and Whooping Cough. It cured me of a chronic bronchial trouble that no other remedy would relieve." Infalible for Coughs, Colds, Throat and Lung troubles. 50c and \$1.00. Trial bottles free at G. C. Blakeley's drug store.
