**Sunday Closing to Be Enforced.**

NEW YORK, April 17.—According to a report issued by the Labor Secretariat, an organ of the Trades Unions, to enforce labor laws, the butchers, bakers, barbers and others who violate the Sunday closing laws from this time forward will be closely watched.

The report, which was signed by Job Harriman, former social-democrat candidate for the vice-presidency of the United States, says that operations were directed against the bakers last Sunday. One hundred union bakers were appointed to do detective work at the bakeries, with a view to bringing before the courts any master baker who refused to close his shop at 10 a. m., in accordance with the law.

Only three or four of the master bakers refused to close their shops. One of them was arrested as a warning to the others. In Yorkville police court he got off with a warning on pleading ignorance of the law. One hundred union butchers will be sent to watch the butcher shops next Sunday for all classes of violation of the Sunday law. The barber shops and groceries will also be watched and arrests will be made when their proprietors refuse to close at 10 a. m.

Mays & Crowe sold six bicycles Saturday. This is a pretty good sale of bicycles for one day in a town the size of The Dalles. It is hard to understand how such a wheel as the Pennant can be sold for \$17.50, but they do it.

We have a bicycle for \$19.00, which is equal if not better than any \$20.00 or \$25.00 wheel sold by others. Mays & Crowe.

**..COLUMBIA BREWERY..**  
AUGUST BUCHLER, Prop.

Of the product of this well-known brewery the United States Health Reports for June 28, 1900, says: "A more superior brew never entered the laboratory of the United States Health reports. It is absolutely devoid of the slightest trace of adulteration, but on the other hand is composed of the best of malt and choicest of hops. Its tonic qualities are of the highest and it can be used with the greatest benefit and satisfaction by old and young. Its use can conscientiously be prescribed by the physicians with the certainty that a better, purer or more wholesome beverage could not possibly be found."

**PERSONAL MENTION.**

Dr. Ray Logan, of Moro, arrived here early this morning from Spokane, where he had taken a patient to be placed under the care of Dr. James Sutherland, and left for home on the noon train.

Robert Mays, jr., arrived here last night on a business trip from Antelope and returned home on the noon train. He says the percentage of increase of lambs in the Antelope country this year has been one of the largest ever known. The ranges, however, are calling for rain and a good downpour would be of great benefit.

Episcopal church last night, at its session in the Hanson-Place Methodist church, Brooklyn, by saying that Jamaica ginger as an American intoxicant is rivaled only by applejack. Dr. Buckley was making his annual report upon the Christian Advocate, of which he is editor. He said that during the year he had refused \$43,000 worth of advertising on the ground that he could not indorse the articles sought to be advertised. He classes Jamaica ginger among such objectionable articles, and said he would not have it upon his table under any circumstances.

Dr. Buckley said he had refused to set apart a special department in the newspaper for the publication of temperance news because, if temperance news items were to be presented under a temperance label, those who most needed to read that column would be certain to skip it. He denounced as an absurdity having children, 6 and 8 years old, barely able to sign their names, brought forward to sign pledges, promising not to drink intoxicants or to use bad language. Dr. Buckley characterized the agitation for individual communion cups as "the most consummate humbug ever foisted upon the Christian church."

**Jamaica Ginger Vile Intoxicant.**

NEW YORK, April 17.—The Rev. Dr. James M. Buckley started the New York East Conference of the Methodist Episcopal church last night, at its session in the Hanson-Place Methodist church, Brooklyn, by saying that Jamaica ginger as an American intoxicant is rivaled only by applejack. Dr. Buckley was making his annual report upon the Christian Advocate, of which he is editor. He said that during the year he had refused \$43,000 worth of advertising on the ground that he could not indorse the articles sought to be advertised. **Do You Cough?**

"I guess I used to be like everybody else. When I caught cold, I just let it alone, thinking it would cure itself in a few days; of course the coughing and spitting of mucus sometimes lasted several weeks, but after a while the trouble would subside. I always noticed, however, that each cold was worse than the one before. My throat seemed to get weaker, and the least change in the weather started the coughing again. The last cold was the most severe of all. I was really frightened. Cough drops and home treatment did no good. A friend told me about Acker's English Remedy. I got a bottle and you never saw the like of it before. Before the bottle was gone I was well. My throat felt as strong and well as could be. Since then I have had no more trouble. I think Acker's English Remedy so strengthens the delicate lining of the throat that it really resists the change in temperature, and holds up the constitution as well."

**The Best Remedy for Rheumatism.**  
QUICK RELIEF FROM PAIN.

All who use Chamberlain's Pain Balm for rheumatism are delighted with the quick relief from pain which it affords. When speaking of this Mr. D. N. Sinks, of Troy, Ohio, says: "Some time ago I had a severe attack of rheumatism in my arm and shoulder. I tried numerous remedies but got no relief until I was recommended by Messrs. Geo. F. Parsons & Co., druggists of this place, to try Chamberlain's Pain Balm. They recommended it so highly that I bought a bottle. I was soon relieved of all pain. I have since recommended this liniment to many of my friends, who agree with me it is the best remedy for muscular rheumatism in the market." For sale by Blakeley, the druggist.

**Question Answered.**

Yes, August Flower still has the largest sale of any medicine in the civilized world. Your mothers and grandmothers never thought of using anything else for indigestion and biliousness. Doctors were scarce and they seldom heard of appendicitis, nervous prostration or heart failure, etc. They used August Flower to clean out the system and stop fermentation of undigested food, regulate the action of the liver, stimulate the nervous and organic action of the system, and that is all they took when feeling dull and bad with headaches and other aches. You only need a few doses of Green's August Flower, in liquid form, to make you satisfied there is nothing serious the matter with you. Get Green's prize almanac. Clarke & Falk's.

**Old Soldier's Experience.**

"I would cough nearly all night long," writes Mrs. Chas. Applegate, of Alexandria, Ind., "and could hardly get any sleep.
