## CALLAHAN NOT GUILTY

Acquitted of Complicity in the Cudahy Kidnaping—Judge Severely Arraigned the Jury.

OMAHA, Neb., April 28.—James Callahan was declared not guilty, shortly after 9 o'clock this morning of any complicity in the kidnaping of Edward Cudahy, Jr. The judge evidently expected another verdict and was openly disappointed. "It is impossible for me to understand," he said, "how twelve intelligent men could have agreed upon such a verdict after listening to the testimony. The defendant could not have chosen more wisely if he had been selecting his own representatives, and the community could not have made a more unsatisfactory selection. This jury is discharged without the compliments of the court."

Callahan's attorneys were not present, and the defendant expressed a desire to thank the jurors in his own behalf. This the court refused to permit. He said the jury did not deserve any thanks.

Two other counts still hang against Callahan. He was at once rearrested under these. There is doubt, however, whether the state will be able to bring the case to trial.

Chief of Police Donahue announces that the \$50,000 offered for the apprehension of Patrick Crowe will be withdrawn. He says it is one thing to arrest the culprit and another to convict. The reward of \$50,000 offered jointly by the city and Edward Cudahy, however, will still remain in force.

As far as could be ascertained there was at no time any serious difference to the opinions of Callahan's innocence among the jury. Three were inclined to favor a verdict of guilty, but were soon convinced by their colleagues that a reasonable doubt existed.

General Cowlin, leading the prosecution, says that Callahan will probably be released in the morning. The other charges against him, grand larceny and false imprisonment, are virtually synonymous. The state would be obliged to depend upon the same evidence as that which has already been brought out and there is doubt in any event whether Callahan could be tried on a charge so closely akin to that on which he has been declared innocent. County Attorney Shields will be guided by this view and Callahan's liberty is practically assured.

**Imagination** supplies a great part of the pleasures of life. In no case is this so well illustrated as in the fact that many men will pay outrageously high prices to have their clothes made to measure, because they imagine they get a suit superior to ready-made. They did once—they don't now.

## THE AMERICAN SITUATION

Senator Beveridge's Address at Des Moines—References to Cuba, the Philippines, Economic Changes and the Eastern Question.

DES MOINES, April 27.—United States Senator Albert J. Beveridge, of Indiana, delivered the principal address at the annual meeting tonight of the Grant Club, the leading social and political club of Des Moines, on "The American Situation; We Will Fight It Out on This Line." Senator Beveridge said:

"The purpose of all American statesmanship with reference to Cuba has been the welfare of the Cuban people as related to the welfare of the American people. Cuban interests and American interests, Cuban safety and American safety, Cuban prosperity and American prosperity, are identical in the nature of things. When we provide that Cuba shall never become entangled in foreign relations, we are not destroying Cuban independence; we are establishing it and setting metes and bounds where all interference shall meet the sentinel of American authority, and when we provide that American guns from Cuban ports shall command the entrances to the gulf, we are not impairing the safety of the Cuban people, but are guaranteeing it by the blood of every American soldier who mans our Cuban garrisons, pledged to be shed to the last drop, if need be, in defense of the Cuban people.

"The Philippines came to us by conquest and purchase. Over this dominion we are establishing order and law more rapidly than the same achievement ever was accomplished anywhere or at any time under similar circumstances. When this work is done, when the foundation of a permanent peace is finally laid, an orderly government must be erected and then maintained. This work is in our hands. We cannot hand it over to any other power, and, even if we could justify a policy of retreat, even if we were willing to abdicate the commercial throne of the far East, this would not alter conditions, for none of the powers who hunger for the Philippines would permit either of the others to acquire them from

us. The Philippine situation is that our business there is inextricable and permanent."

Of the trusts he said: "He is indeed a daring pessimist who denies that the stock of the mighty modern combination of production which controls the necessities of the people will finally be held by the people themselves—small quantities in the hands of a vast number of individuals instead of vast quantities in the hands of each of a small number of individuals."

With reference to China, he asserted that America cannot afford to go to war to prevent any country from asserting their respective spheres of commercial influence in China.

Senator Dooliver responded to the toast "Ulysses S. Grant." A large number of out-of-town guests were present. A reception and banquet were also held.

### The Best Remedy for Rheumatism.

QUICK RELIEF FROM PAIN.

All who use Chamberlain's Pain Balm for rheumatism are delighted with the quick relief from pain which it affords. When speaking of this Mr. D. N. Sinke, of Troy, Ohio, says: "Some time ago I had a severe attack of rheumatism in my arm and shoulder. I tried numerous remedies but got no relief until I was recommended by Messrs. Geo. F. Parsons & Co., druggists of this place, to try Chamberlain's Pain Balm. They recommended it so highly that I bought a bottle. I was soon relieved of all pain. I have since recommended this liniment to many of my friends, who agree with me it is the best remedy for muscular rheumatism in the market." For sale by Blakeley, the druggist.

### Does It Pay to Buy Cheap?

A cheap remedy for coughs and colds is all right, but you want something that will relieve and cure the more severe and dangerous results of throat and lung troubles. What shall you do? Go to a warmer and more regular climate? Yes, if possible; if not possible for you, then in either case take the ONLY remedy that has been introduced in all civilized countries with success in severe throat and lung troubles, "Boesche's German Syrup." It not only heals and stimulates the tissues to destroy the germ disease, but allays inflammation, causes easy expectoration, gives a good night's rest, and cures the patient. Try one bottle. Recommended many years by all druggists in the world, and sold by Clarke & Falk. Get Green's prize almanac.

### Morphine Poisoning.

NEW YORK, April 27.—John A. Elliott, a member of the Elliott Press, a printing company of this city, died of morphine poisoning in an uptown drug store early this morning. A stranger had brought him into the store and for hours after the death the police were investigating the case. This afternoon Emil P. Augot, a Maiden Lane diamond seller, voluntarily told the officers that he was the man who was with Elliott. He says he spent several hours last night with him and that Elliott drank a good deal. Toward midnight Elliott got him to buy some morphine for him at a drug store and this he took while Augot was not watching him. Augot took him to the drug store to get medical treatment for him and then went home.

Elliott was well known in political circles, his company printing the *Tammany Times*. He was at one time connected with various Iowa newspapers and had been associated, it is said, with the *Des Moines Register*. He afterward conducted papers in Deadwood, S. D., and was for ten years or more a resident of Chicago.

### Caught a Dreadful Cold.

Marion Kooke, manager for T. M. Thompson, a large importer of fine millinery at 1658 Milwaukee Avenue, Chicago, says: "During the late severe weather I caught a dreadful cold which kept me awake at night and made me unfit to attend my work during the day. One of my milliners was taking Chamberlain's Cough Remedy for a severe cold at that time, which seemed to relieve her so quickly that I bought some for myself. It acted like magic and I began to improve at once. I am now entirely well and feel very pleased to acknowledge its merits." For sale by Blakeley, the druggist.

### Catarrh Cannot Be Cured.

with local applications, as they cannot reach the seat of the disease. Catarrh is a blood or constitutional disease, and in order to cure it you must take internal remedies. Hall's Catarrh Cure is taken internally, and acts directly on the blood and mucous surfaces. Hall's Catarrh Cure is not a quack medicine. It was prescribed by one of the best physicians in this country for years, and is a regular prescription. It is composed of the best tonics known, combined with the best blood purifiers, acting directly on the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing Catarrh. Send for testimonials, free.
