THE ARMY CANTEEN.

The country is entitled to know the full truth concerning the army canteen, without respect to the extremists of both sides. Hence any reliable information is of value. In a very temperate article on the army canteen, the Walla Walla Union says:

The last congress abolished the canteen and since that time the question has been more thoroughly agitated. Temperance people are interested, and ministers are endeavoring to ascertain the truth of the matter. People who have not investigated listen to the reports of the ultra-temperance people that the canteen is dangerous and an evil that should be for all time abolished; on the other hand they are informed by earnest persons, who are in favor of the canteen, that its abolishment has already proven the good that is in the canteen system.

Between these two opinions the ordinary person is in doubt. He hears two opposite stories and is unable to judge of the truth.

Here in Walla Walla we have a post that has at the present time but a few men. Yet there have been stories that since the canteen law was abolished the amount of drunkenness among the soldiers in the city has greatly increased. It has been charged that the police are annoyed nightly by the soldiers coming to the city, remaining late and getting into fights and brawls, whereas before the canteen law was repealed a drunken soldier was seldom seen in the streets.

A jury of six men in a justice court in Astoria has decided that the nickel-in-the-slot machine law is a dead letter. There was no question, whatever, as to the defendant's guilt. In fact it was admitted by both sides, yet on the first ballot four of the six jurors voted for acquittal, one voted blank and the sixth man voted for conviction. These intelligent and patriotic American jurors and fellow-citizens finally arrived at the conclusion that the conviction of the defendant meant the closing of all the gambling places in Astoria, and as this would be an awful calamity they voted for his acquittal. So the operation of the machines will proceed all the same as if the Proebstel law never had a being.

The Spokesman-Review thinks if President McKinley is not a firm advocate of irrigation by this time, he must be fond of the desert and sand. His train is passing through the bleakest and driest portion of the United States.

If it were possible for the ants to be pleased with anything that exists they should be gratified to learn that President McKinley seems to have concluded to postpone indefinitely the establishment of an empire by reducing the army in the

Philippines to 40,000 men, besides declaring his intention to make a further reduction provided the conditions in the islands continue to improve as they have done during the past few months.

Paper coffins are the latest, and an exchange sees in them the correct eternal encasement for subscribers who stop their paper without liquidating.

Tax On Coal Sure to Pass.

NEW YORK, May 6.—It is almost certain, says the London correspondent of the Tribune, that the resolution on the coal duty will be passed by the house of commons tonight. The position of the government has been greatly strengthened by Sir Michael Hicks-Beach's disclosure with regard to the profits of the coal-owners, and a three-figure majority is not improbable. The miners' delegates will meet again tomorrow to decide upon their course of action. The volume of coal exports, especially at Cardiff, has, it is understood, already been sensibly affected by the chancellor's scheme, but the disorganization no doubt is only temporary. When the delegates meet tomorrow the tax will assuredly have been passed, and no attempt to rescind it will be possible for at least twelve months.

Tribute of Japan to Perry.

BERKELEY, Cal., May 6.—Baron Kentaro Kaneko, president of the Bei Yu Cyo Kai, the American association of Japan, has asked the assistance of the University of California in rousing public interest in the movement to erect at Kurihama a monument commemorative of the landing of Commodore Perry half a century ago. A considerable fund has already been raised, and it is expected that the monument will be unveiled on the coming anniversary of the landing of the American envoy, which falls on July 14th.

Dr. Eisen Has Cancer.

SAN FRANCISCO, May 6.—Dr. Gustave Eisen, the California scientist whose discovery of the cancer germ was a notable event in the medical history of last year, has been attacked by cancer. He has submitted to an operation at St. Luke's hospital, and the surgeons state that he is rapidly recovering, although nothing can as yet be determined about the final result.

Dr. Eisen believes that he became inoculated with the cancer microbe while studying the germs through the microscope.

Two Anarchists End Their Lives.

CHICAGO, May 6.—Clasped in each other's arms, the corpses of J. H. Haeberlin, a young Russian laborer, and his girl wife, were found in their bedroom this morning. They had asphyxiated themselves. In a statement signed by both, the suicides stated that they killed themselves because of their being anarchists and also that the wife was about to become a mother. They did not believe in bringing another human being into existence under the present conditions.

International Games Set For September. LONDON, May 6.—The Oxford-Cambridge committee received on Saturday the official reply of the Harvard-Yale committee fixing September 21st as the date for the international games, to be held on Berkeley Oval, New York.

"I have been suffering from Dyspepsia for the past twenty years and have been unable after trying all preparations and physicians to get any relief. After taking one bottle of Kodol Dyspepsia Cure I found relief and am now in better health than I have been for twenty years. I can not praise Kodol Dyspepsia Cure too highly," thus writes Mrs. C. W. Roberts, North Creek, Ark. Clarke & Falk's P. O. Pharmacy.

If the people only knew what we know about Kodol Dyspepsia Cure, it would be used in nearly every household, as there are few people who do not suffer from a feeling of fullness after eating, belching, flatulence, sour stomach or waterbrash, caused by indigestion or dyspepsia. A preparation such as Kodol Dyspepsia Cure, which with no aid from the stomach, will digest your food, certainly can't help but do you good. Clarke & Falk's P. O. Pharmacy.

Mr. W. J. Baxter of North Brook, N. C., says he suffered with piles for fifteen years. He tried many remedies with no result until he used DeWitt's Witch Hazel Salve and that quickly cured him. Clarke & Falk's P. O. Pharmacy.

White Man Turned Yellow.

Great consternation was felt by the friends of M. A. Hogarty of Lexington, Ky., when they saw he was turning yellow. His skin slowly changed color, also his eyes, and he suffered terribly. His malady was Yellow Jaundice. He was treated by the best doctors, but without benefit. Then he was advised to try Electric Bitters, the wonderful Stomach and Liver remedy, and he writes: "After taking two bottles I was wholly cured." A trial proves its matchless merit for all Stomach, Liver and Kidney troubles. Only 25c. Sold by G. C. Blakeley, the druggist.
