

He Tried a Sample Bottle

Nearly every day people come into drug stores and ask the Druggists to recommend some medicine for their trouble. Very often they refuse to do so, because, as a rule, they do not believe it proper to advise anyone to take a patent medicine of which they do not know the ingredients. It is the physician's business to prescribe. Some make an exception, however, when anyone has a cough, cold or throat and lung trouble. "I always recommend Acker's English Remedy, because I know just what it will do. It has cured every case where I have seen it tried. It is the best expectorant and tonic I ever handled in my 14 years' experience. I will give just one instance of a gentleman who had been troubled for years with a nasty, hacking cough. I advised Acker's English Remedy. He tried a sample bottle, and was cured before he had taken half of it, at no cost whatever. This is an exceptional case, however, as it usually takes two or three bottles."

Mark Twain Spoke at Princeton.
PRINCETON, N. J., May 10.—Mark Twain (Samuel L. Clemens) has just given an interesting address before the students and friends of Lawrence Hutton, the author, in Alexander hall. Mr. Clemens came to Princeton as the guest of Mr. Hutton. Immediately upon his appearance on the platform the undergraduates greeted him with a long, loud cheer. The speaker then told a number of witty stories about his early life in the West, a war story and concluded with reading from one of his works on the German language. He will remain here today and will be present at the Harvard-Princeton debate tonight.
