WAYSIDE GLEANINGS.

Two weeks more of school in The Dalles.

A fresh shipment of crawfish just received at the Bank Cafe. C. J. Stubling, proprietor.

A fresh consignment of delicious crawfish is now on tap at the Owl. J. Falt & Co., proprietors.

Wanted—A woman to do plain sewing. About three months' work on hand. Apply at this office. m14-1wk

The sheriff yesterday turned over to the county treasurer the sum of \$4,962.66, the amount of taxes collected during the first fifteen days of May.

Word comes from Tygh Ridge that Wallace Fargher, one day this week, lost thirty head of sheep that were poisoned by eating lark's spur and wild onions.

Wanted—Ten homesteaders at once. The last chance to get good timber claims near the Columbia river. Address H. W. L., care of the Chronicle office. m15-21

Hudson & Brownhill this week sold the John Fender place on the White Salmon to W. T. Wright. The ranch consists of 320 acres of land and the consideration is \$1600.

The insane man who jumped into the Columbia river near Celilo a few weeks ago and was sent from here to the state asylum has been released from that institution as restored to his right mind.

It is expected that President Penrose, of Whitman college, will deliver an address on "Good Citizenship" in this city during the last week of this month. Further notice will be given in due time.

An extraordinary attraction will be the colony of silk worms, which will be in this city next week. Watch the papers for announcement of their arrival and then come and see the little spinners spin.

The Leader says the Shaniko Warehouse company have at the present time twenty-five persons on the pay roll. Fourteen are employed on the addition being built, four in the lumber yard and seven in the warehouse.

The river at this place stood at 30.5 feet above zero this morning. A rise of

two feet more will close the locks to navigation, an event that is likely to occur next Monday, and is almost certain to occur before the middle of the week.

Attorney Sam Stark will conduct his first case as an attorney in the justice court of his old home precinct of Mosier next Saturday in a controversy over a horse between John Miller and Charles Snipas. Mr. Stark is retained for Mr. Miller.

A fine, gentle rain fell part of Wednesday and all day Thursday in the Dufur neighborhood and the country south of there. Although the crops were not suffering, the rain comes at an opportune time and makes assurance of a big crop doubly sure.

Since the dog license has been reduced, twenty-seven persons have bought tags from Recorder Ned Gates. Even the councilmen and city officers, Ned says, are buying tags for their canines, and this is justly regarded as a demonstration of the wisdom of the reduction ordinance.

You have no doubt heard of serious difficulties arising through mistaken identity over the telephone; but you have certainly never heard of anything quite so funny as occurs in "Per Telephone, which will be given at the Character concert Tuesday night at the Baldwin. It is a laughable affair throughout.

Mr. Walther, of Sexton & Walther, of this city, had a telegram yesterday announcing that his father, Mr. Gustave Walther, of San Diego, was on his way hither and expected to arrive in The Dalles some time today. Mr. Walther will probably arrive here tonight and may conclude to make his future home with his son.

Duncan Chisholm, of Kent, Sherman county, yesterday sold his clip of this season's wool to Mr. Smith, of Moses & Co., of San Francisco, for 11 cents a pound. The clip consisted of about 37,000 pounds of extra clean wool. It may be added that 11 cents is considered the top price for the class of wool marketed at The Dalles.

Henry Gulick complains that some petty larceny thief is in the habit of stealing ropes he uses on the skiff that he employs to ferry him across the slough near the mouth of Three Mile to the fish wheel. The value of the rope is not very much, but the loss of it works an inconvenience that has made Mr. Gulick determined to make an example of the thief, should he ever get trace of him.

Superintendent C. L. Gilbert is mailing to those teachers who have made requisition, questions for the 8th grade final examinations. The examinations will begin at 9 a. m. May 23d and continue for three days. These examinations are uniform throughout the state and are begun and concluded on the same date. The questions are prepared by the state superintendent and are published by the authority of the state

Fishermen who live on Desdomona sands caught a monster black fish in a net last evening, says the Astoria News of the 16th. The great fish was about thirty feet in length and weighed several tons. So great was his weight that all the forty men on the sands could not haul him onto the wharf. Finally horses hauled the big fellow onto the sands, where he was taken from the web. This is the first time in years that a black fish has been caught in the river. The black fish is generally known in this vicinity as a whale.

Stock Inspector A. A. Bonney and Dr. William McLean, state veterinarian of Portland, visited Tygh Ridge last Monday and killed two horses that were afflicted with malignant gleet or glanders. One of the horses belonged to Joe Ramus and the other to J. A. McKilson. This is a very loathsome disease and is always fatal to both horse and man. Several persons have died from this disease in this state, catching it from glandered horses. Any suspicious cases should be killed. Messrs. Bonney and McLean also found a few horses afflicted with mange, but all were being cared for and were improving. The cattle of Mr. Kinney, of Wamic, afflicted with ringworm, are doing well and are practically cured.

The boys at this place are not gentlemanly. I will try not to get bad habits. The pants have worn out at the knees, the tailor must have cheated you, the buttons have come off and they are loose behind. The food is not good, but I shud not mind it if I was only stronger. The piece of meat I send you is off the beef we had on Sunday, but on other days it is more stringy. There are black beetles in the kitchen, and sometimes they cook them in the dinner, which cant be holesome when you are not strong. I have a tame beetle as a pet. Do not mind my being uncomfortable, as i do not think i shall last long. Please send me some more money, as i o 25 cents. if you cant spare it i think i can borrow it of a boy who is going to leave. You loving but retched son.

Strange Spring.

Sandy Hancock tells of a spring he found out in the wildest part of the Blue mountains, says the Heppner Gazette. It does not come to the surface, forming a rivulet as other springs do, but is a hole in the ground one foot across. The water comes up on one side of the hole and goes out on the other side, underground; on, on it goes, in a rush no one knows where. The water is always icy cold, and clear as crystal, and is always in a rush. The depth cannot be measured, and the stream being so swift the measuring poles are forced out of the hands and carried on underground, never to be seen again; and so with everything dropped into it; it is gone forever. Standing near this spring we can feel the earth tremble, and we can hear a roaring underground like water falling over a precipice.

If the people only knew what we know about Kodol Dyspepsia Cure, it would be used in nearly every household, as there are few people who do not suffer from a feeling of fullness after eating, belching, flatulence, sour stomach or waterbrash, caused by indigestion or dyspepsia. A preparation such as Kodol Dyspepsia Cure, which with no aid from the stomach, will digest your food, certainly can't help but do you good. Clarke & Falk's P. O. Pharmacy.

Drying preparations simply develop dry catarrh; they dry up the secretions, which adhere to the membrane and decompose, causing a far more serious trouble than the ordinary form of catarrh. Avoid all drying inhalants, fumes, smokes and snuffs and use that which cleanses, soothes and heals. Ely's Cream Balm is such a remedy and will cure catarrh or cold in the head easily and pleasantly. A trial size will be mailed for 10 cents. All druggists sell the 50c. size. Ely Brothers, 56 Warren St., N. Y.

The Balm cures without pain, does not irritate or cause sneezing. It spreads itself over an irritated and angry surface, relieving immediately the painful inflammation.

With Ely's Cream Balm you are armed against Nasal Catarrh and Hay Fever.
