Oxfords and Sandals..

The young miss without a pair of oxfords or sandals will be lonesome this season. Every young lady ought to have a pair for summer wear; they're so cool and comfortable. Our oxford and sandal prices run something like this:
Misses', 11½ to 2 \$1.10, 1.15, 1.25, 1.50
Child's, 8½ to 11 75c, \$1, 1.15 and 1.25
Child's, 5 to 8 75c, 90c, \$1.15 and 1.25
The styles are so pretty that mother will let her have a pair when she sees them.

The Driving Association Matinee.

The first matinee of The Dalles Driving Association was held yesterday afternoon and was a decided success. All the business houses closed promptly at 1 o'clock, and by the time the first speed trial was under way there were anywhere from 800 to 1000 people on the grounds.

The D. C. & A. C. brass band discoursed excellent music and pleasantly filled up the inevitable intervals between the races.

The entries for the first contest, trotting, best three in five, were Dr. Ferguson's Nelly Bly; J. P. McInerney's Fanny, and E. O. McCoy's Dick. Nelly Bly won the two first heats and race. Time, 1.51 and 1.51½.

The interval between the two heats was enlivened by an exhibition of Jud Fish's splendid driving team, which made the round of the track in 1.38 and the mile in 3.15.

The second race was a splendid contest between Fred Fisher's Edmond S., H. L. Kuck's Freak and Grant Mays' Mack. John Roth, of Kingsley, was permitted to enter the contest with his unnamed trotting stallion; but after scoring with the rest both disappeared from view and, unlike the tabby cat in the song, never came back. Mack won the first heat in 1.24, but withdrew from the contest in the second heat on account of having cast a shoe. The second heat was won by Edmond S.; time 1.28. The third heat by the same; time 1.25.

Not the least interesting of the contests was the pony race. There were three entries—Henry Heabner, Ora Bagley and Ted Senfert, the latter on an Indian pony not much bigger than a Shetland Sheltie. It was a quarter-mile race and the pony ran like lightning in spite of the fact that Bagley crowded the pony and its rider against the pole in a manner that it was a wonder didn't result disastrously for one or the other of them. The race was given to Ted Senfert, and he not only earned it, but richly deserved it even if he hadn't earned it.

The most interesting race of all was the pacing contest between L. A. Porter's Solo and W. H. Hobson's Primrose. Solo won the first heat; time 1.15; the second heat was won by Primrose; time 1.12, and the third heat and race by Solo; time 1.11.

One of the most interesting events of the matinee was the exhibition of three superb 2-year-old colts, the gets of the famous stallion, Multnomah, which died last year. Three handsome animals of their class the eye never gazed on, and the sight of them was worth the whole price of admission to the matinee. They belong respectively to Messrs. D. V. Poling, Frank French and E. C. Pease, of this city.

W. R. Abrams, formerly of this city, and later a partner of Ben Snipes in his unfortunate banking venture at Roslyn, Wash., filed a petition in bankruptcy in the United States court, Portland, Wednesday. The liabilities of the petitioner have grown out of the bank partnership and subsequent failure, although he had no capital in the concern and had only a working interest as manager. The list of liabilities of petitioner comprises twelve pages of names, and amounts to \$290,000.87. His assets consist of property conveyed for the benefit of creditors November 25, 1891, valued at \$279,000—amount realized therefrom not known—and other property of the value of \$350.

Take the Children to the Show.

Does your memory ever call you back to the day when you were a fair-haired little "tot," and the advance agent of the old-time circus invaded your little home town with his pretty pictures of prancing ponies, elephants, dogs doing all sorts of tricks, and ye merry old clown with his funny painted face and grotesque garb and the innumerable wonderful things to see? Of course it does. Do you remember how your heart beat, and how you longed for the time to come when the circus would arrive, and after counting the weeks and days and hours the time arrived and the "greatest show on earth" appeared? Was that not one of the happiest days your life? Without doubt it was. The man must be base indeed who cannot associate his first circus with the happy days of youth. Time has passed since then. You may have little men and

Talk is cheap but results count. It takes money to make money. Hudson & Brownhill evidently are aware of this, consequently they are spending a lot of money advertising, not only in the home papers (for they believe in patronizing home industries) but also in the Oregonian and Eastern papers. They are not afraid to branch out; they know how to reach buyers, and this accounts for the large number of sales they have made within the last few months. They get "results." They have clients who are looking for a large sheep farm and range, a large cattle farm and range, and a few Eastern buyers who are looking for farms worth from \$2000 to \$8000. If you have property of this kind to dispose of, now is your time to see Hudson & Brownhill and list it with them.
