## NO NEEDLESS DELAY IN THE DAVIS CASE

Statement issued by the State Land Board—Nothing to Be Gained by Rushing Matters Unduly.

SALEM, May 24.—In response to certain criticisms which have been made of the State Land Board relative to apparent inaction in the matter of the Davis defalcation, the following interview was given out by the members of the Land Board last evening:

"The public should not become impatient in the matter of commencing proceedings in the Davis defalcation unless the delay might result in probable loss to the state. The delay of one week or one month has not added anything to such probability. Both the Davis bondsmen and the members of the former State Land Board will be as able to meet their liabilities, whatever they may be, three months from now as they are at this time. There has, however, been no unnecessary delay. The final findings of the investigating committee have been made but a short time and it was thought unnecessary to begin the proceedings until the final report was made, unless there was danger of somebody getting away. Mr. Davis disappeared before the first report of the committee was made to the legislature, and in the resolution of that body, directing the committee to continue its work, it is asserted that 'there appears to be a shortage or deficit in said funds during the year ending December 31, 1894, in the sum of \$30,949, which appears to be no wise accounted for.' For the purpose of verifying this first report the attorney-general was instructed to further investigate the matter and to prosecute the wrongdoers to the fullest extent of the law. Mr. Davis disappeared immediately upon the first public intimation that there was shortage. The protection of the school fund depended upon the bondsmen and not upon Mr. Davis. The management of the entire question was taken from the hands of the present land board and placed under the direct charge of the attorney-general by the legislature, which fact is plainly set out in the resolution quoted in the Oregonian today. There was nothing whatever, under the circumstances for the land board to do, provided the attorney-general accepted his duty and performed it, and since Mr. Davis disappeared at once, there has seemed no necessity for undue haste in the matter of proceedings against anybody for financial restitution until the report of the committee has been concluded.

**His Stay at an End.**  
SAN FRANCISCO, May 24.—President McKinley has completed his program in this city, having met every organization included in the original schedule, and Mrs. McKinley's health has so far improved that the president and his party will begin the return journey to the national capital at 10 a. m. tomorrow. The president's public functions today included a reception at the Scott residence to the members of the foreign consular corps of this city, a reception at the Palace Hotel by the Sons and Daughters of the American Revolution and the Loyal Legion in honor of the president, and a review of the school children of Oakland by the president.

**Strikes a Rich Find.**  
"I was troubled for several years with chronic indigestion and nervous debility," writes F. J. Green, of Lancaster, N. H., "No remedy helped me until I began using Electric Bitters, which did me more good than all the medicines I ever used. They have also kept my wife in excellent health for years. She says Electric Bitters are just splendid for female troubles; that they are a grand tonic and invigorator for weak, run-down women. No other medicine can take its place in our family." Try them. Only 50c. Satisfaction guaranteed by G. C. Blakeley, the druggist.

**Will Resume Its Sittings.**  
OTTAWA, Ont., May 24.—The leader of the opposition in the house, having asked for information respecting the announcement that the joint high commission was shortly to resume its sittings,

Sir Wilfrid Laurier said he had reason to believe the sittings will be resumed. It is desirable to bring matters to an issue of some kind, he said. The Alaskan boundary has not been eliminated, but is in the very forefront of the negotiations. In justice to Canada and in justice to Newfoundland, it is necessary that the commission should resume. If the sittings fail, Canada will have to consider the question of revising its relations with Newfoundland.

He also said it is important for all concerned that the Alaskan boundary be definitely settled. If the commission fails to reach a settlement and the American and the Canadian contentions are so far apart that the premier does not see any assurance that a settlement will be reached, and if a fair compromise cannot be arrived at, then there must be arbitration.

**Faith Healers Arrested.**  
CHICAGO, May 24.—John Alexander Dowie, the faith-healer, was placed under arrest today, pursuant to the action of the coroner's jury, which yesterday declared him criminally responsible for the death of Mrs. Emma Lucy Judd. H. Worthington Judd, a disciple of Dowie, and husband to the victim, was also placed under arrest. Both were taken before Judge Tuttle, who admitted them to bail in \$10,000 each. Henrika Bratsch and Harry P. Speicher, maternity nurses, who were at Mrs. Judd's bedside when she died, were arrested last night, and later released under \$5000 bonds. Mrs. Judd died a week ago, after sixteen hours of suffering. Her infant also died. She was a member of Dowie's congregation, and it is claimed she received no medical attention.

**Does It Pay to Buy Cheap?**  
A cheap remedy for coughs and colds is all right, but you want something that will relieve and cure the more severe and dangerous results of throat and lung troubles. What shall you do? Go to a warmer and more regular climate? Yes, if possible; if not possible for you, then in either case take the ONLY remedy that has been introduced in all civilized countries with success in severe throat and lung troubles, "Boschee's German Syrup." It not only heals and stimulates the tissues to destroy the germ disease, but allays inflammation, causes easy expectoration, gives a good night's rest, and cures the patient. Try one bottle. Recommended many years by all druggists in the world, and sold by Clarke & Falk. Get Green's prize almanac.

**A Vote on the Creed Tomorrow.**  
PHILADELPHIA, May 24.—From the eagerness with which the commissioners of the Presbyterian general assembly renewed consideration of the creed revision question today, it appears doubtful if the vote will be reached before tomorrow noon. Even then, the vote will simply be upon the question as to whether or not the entire subject shall be dismissed. Judge Humphrey opened the debate this morning. He stated that he was in favor of revision, but was opposed to a new creed.

Dr. Kennedy followed with a long speech in which he upheld Dr. Baker's motion to dismiss the subject. The Westminster Confession of Faith, he argued, was a scientific document and never was made for popular purposes or understood by the mass of men.

**Says He Was Tortured.**  
"I suffered such pain from corns I could hardly walk," writes H. Robinson, Hillsborough, Ill., "but Bucklen's Arnica Salve completely cured them." Acts like magic on sprains, bruises, cuts, sores, scalds, burns, boils, ulcers. Perfect healer of skin diseases and piles. Cure guaranteed by G. C. Blakeley, the druggist. 25c.

**Seventy-Eight Miners Lost.**  
LONDON, May 24.—An explosion occurred this morning at the Universal colliery at Senghenydd, in the Rhondda valley. The rescuers are working with the greatest difficulty owing to lack of air. Five bodies have been recovered. The wreckage of the pit is complete, almost precluding hope that the imprisoned men can have survived. There are 78 miners missing.

You are much more liable to disease when your liver and bowels do not act properly. DeWitt's Little Early Risers remove the cause of disease. Clarke & Falk's P. O. Pharmacy.

## THE PHILLIPS MYSTERY

Stanley's Case Adjourned Until Chemists Report—Examination Set For May 31st.

NEW YORK, May 23.—Dr. Kirk Stanley, the masseur arrested in connection with the death of Father Phillips, has been arraigned before Coroner Bausch and his examination set for May 31st. The bail was reduced to \$5000. Stanley was taken back to the Tombs in default of bail.

At the hearing before the coroner, Policeman Redmond told of the finding the priest's badly decomposed body and of the subsequent arrest of Stanley. After the policeman had testified Assistant District Attorney Garvan asked for an adjournment of the case until a report on the chemical analysis of the stomach and intestines of the dead man could be received.

Abraham Levy, counsel for Stanley, protested against an adjournment, declaring there is absolutely nothing against Stanley.

"There is no criminal charge against him," said the lawyer, "and it is a hardship to hold a man on a mere suspicion. I don't care for any indiscretion he may have been guilty of in not reporting the death of the man to the police. That is a matter with which the court has nothing to do. We all know that Dr. Wittmann, the chemist, is not active in furnishing an analysis in such cases. I ask that you proceed with the examination or discharge the defendant."

Coroner Bausch granted the adjournment, and in doing so he said:

"I shall make an agreement that the professor who makes the analysis shall furnish a report within a seven days. A longer time will not be tolerated by me. I see nothing of a damaging character against the defendant other than his folly in failing to report the case. I do not believe that Stanley was cognizant of the death of the priest."

When Coroner Bausch returned to his office today he found it had been broken into, the roller-top desk in which the coroner kept his papers had been pried open, and there was evidence that the papers had been ransacked. The coroner believes this was done by persons wishing to learn the real name of the woman known as Mrs. Stanley.

## Fine Under-muslins

at less than wholesale prices.

Fortune favored us in this transaction. Underwear such as we offer here, is not often seen sold at these figures. Ready cash and a sure out-put enabled us to accommodate the maker—and relieve the embarrassment of the dealer to whom this consignment was made—and who proved unable to come to terms.

The name of the maker is withheld by special request—though the same is quite familiar to many of our Dalles ladies, and his goods stand high in their favor.

The sale is now on—and will continue the balance of this month. We would not guarantee the following assortment for that length of time, however—so come soon.
