CUBA'S ACTION IS NOT SATISFACTORY

Administration Decides the Convention Must Accept the Platt Amendment Without Reservation.

WASHINGTON, May 31.—The administration has decided that the action of the Cuban constitutional convention in accepting the terms of the Platt amendment with modifications and interpretations of their own, is not "substantial" compliance with our terms within the meaning of the amendment, and Secretary Root will convey the intelligence to the convention.

The decision was reached at the cabinet meeting today. The meeting lasted over an hour and a half, and had been preceded by an hour's conference between the president and Senators Platt, of Connecticut, and Lodge, of Massachusetts. As the author of the amendment, the president desired to learn the views of Senator Platt and also those of Senator Lodge, who is one of the influential members of the committee on foreign relations.

At the cabinet meeting Secretary Root took the position that the interpretations of the Platt amendment contained in the constitution adopted by the convention, and the whereas appended to it, go outside of a fair interpretation of its meaning and are unacceptable. In this view the cabinet concurred.

When asked as to what would be the next step of the government after the Cuban convention had been notified of the rejection of its action, one of the members of the cabinet said that the government could do nothing further until the convention shall again act, that as long as the conditions of the Platt amendment are on the statute books, compliance with them must precede our relinquishment of control over the island.

Our usually quiet and peaceful burg was enlivened last Saturday by a three-handed fight between a citizen of Tygh Ridge on one side and two Rameysites on the other, says the Dufur Dispatch, the point of difference arising from an argument relative to the merits of a prominent attorney of The Dalles. The question was brought up during a discussion of the Bruner murder case. Three spirited rounds were fought, each round resulting in a decisive victory for the Tygh Ridger, who championed the attorney's side of the argument.

GENERAL DELAREY FORCES A BATTLE

Attacks the British Forces Under General Dixon at Vladfontein, Inflicting Heavy Loss.

LONDON, May 31.—The war office today gave out the following dispatch from Lord Kitchener, dated Pretoria, May 30th:

"General Dixon's force at Vladfontein was attacked yesterday by DeLarey's forces, and there was severe fighting. The enemy was eventually driven off with heavy loss, leaving thirty-five dead. I regret that our casualties also were severe. The killed and wounded numbered 174. Four officers were killed."

On the anniversary of Lord Roberts' entry into Johannesburg the country has been startled by the news of desperate fighting and heavy British losses within forty miles of the gold-reef city. The battle at Vladfontein, on the Durban-Johannesburg railroad, reported by Lord Kitchener today, is the most serious engagement since General Clement's reverse at Nagalesburg. It shows General Delarey is in no way daunted by the capture of eleven of his guns by General Babington six weeks ago. The garrison of Vladfontein, apparently largely composed of yeomanry, suffered 174 casualties. That their assailants came to close quarters and suffered heavy loss is shown by the number of dead left on the field.

Want Canteen Law Repealed.

ST. PAUL, May 31.—By a unanimous vote the Association of Military Surgeons in session here today passed a resolution in favor of the repeal of the anti-canteen law. The subject was introduced with the resolution in a paper by Lieutenant Louis L. Seaman, late of the First United States Volunteer Engineers. A supplementary resolution by Colonel Reed, of Wyoming, constitutes every delegate a committee to see the congressmen from his own state and provide for a committee of three to labor with congress. This last committee is to act with the legislative committee of the American Medical Association. The association claims that intemperance and disorder have increased since the abolition of the canteen, and recommends its re-establish-

ment on grounds of "sanitation, morality and discipline."

Mrs. McKinley is Not Yet Out of Danger.

WASHINGTON, May 31.—Mrs. McKinley passed a very comfortable night and sat up for a while this morning. She is cheerful and is feeling rested after her journey. Dr. Rixey says she shows great improvement.

The three physicians, Drs. Rixey, Sternberg and Johnson, who are in attendance upon Mrs. McKinley after a consultation this forenoon, issued the following statement of her condition: "Mrs. McKinley is recovering from the fatigue of the trip. The illness from which she was suffering in San Francisco still continues, though in less intense form. She is still feeble and cannot be considered out of danger. Her progress will no doubt be slow, but improvement is looked for."

M. E. Sunday School Excursion, June 5.

Notice—Tickets for this excursion must be purchased of the committee, as they will not be sold at the dock at less than the regular rates.

Does it Pay to Buy Cheap?

A cheap remedy for coughs and colds is all right, but you want something that will relieve and cure the more severe and dangerous results of throat and lung troubles. What shall you do? Go to a warmer and more regular climate? Yes, if possible; if not possible for you, then in either case take the only remedy that has been introduced in all civilized countries with success in severe throat and lung troubles, "Bochee's German Syrup." It not only heals and stimulates the tissues to destroy the germ disease, but allays inflammation, causes easy expectoration, gives a good night's rest, and cures the patient. Try one bottle. Recommended many years by all druggists in the world, and sold by Clarke & Falk. Get Green's prize almanac.
