The men who came here to drive piling for a temporary wharf for the Bailey Gatzert have returned to Portland to await a lower stage of the river.

Regular meeting of the Rathbone Sisters next Monday evening. All members are requested to be present, as important business will be transacted.

A dispatch just received as we go to press announces that the jury in the case of the United States vs. H. H. Riddell rendered a verdict of "not guilty."

At 2 o'clock this afternoon Mr. S. L. Brooks, special weather observer at this place, reported that the river was on a stand-still, and had been since 8 o'clock this morning.

Marriage licenses were issued this morning to Walter Jones and May Pierce, of Hood River, and to Eugene F. Reid, of Umatilla county, and Maud M. Freeman, of Hood River.

Frank Chrisman is recovering from a severe attack of tonsillitis, which has kept him confined to his room for a week till today, when he was able to be on the street for the first time.

Recorder Ned Gates and Attorney F. W. Wilson were called to Portland yesterday as witnesses in the H. H. Riddell case, which was pending yesterday and today in the United States circuit court.

While in Heppner Thursday delivering the memorial address, Rev. D. V. Poling was presented by the W. R. C. of

that place with a very beautiful American silk flag, of which the recipient is justly very proud.

Millinery sale at the Leader millinery, Miss Haven, prop, commencing Monday, June 3d, and continuing through the week. Every ready-to-wear hat in the house, including walking hats, the flat-drape shirt waist hats and Mexican will be offered at cost. It

Alford and Roy Bell, boys of 16 and 18, of Boyd, brought this week to the county clerk thirteen coyote scalps, which they dug out of two nests. In this same neighborhood Quintus Underwood, another lad of 14, recently killed ten of the young varmints in the same manner.

The Salem Journal says Hon. T. R. Coon, of Hood River, has come to Salem to look over the chances of leasing land and putting out an acreage for shipment. He hopes to secure what land he needs on favorable terms, buy a home and east his lot at Salem to make a business and educate his children.

Attention is again called to the fact that the teachers and pupils of St. Mary's Academy, desirous of assisting in the payment of the balance of the debt remaining on St. Peter's church of this city, are preparing an entertainment to be given at the academy June 13th. Full particulars will be announced later.

A meeting of the members of the Driving Association will be held in the club rooms at 8:30 sharp, Monday night, to consider the reports of the committees appointed to solicit subscriptions for the 4th of July celebration. As the question whether The Dalles will celebrate will then be decided, a full attendance is requested. jun1-3

Postmaster Patterson will receive sealed proposals up to June 12th for carrying the mails twice a week, a distance of twelve miles and back, between The Dalles and Wrentham postoffice, on Lower Fifteen Mile. The contract calls for delivery of mail along the route, and the contractor must reside on or convenient to the line.

The river gauge this morning indicated 37.5 feet, a rise of .7 in twenty-four hours. The Snake river is now falling, and the rise in the upper Columbia is less than it has been for several days. Special Weather Observer S. L. Brooks predicts that the river at this point will come to a stand tonight or by tomorrow morning and that no higher stage may be looked for.

County Clerk Lake was rung up at 9 o'clock last night and requested to come at once to his office and issue a marriage license to two school teachers from the Boyd neighborhood, Mr. C. R. Deems and Miss Mabel O'Brien. He came, of course, and it is hoped the happy couple have by this time been tied so tight that no earthly tribunal will ever be asked to separate them.

The committee appointed by the Driving Association to solicit subscriptions for the 4th of July celebration

among the hotels, restaurants and liquor dealers, succeeded yesterday in obtaining pledges for \$400. While this amount falls short of expectation, especially as coming from a class of people who would reap the most benefit from a celebration, it does not necessarily mean an end to further effort. When the business men are interviewed, as they will be Monday, we shall then definitely know what to expect.

State Deputy John Lamont, of Portland No. 4, Fraternal Order of Eagles, and District Deputy Thomas McNamee arrived here on the noon train. They will be joined tonight by Dr. H. R. Littlefield, past grand worthy president and eight others, who come here especially to place the wings on the Dalles birds. The aerie will be organized at the K. of P. hall tomorrow afternoon at 2 o'clock. After the wings have been properly placed on the birds, an election of officers will take place. This will be followed by a grand banquet in the evening at the Skibbe Hotel.

A relic of 'ye olden days' was found a few days ago in Calif Gulch by John Wishart, which is indeed a valuable one historically. An old flint-lock rifle bearing the brand of Barnett, 1818, with the barrel cut off about twenty inches and the stock rotted off, otherwise in good condition, is this relic, and it is thought was lost or thrown away by some member of the old Hudson Bay Co., who was trapping in this country before the emigrants ever crossed through here. It is on exhibition at Robinson's store where everybody can see it.—Ashwood Prospector.

The Dufur Dispatch says: Mrs. J. E. Kennedy, who resides near Chicken Springs on the Canyon City road, was suddenly stricken with paralysis last Tuesday evening. Mrs. Kennedy is past 70 years of age and lives alone with her aged and crippled husband. She had gone to the field to assist her husband, who is scarcely able to get around, and while leading the plow team to the barn was stricken helpless. Dr. Dodds was called, who found the left side of the patient's body completely paralyzed. At last accounts received yesterday she had partially recovered the use of her limbs.

The Glacier gives the following account of a distressing accident that happened at Mt. Hood last Sunday. Louis Baldwin, who had just arrived home on a visit, thought to clean his gun. He had finished the gun, and in pressing the cartridge in the breech to load it, the cartridge exploded. He received the full charge of powder in his face. The ball went through the gun and through the house. He was brought to town and has since been under treatment by Dr. Brosius, who thinks he can save his eyes. Louis Baldwin is one of the most popular and deserving young men of Hood River, and his friends will hope for his speedy recovery.

Circuit Court Proceedings.

The case of D. Martell, who was accused, in company with J. W. Ryan, of stealing seventy-two cigars, valued at \$324, from one J. Otten, a guest of the Hood River hotel, came on for hearing yesterday, and after a jury had been obtained and the testimony of one witness rendered, Martell's attorneys, Moore & Gavin, raised the objection that the information did not state facts sufficient to sustain a charge of felony. The objection was sustained, whereupon the jury was discharged and the defendant was permitted to plead to simple larceny and was fined \$100 or fifty days in the county jail. Ryan, Martell's partner in the crime, was sentenced to a similar fine, and in default of payment, both were committed to the charge of the sheriff.

This closed the jury cases, and the jurors were discharged for the term.
