DEPLORED AT HAVANA

Convention Advised to Accept the Original Amendment—Eighty-Five Per Cent of the People Are Said to Favor It.

HAVANA, June 1.—The press deplors the misunderstanding with the Washington government, but generally admits the possibility of a wrong construction being put upon the amendment by the explanations and interpretations, and that it will be best for the convention to take up the question immediately and accept the amendment as passed by congress. La Lucha says that 85 per cent of the people favor this, but the delegates are at a loss what to do. Some claim that the United States is not acting in good faith, as it was most improbable that the Washington authorities did not know what the convention was doing and what was the nature of the report to be submitted. They further say that a majority of the committee on relations told them that the amendment as accepted would be satisfactory to the United States, and that they had the assurance of General Wood and Secretary Root to this effect. An effort is being made today by some of the conservatives to avoid a crisis by asking the convention to adjourn for a month, in the meanwhile having the municipalities petition the convention to pass the original amendment. Several municipalities have already taken that action, and it is thought that others will follow.

General Wood has held a conference with Secretary Root over the special wire to Washington. No definite plan of action has been decided upon.

HER CASE IS STILL CRITICAL

Mrs. McKinley's Condition Causes Much Concern—Does Not Gain in Strength.

WASHINGTON, June 2.—Mrs. McKinley continues very weak. Her condition is not greatly changed from that of yesterday, but each day that elapses without a gain in strength lessens her power of recuperation. The complaint which came near ending her life in San Francisco is still present. It is in a slightly less aggravated form, but gives the physicians and the president much concern. Mrs. McKinley has shown remarkable vitality, but her illness has so reduced her strength as to leave her very feeble indeed. It is feared that unless a change for the better soon manifests itself, her strength may become so near exhausted as to leave her without rallying power.

The news given out by the physicians in attendance today was not reassuring, though hope of better things still continues. After a consultation between the doctors the following bulletin was issued:

"Mrs. McKinley passed a comfortable night, but her condition has not materially changed since the report of yesterday." "There were no further consultations of the physicians during the day, but Dr. Rixey called later and spent some time with the patient. In response to inquiries from time to time the statement was made that there had been no change. President McKinley spent most of the day at the bedside of his wife, though late in the afternoon he went out for an hour's drive. He departed alone, but met Judge Watson, of Ohio, an old friend, on the way, and the latter accompanied him to the White House.

Dr. Rixey and Sternberg both were in attendance at the White House during the evening, although the latter did not remain very long. Dr. Rixey was at the mansion for over two hours and when he left for the night, shortly before 11 o'clock, he announced that at that time Mrs. McKinley was resting comfortably, as she had done all the afternoon.

Senator Elkins called on the president

during the evening and was with him for about 15 minutes.

May Be Reconciled.

CLEVELAND, June 2.—The Leader tomorrow will say:

I. D. Hazard, financial secretary of the Colonization and Social Settlement Department of the Salvation Army, is authority for the statement that negotiations are being carried on looking to a reconciliation between General William Booth and his son, Ballington. Father and son have been estranged for five years, the son having in the meantime organized the Volunteers of America. If the reconciliation is effected, it will mean Ballington's return to the Salvation Army and probably result in the abolishment of the Volunteers of America and its affiliation with the Salvation Army.

Does It Pay to Buy Cheap?
A cheap remedy for coughs and colds is all right, but you want something that will relieve and cure the more severe and dangerous results of throat and lung troubles. What shall you do? Go to a warmer and more regular climate? Yes, if possible; if not possible for you, then in either case take the only remedy that has been introduced in all civilized countries with success in severe throat and lung troubles, "Boschee's German Syrup." It not only heals and stimulates the tissues to destroy the germ disease, but allays inflammation, causes easy expectoration, gives a good night's rest, and cures the patient. Try one bottle. Recommended many years by all druggists in the world, and sold by Clarke & Falk. Get Green's prize almanac.

Certificates must be signed by F. W. Roberts, secretary, and will be issued only on any of the three days prior to opening day of the meeting, including the latter. If total attendance does not equal the requirements, holders of certificates will be sold return tickets at regular one-way rates.
