During these years some features have come into practice among business men that were not considered proper or necessary at that time. Among them is the scheme of profit-sharing or giving to some lucky customers a valuable present. I propose to do something in this line myself.

I will give away two presents-one, a year's subscription to any \$1 periodical desired, and the other, one copy of some of the famous pictures neatly framed, the customer can also make a choice of these as there are a number to

On June 5th the presents will be a fine Bible, a Webster's International Dictionary, one year's subscription to a \$4 periodical and one Boys' Baseball Set. The presents to be given away on July 6th will be announced later.

I hope to confine myself in these presents to articles in my own line so that I will not interfere with sale of goods in other lines. In addition I will give a dividend each month to the person who has purchased the most goods from me. On Jane 5th this will be \$5.00. You do not have to purchase fifty cents worth at one time to get a dividend check, as I issue certificates of sale for less amounts which can be exchanged for dividend check when they amount to fifty cents.
